A group of airline professionals have banded together to fight back against mandatory COVID-19 vaccination mandates. They call themselves the “[U.S. Freedom Flyers](#).”

[From their website:](#)

US Freedom Flyers currently encompasses all travel and transportation-affiliated industries, including all employees, unionized or not, who are affected by the Federal Government’s Covid-19 Vaccine Mandates. Whether you’re a pilot, flight attendant, mechanic, dispatcher, gate agent, or ramper, **we have room for you!**

In addition, we seek to be an inclusive organization contributing to the support of other industries. If you are in other transportation industries, such as shipping, trucking, bussing, etc. please join our organization! If you are in an industry other than transportation and travel, we welcome you also, and want to collaborate with you to help preserve our medical freedoms!

They have teamed up with Leslie Manookian of Health Freedom Defense Fund, George Wentz of Davillier Law Group, and Airline Professionals For Justice (AP4J) to fight back against mandatory COVID-19 shots for the airline industry.

US Freedom Flyers is a group of transportation industry employees who have come together to fight federal and state mandates which aim to strip Citizens of their right to medical freedom. Together, in partnership with Health Freedom Defense Fund and The Davillier Law Group, we lead to preserve Informed Consent and defend Constitutional rights.

In addition to our federal mandate fight, we have teamed up with Airline Professionals For Justice (AP4J). AP4J was founded to support our diverse work groups in the airline industry and we believe in individual and religious liberty and bodily autonomy. We will put our very livelihoods on the line to resist being coerced into taking a vaccine to

which we object, by requesting genuine religious and/or medical exemptions as guaranteed under Title VII of the Civil Rights Act of 1964. We understand that we have the right to request “reasonable accommodations” in lieu of the vaccine AND that these accommodations, by law, cannot place an undue hardship upon the company.

US Freedom Flyers is all of us: anyone who cherishes the freedom to move about the country and the world. From passengers to crewmembers, and everyone in between, this movement is for you, your neighbors, your family and your friends!

