If any of my readers are still brainwashed about 9/11, they need to attend this conference. Tickets are still available.

A 2-Day Symposium | Sept. 10-11, 2016 | Cooper Union New York City

Fifteen years after the events of 9/11, wars and cultural conflicts caused by the U.S. response and questionable alliances continue to create global tensions. Furthermore, questions of how the attacks took place continue to surface. For these reasons, a historic event highlighting the blatant discrepancies of the official narrative will be held to critique science-based evidence of the most consequential event of our time. A stellar lineup of credentialed experts will also review new evidence of a cover up such as is revealed in the declassification of the 28 pages, and raise the bar - literally, with an unprecedented level of legal analysis. As you'll see, this event has an international component, since 9/11 was such a world-changing event. Full details and tickets are at www.911justiceinfocus.org.

The Day 1 Program will feature:

- Keynote address by renowned public interest attorney, Daniel Sheehan, who litigated the Pentagon Papers case, the Karen Silkwood case, Iran/Contra scandal, and Three Mile Island

- Richard Gage, AIA, founder of Architects & Engineers For 9/11 Truth, which currently has over 2,600 professionals from the building trades as signatories
- Professor Leroy Hulsey, from the University of Alaska, who is conducting a unique, unbiased, independent modeling of the collapse of WTC 7
- Unique analysis of ISIS, the latest on the secret 28 pages and related legislation which has begun to reveal the official deceptions and questionable geopolitical alliances to the widest audience ever reached in this 15-year effort
- The 9/11 Truth Action Project - the next level of national organizing

Speakers include:

- Presentation of Legal Standards and Key Evidence
