*A year ago, based on a series of facts that proved the existence of a plan similar to the one that served to unleash the “global war on terrorism”, and led to the invasion of Afghanistan and Iraq by the United States and NATO on September 11, 2001, Grandangolo ran with the headline “The 9/11 of the Middle East”.*

The plan carried out by Hamas on 7 October 2023 had been known for a year to Israel’s leaders, who were not surprised by the attack but facilitated it. This is confirmed by testimonies published in recent days by the Wall Street Journal of young female Israeli soldiers in charge of the electronic barrier around Gaza. The WSJ reports:

“For months, they had repeatedly warned their superiors that the militant Islamic group Hamas appeared to be preparing a major attack “.

## Was the Hamas Attack a “False Flag”?

“I served in the IDF 25 years ago, in the intelligence forces. **There’s no way Israel did not know of what’s coming.**

**A cat moving alongside the fence is triggering all forces. So this??**

What happened to the “strongest army in the world”?

How come border crossings were wide open?? Something is VERY WRONG HERE, something is very strange, this chain of events is very unusual and not typical for the Israeli defense system.

**To me this surprise attack seems like a planned operation. On all fronts.**

If I was a conspiracy theorist I would say that this feels like **the work of the Deep State.**

**It feels like the people of Israel and the people of Palestine have been sold, once again, to the higher powers that be.**

### [\*\*Is the Gaza-Israel Fighting “A False Flag”? They Let It Happen? Their Objective Is “to Wipe Gaza Off the Map”?\*\*](#)

Their concerns were ignored. At the time of the attack, the women issued urgent warnings to troops on the ground. They desperately called for help as more than 150 militants entered their base, about half a mile from Gaza. None came. The end result was the death of 15 female soldiers from this base and the transfer of seven to Gaza as hostages. From this and many other pieces of evidence, the “7 October” plan emerges: to make Israel appear surprised and thus forced to retaliate, to present as “defensive” the war of extermination with which Israel is destroying Gaza and the West Bank to wipe out the Palestinian state, with which it is attacking Lebanon, Yemen, Syria.

Indeed, Israel is the spearhead with which the United States and the European powers are trying to maintain their dominance by war in the Middle East, where they are losing ground.

The main target in their sights is Iran, which has become a strategic junction of the North-South transport corridor to India and beyond, with which Russia is thwarting the blockade imposed by NATO and the EU, and at the same time a strategic junction of the New Silk Road from China to Europe.

The consequences of attacking Iran, which Israel is preparing to do with the full military support of the USA and NATO, would be very serious. An attack on Iran’s oil installations would be the cause of a worldwide oil shock. Even more dangerous for the spread of radioactivity would be an attack on Iran’s nuclear facilities, which are under UN control because Iran has joined the Nuclear Non-Proliferation Treaty.

Israel, the only nuclear power in the region, has not and is therefore out of control.

### Reviews

“This book is a ‘must’ resource – a richly documented and systematic diagnosis of the supremely pathological geo-strategic planning of US wars since ‘9-11’ against non-nuclear countries to seize their oil fields and resources under cover of ‘freedom and democracy’.”

**-John McMurtry**, Professor of Philosophy, Guelph University

“In a world where engineered, pre-emptive, or more fashionably “humanitarian” wars of aggression have become the norm, this challenging book may be our final wake-up call.”

**-Denis Halliday**, Former Assistant Secretary General of the United Nations

Michel Chossudovsky exposes the insanity of our privatized war machine. Iran is being targeted with nuclear weapons as part of a war agenda built on distortions and lies for the purpose of private profit. The real aims are oil, financial hegemony and global control. The price could be nuclear holocaust. When weapons become the hottest export of the world’s only superpower, and diplomats work as salesmen for the defense industry, the whole world is recklessly endangered. If we must have a military, it belongs entirely in the public sector. No one should profit from mass death and destruction.