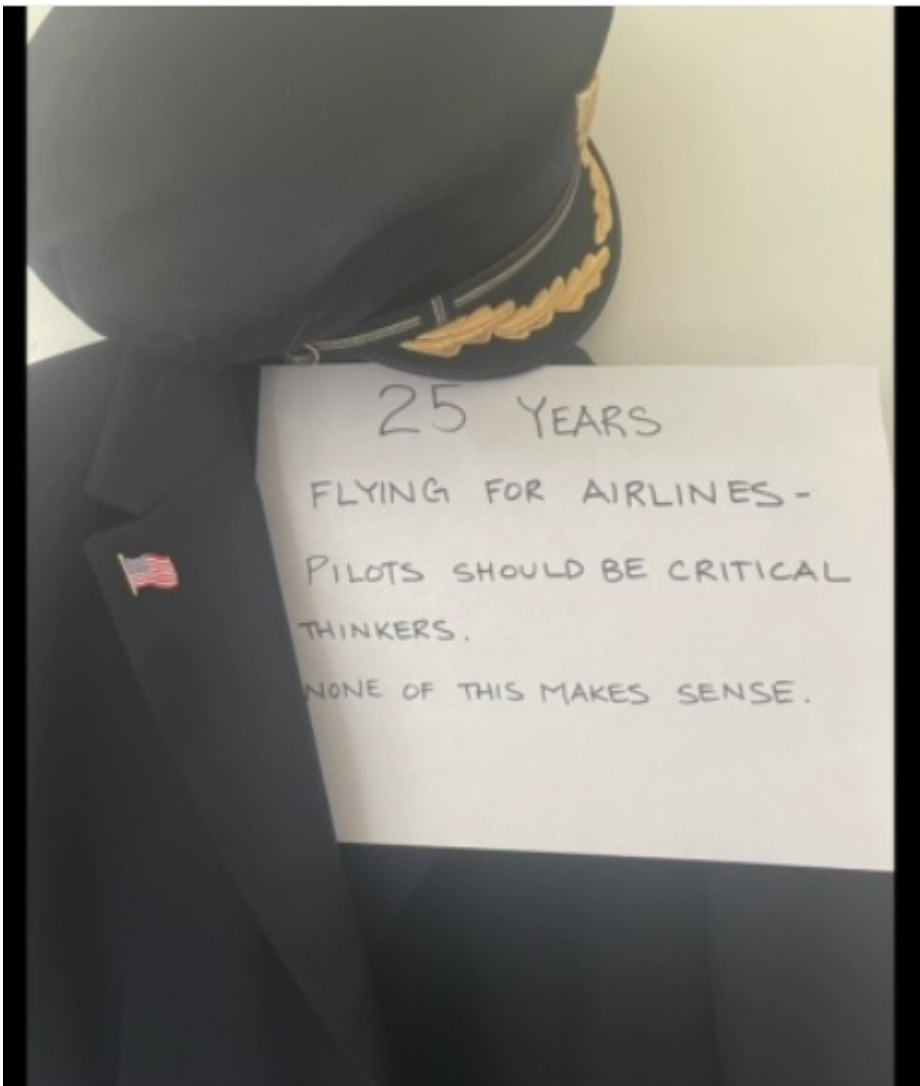

Whether your travel is by plane, ship, train, taxi or your own car, our mission is the same: to protect your inalienable freedom to move freely without government hindrance based on your vaccination status. Now is the time for all of us to remind policy makers of their duty to uphold the Constitution.

TOGETHER US FREEDOM FLYERS WILL DO JUST THAT.

We are a group of transportation professionals representing the air, rail, and trucking industries who are spearheading efforts to protect medical health freedom. Our goal is to push back against the US government’s threats of vaccine mandates for private businesses. We know this effort is not simply a matter of employees versus companies, but citizens opposing illegal and tyrannical mandates by the US government. ([Source.](#))

These Freedom Flyers have just published a video with written messages from more than 60 of them, ranging from ramp agents, to flight attendants, to pilots and captains, to even a “senior vice president.”

The pictures fly by fast in the video, as there are over 60 of them, so you will need to hit “pause” often to read them all. Here are a few of them we screen captured.

