The European (EEA and non-EEA countries) database of suspected drug reaction reports is [EudraVigilance](#), verified by the European Medicines Agency (EMA), and they are now reporting 50,663 fatalities, and 5,315,063 injuries following injections of EMA-authorized experimental COVID-19 shots as of February 25, 2023.

A *Health Impact News* subscriber in Europe ran the reports for each of the COVID-19 shots we are including here. It is a lot of work to tabulate each reaction with injuries and fatalities, since there is no place on the [EudraVigilance](#) system we have found that tabulates all the results.[1]

While the number of COVID-19 vaccine doses administered in Europe is decreasing, our

analysis determined that the Pfizer mRNA boosters for OMICRON BA.4-5 variants, and the Moderna mRNA boosters for OMICRON BA.4-5 variants, are causing a significantly higher percentage of fatalities among the cases reported than the original COVID-19 shots.

How were so many millions of people worldwide convinced to take an experimental “vaccine” that has now caused millions of deaths and injuries worldwide?

This was the largest propaganda campaign in the history of the human race, using FEAR to intimidate people into agreeing to be injected with a bioweapon, or in many cases, coerced.

WE MUST NEVER FORGET!

This is from [checkur6 on Bitchute](#), who puts some faces onto these cold, hard statistics, as young people continued to “die suddenly” through February, 2023.

Please do not allow your heart to become callous. Watch every minute of this video and the young people and children who are now dead, and allow yourself to weep for humanity, as I did when I watched this.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
