NATO War Agenda](#)

Foundations and corporations do not support truth-tellers. American foundations underwrite war and US imperialism. Foundations support subversion of countries that are not Washington's puppet states. Your website has no foundation support, no corporate support; it only has your support.

I have been around for a long time and have experienced more than most. The current situation in my experience is the most dangerous time of all for humanity.

Nuclear weapons are no longer restrained by the Cold War MAD doctrine. Washington has released them into pre-emptive first strike form.

The targets of these pre-emptive strikes—Russia and China—know it, because Washington proudly proclaims its immorality in public documents describing its war doctrine.

The result is to maximize the chance of nuclear war. If you were Russia and China, and you knew that Washington had a war doctrine that permits a surprise nuclear attack, would you sit there waiting while Washington cranks up its anti-Russian and anti-Chinese propaganda machine, demonizing both countries as a threat to “freedom and democracy”?

The fools in Washington are playing with nuclear fire. Noam Chomsky points out that in a less dangerous time than currently exists, we came very close to nuclear war. https://philosophynow.org/issues/107/Noam_Chomsky_on_Institutional_Stupidity

Harold Pinter, one of the last Western intellectuals, understood the danger in Western arrogance. He denounced the West's crimes and called for the crimes to be subject to established law before it is too late for humanity.

“We have brought torture, cluster bombs, depleted uranium, innumerable acts of random murder, misery, degradation and death to the Iraqi people and call it ‘bringing freedom and democracy to the Middle East’. How many people do you have to kill before you qualify to be described as a mass murderer and a war criminal? One hundred thousand? More than enough, I would have thought. Therefore it is just that Bush and Blair be arraigned before the International Criminal Court of Justice.” Harold Pinter, 2005 Nobel Prize Acceptance Speech.

“An Iraqi Holocaust” by Gideon Polya <http://www.countercurrents.org/polya230315.htm> and “Genocide In Iraq” <http://www.countercurrents.org/polya150315.htm> provide abundant evidence for convicting Bush and Blair.

Dr. Gideon Polya is a professor of science in one of Australia's leading universities. He has a moral conscience, something increasingly rare in the Western world.

His articles are based largely on the just published by Clarity Press two volume heavily documented *Genocide in Iraq* by Abdul-Haq Al-Ani and Tarik Al-Ani. Abdul-Haq Al-Ani is a British-educated lawyer with a Ph.D. in International Law and a Ph.D. in electronics engineering. Tarik Al-Ani, is an architect, translator, and researcher.

Currently I am reading the two-volume work and intended to review it. But Professor Polya's articles suffice as an introduction to *Genocide in Iraq*. Washington has committed a terrible crime in our name. Washington not only murdered Iraq, Washington has murdered the Middle East. Washington and its despicable vassals—"the Coalition of the Willing"—are responsible for a Middle East Holocaust.

For people in the Anglo-American world who have a moral conscience, the facts are soul-wrenching. The populations of the countries whose governments comprised "the Coalition of the Willing" are contaminated with war crimes committed by their governments in the Iraq Genocide. A progressive modern state was obliterated, and 2.7 million Iraqi people were murdered.

The crime was covered up with propaganda that demonized Saddam Hussein and created fear of nonexistent weapons of mass destruction.

The Iraqi genocide was based on a lie, and both Bush and Blair knew it. The two satanic leaders simply decided to destroy a people who they first demonized and marginalized.

Cheney and the neocons continue to justify the genocide and the illegal torture regime that they created in order to produce fake "terrorists" as a justification for their war crimes. The Western media, especially the New York Times, is also complicit in the Iraqi Genocide as are the insouciant Western peoples themselves who stood by cheering while millions of people were destroyed on the basis of a blatant and transparent lie.

What does the West represent? Greed? Lies? War? Torture? War Crimes? Selfishness, Intolerance? Destruction of life on earth?

The "Christian" West is a master at propaganda and self-deception. Look at the evangelical churches. They support a criminal, inhumane regime while professing to be followers of Christ.

Look at American "conservatives." They support the militarized police state. They support the routine police murders of dark-skinned American citizens. They support every war Washington dreams up and even more. Indeed, there are not enough wars for the satisfaction of Congressional Republicans who now want war with Russia and with Iran.

Look at the Republicans in Congress and in state governments. They hate the environment. They love polluters. They worship Israel and Israel's destruction of the Palestinians and the ongoing theft of the Palestinians' country, a 60-year old activity. Just look at the map of shrinking Palestine. More is stolen each day.

Washington has supported this theft of an entire country. Yet, Washington is able to masquerade as a great defender of human rights. Whose rights? Washington's and Israel's. No one else's rights count.

How does the world survive the American-Israeli aggression? Probably it will not. The evil is now directed at Iran, Russia, and China. These countries cannot be bombed year after year after year with no consequences to the bombers.

Iran is limited in its destructive ability. But Iran could destroy Saudi Arabia and Israel. Russia and China can destroy the US and all of Washington's vassal states. The intensity of Washington's propaganda war is driving the world to destruction.

How can it be stopped when Putin himself says over and over that Washington continually ignores every thing that the Russian government says. Putin is the peacemaker. Every peace proposal he brings is ignored by Washington whose response is to beat the drums of war louder.

Unless European governments recognize the danger in Washington's aggression and dissolve NATO, planet earth hasn't long to live.

The American public needs to understand the consequences of Washington's illegality and criminality. On the one hand it means that those subject to Washington's aggression have to endure war crimes, but on the other hand it means a growing hatred for America. As Washington's easy targets are used up, Washington engages countries that can reply to force with force.

Unless the neoconservatives are ejected from the Obama regime and banned from inclusion in any future American government, mushroom clouds will go up over Washington, New York, Boston, Atlanta, Los Angeles, San Francisco, Seattle, Dallas, Houston, St. Louis, Cleveland, Chicago. The American mid-west, which hosts the ICBM silos, will become uninhabitable except by cockroaches.

Americans, and the populations of the American puppet states, desperately need to understand that Washington is incapable of speaking the truth about anything. Washington is an evil force. Washington is Sauron. Washington is Satan.

Look at Iraq. Look at Afghanistan. Look at Libya. Look at Syria. Look at Somalia. Look at Ukraine. Nothing but destruction comes from Washington. Will life on earth be Washington's next victim?