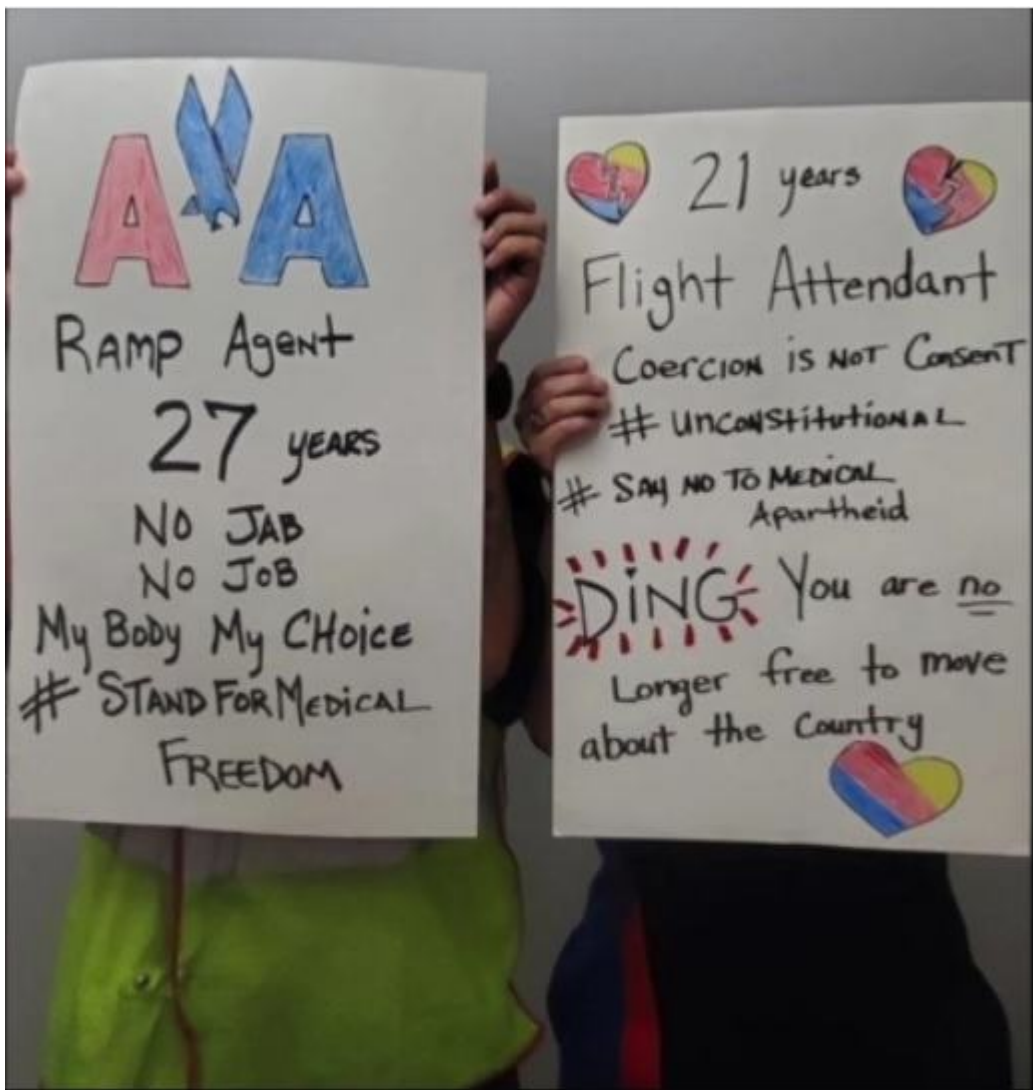

25 YEARS

FLYING FOR AIRLINES -

PILOTS SHOULD BE CRITICAL
THINKERS.

NONE OF THIS MAKES SENSE.

You trust me with your
130 million dollar jet and
thousands of passengers
but not with my own personal
health choices?

