The 18th anniversary of the attacks on 11 September 2001 (9/11) will be commemorated in the US and worldwide by the corporate media to keep the legend about 9/11 alive.

The official 9/11 narrative, however, is not only riddled with contradictions and outright lies, but any deviation from this fairy tale will cost any detractor his existence. “Conspiracy theorists” works like a weapon of mass destruction, meaning, nobody of the ruling class and their moral mainstream media enforcer will deviate one inch from the official story.

After 13 minutes, Osama bin Laden surfaced as the guy responsible for the attacks. President George W. Bush declared shortly after America is under attack”. The official account emerged within days and goes the following:

“On the morning of 11 September 2001 four civilian airlines with dozens of passengers and crew, designated as flights AA11, UA175, AA77 and UA93, were hijacked by teams of four or five Muslim fanatics. Each team included one trained pilot. The hijackers took control of the airliners and flew a Boeing 767 assigned to flight AA11 into the North Tower of the World Trade Center (WTC) in New York, another Boeing 767 assigned to flight UA175 into the South Tower and a Boeing 757 assigned to flight AA77 into the Pentagon. The fourth airliner, a Boeing 757 assigned to flight UA93, presumed to have been destined to crash on the White House, did not reach its target. It crashed in an empty field in Pennsylvania after the passengers rose up and tried to seize control of the aircraft. As a result of the impact of the aircraft on the Twin Towers and the ensuing fires, both towers collapsed soon afterwards onto their own footprint, causing massive deaths. Almost 3,000 people died in the attacks. Osama bin Laden and his al-Qa’eda network were shortly thereafter blamed for conceiving, planning, financing and coordinating the attacks.”

The swiftness of the fabricated account is remarkable; such is everything surrounding the context of 9/11. One can state with confidence that the story the peoples are made to believe is false from start to finish.

To start with the alleged hijackers for whom there is not a shred of evidence that they did it. The collapse of the Twin Towers caused by fire has been repudiated a thousand times. The Towers were brought down by controlled demolition, which pulverized the two 110 stories high-rises. Also, WTC 7 that wasn’t hit by a plane came down in free fall. Another airplane crashed into the Pentagon. This aerial maneuver couldn’t even be undertaken by the well-experienced pilot not to speak of amateurs who could hardly navigate a Cessna. Even more implausible was the disappearance of the United-Airlines flight 93 on a field near

Shanksville, Pennsylvania. There was just a whole, no debris, only nothing.

Within a month, the contaminated wreckage was sold abroad to prevent an investigation. From the beginning, the Bush/Cheney administration sabotaged any inquiry and curtailed its authorities. The cover-up, however, overseen by then FBI Director Robert Mueller, the infamous guy responsible for the solution of the Russian hoax against President Donald Trump. Bush was pressured by Congress and the public to appoint a commission of inquiry. He came up with the most dubious figure in US politics; Henry Kissinger. The outrage was long in the coming and Kissinger had to resign. On 17 December 2002, appointed former New Jersey Governor Thomas Kean as chairman of the commission. The Democrats nominated Lee H. Hamilton. The executive director of the 9/11 Commission was Philip Zelikow, the most untrustworthy figure Bush could find. He was involved in Bush's preemptive war strategy. Accordingly, the 9/11 Commission Report is not worth the paper it's written on. This storybook didn't waste a single word on the collapse of WTC 7.

Neither the witnesses who reported explosions during the collapse of the Twin Towers nor the witnesses who didn't see any debris in Shanksville were heart. Instead Zelikow ramp his premeditated report down the throat of the commission members. Finally, the commission was set up to fail and to cover up what really happened on 9/11. This report is just a joke but the world has no other choice than to believe in it.

9/11 was a propaganda-coup, unprecedented in history. "When the sun rose on New York and Washington on 11 September 2001, the official legend of 9/11 lay ready to be promoted worldwide. It was conceived before the events and confirmed by the U.S. Congress - give or take minor details - within 24 hours of the deadly incidents." Within hours, the entire world was led astray into believing what can be labeled an absurd tale. The author can't understand that the Western world swallowed "this legend hook, line, and sinker."

The main suspects of the heinous crime committed on 9/11 are not found in the caves of Afghanistan but in government offices in Washington. Elias Davidsson writes in his book "The Betrayal of America":

"Had the crime of 9/11 been carried out by rogue elements of the U.S. government or by a foreign state against the real interests of the ruling class of the United States and its allies, the plotters and perpetrators would have been exposed and punished long ago."

The disgusting spectacle designed as a horror show lasted 90 minutes just like an ordinary movie. The incident was intended to rally the Americans behind the flag and their President. And the media promoted the official account day in, day out. And even the leftists capitulated before this brainwashing. No one of the so-called left asked for evidence that Afghanistan or the Taliban had anything to do with 9/11. Even when counter-evidence surmounted against the legend of 9/11, the left kept mum and stuck to Bush's fairy tale. They also slandered respectable critics.

Instead of celebrating the myth about 9/11, the American public and peoples around the world should demand an independent investigation into 9/11. The curtain of lies about this organized crime, which plunged the world into an endless war on terror aimed at the peoples of the so-called Third World, must be lifted.

As long as military, intelligence and law enforcement officials worldwide cooperate with the rulers of the murderous U.S. regime or its stooges in other countries the physical security of ordinary citizens is in danger.
