Django Unchained actor Keith Jefferson has died at the age of 53.

The news was announced by close friend and former co-star Jamie Foxx, on Instagram.

Foxx, 55, shared a devastating tribute, explaining that it would 'take a long time to heal' following his loss.

Alongside a photo of them posing together, he wrote: 'This one hurts. Keith, you've been nothing but absolute grace, your whole life your heart is pure your love is immeasurable you were an amazing soul.'

Jefferson's cause of death has not been confirmed, but it comes two months after he revealed that he had been diagnosed with [cancer](#).

Sep. 30, 2023 - 35 year old Egyptian actor, director Ahmed Samy El-Adl died suddenly on Sep. 30, 2023 from cardiac arrest due to pulmonary embolism.

## Young Egyptian actor, director Ahmed Samy El-Adl dies of cardiac arrest

Ahram Online , Saturday 30 Sep 2023

Ahmed Samy El-Adl, a Young Egyptian actor and director and the son of the late prominent actor and producer Samy El-Adl, died on Saturday morning due to sudden heart failure, his family announced.

His condition was likely connected to [previously detected blood clots in his lungs](#) which were a result of a prior COVID-19 infection, according to his family.

The young filmmaker, who was in his thirties, was set to undergo surgery to treat the clots affecting his heart performance.

Ahmed El-Adl hailed from a renowned family of artists.

Egyptian society is in deep mourning after the sudden demise of the promising director, Ahmed Sami Al Adl. The young director's death has sent ripples of shock and sorrow through the nation's entertainment industry. Al Adl, who was just 35, was the son of the late actor Sami Al Adl and the artist Magda Nour El Din.

### A Promising Talent Gone Too Soon

Ahmed Al Adl was renowned for his contributions to the directing team of several works, including "Gamila", "El Hesab Yegma'a", "Nesr El-Se'eed" and "Ded El Kasr". He also showcased his acting prowess in a number of other works such as "A'az El Weld", "Haret el Yahoud", and "Fo'a Mustawa el Shubuhah". His immense talent and potential were evident in his contributions to the Egyptian entertainment industry.

### Condolences Pour In

The news of Ahmed Al Adl's death was announced by his sister on social media, which was met with profound sadness. Media personality Lamis Al Hadidi was among those who expressed their condolences. During her program on the 'on e' channel, Al Hadidi described the news as painful and shocking, highlighting the significant impact Ahmed Al Adl had on those around him.

### Cause of Death

While the exact cause of death has not been officially confirmed, [it is believed that Ahmed Al Adl suffered from lung clots](#) and had contracted COVID-19 twice, causing significant damage to his lungs. His sister, Israa el-Adl, confirmed these details in press statements following his death.

A former Ms Fitness USA winner and Real Chance of Love contestant has died at age 50 after a fall, sources have said.

Pioneering fitness model Ahmo Hight passed away on Tuesday morning after reportedly falling on the ground and hitting her head.

View more on Instagram

Former Ms Fitness USA winner and *Real Chance of Love* contestant Ahmo Hight has died at the age of 49. Hight passed away on the morning of Tuesday, Aug. 29 of what is believed to have been a blood clot after she reportedly fell and hit her head, pro-bodybuilder Chris Cormier, who is the father of the VH1 star's son, confirmed to *Generation Iron*. Hight would have celebrated her 50th birthday on Sept. 18.

According to Cormier, the incident occurred while Hight was leaving a marketplace. The fitness model slipped and fell, causing her to hit her head. Hight did not go to the hospital after the fall. Cormier said that the following day, Hight woke up without an appetite before going back to sleep. She died at around 9 a.m. on Aug. 29. Although an official cause of death has not yet been determined, Cormier said medical professionals believe Hight may have suffered a blood clot caused by the initial injury.

Aug. 15, 2023 - 40 year old Broadway actor and star Chris Peluso died suddenly on August 15, 2023. Cause of death not released but possible neurological injury as he recently sought treatment for schizoaffective disorder.

Broadway actor Chris Peluso has died at the age of 40.

The stage star — best known for his roles in “Mamma Mia” and “Wicked” — died suddenly Aug. 15. The sad news was confirmed by his family to [Playbill](#), but no cause of death has yet been revealed.

Peluso is survived by his wife Jessica Gomes, and their two children, Aria Li and Caio Lian.

His alma mater, the University of Michigan, shared an emotional tribute to the entertainer earlier this week.

“The Michigan Musical Theatre family is heartbroken as we announce the passing of our dear family member/alum, the loving, charismatic, and divinely gifted Chris Peluso,” Linda Goodrich, interim chair of the school’s musical theatre program [penned on Instagram](#). “Our hearts go out to his family.”

Peluso had many stage acting credits to his name, including the Broadway productions of “Assassins,” “Lestat,” “The Glorious Ones” and “Beautiful: The Carole King Musical.”

Aug. 3, 2023 - 47 year old actor Clifton Oliver died on August 3, 2023. He was battling “an illness” and had spent the last six weeks in a hospital and then hospice. His illness has not been revealed. Probably cancer.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig*

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the*

*shutdown of the global economy. -David Skripac*

*A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin*
