Rapidement, la nouvelle s'est répandue sur les réseaux sociaux. Les publications pour lui rendre hommage se sont multipliées.

La communauté du dek hockey est en deuil en Mauricie. Hier soir, lors d'un tournoi au parc Martin-Bergeron tout juste à côté du Centre sportif Alphonse-Desjardins (CSAD) de Trois-Rivières, Zachary Bourassa, un gardien de but dans la jeune vingtaine, a perdu la vie.

Selon nos informations, il aurait été victime d'un arrêt cardiaque au début de la partie.

Des membres de sa famille et de son entourage avec qui Radio-Canada s'est entretenue ont mentionné que tout avait été fait pour le sauver.

Un défibrillateur était également disponible sur place pour aider aux manœuvres de réanimation en attendant l'arrivée des ambulanciers.

Une autopsie sera réalisée pour déterminer la cause de ce décès. Le jeune hockeyeur venait tout juste d'avoir 21 ans, en août dernier.

My Take...

This just happened on Saturday, Sep. 7, 2024, apparently 21-year-old Zachary Bourassa, hockey player from Quebec, suffered a cardiac arrest at the start of a tournament game.

I strongly suspect he had been forced or mandated to take COVID-19 mRNA vaccines in late 2021 at the age of 18 (as all Canadian athletes ages 12 and up were).

Drops dead without warning 3 years later at age 21.

I have been warning about the long-term effects of COVID-19 mRNA vaccines.

For my fellow Albertans, remember, the politicians know this is happening and they are allowing this to happen.

The Worldwide Corona Crisis, Global Coup d'Etat Against

Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project "destroys people's lives". He provides a comprehensive analysis of everything you need to know about the "pandemic" — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

"My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the "deadly" COVID-19 "vaccine". This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. –Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden "plandemic"; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