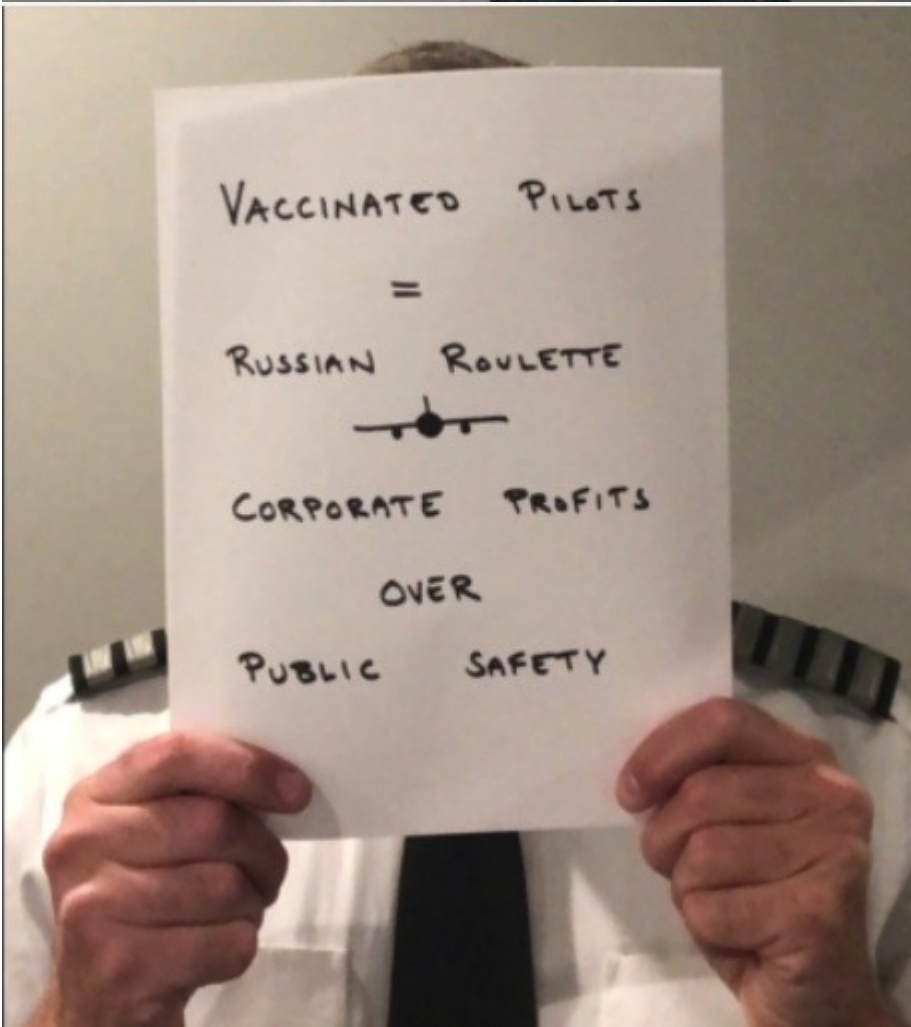

SENIOR VICE PRESIDENT

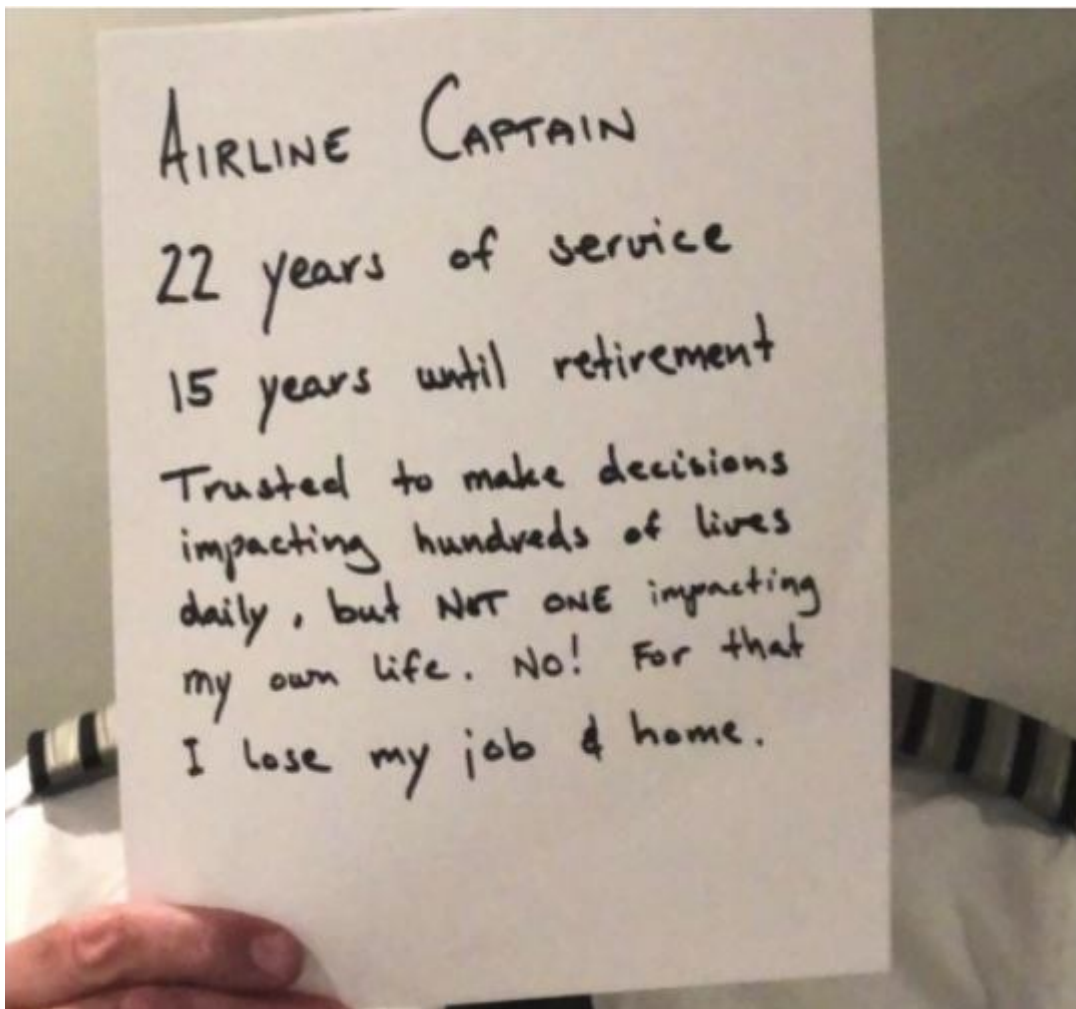

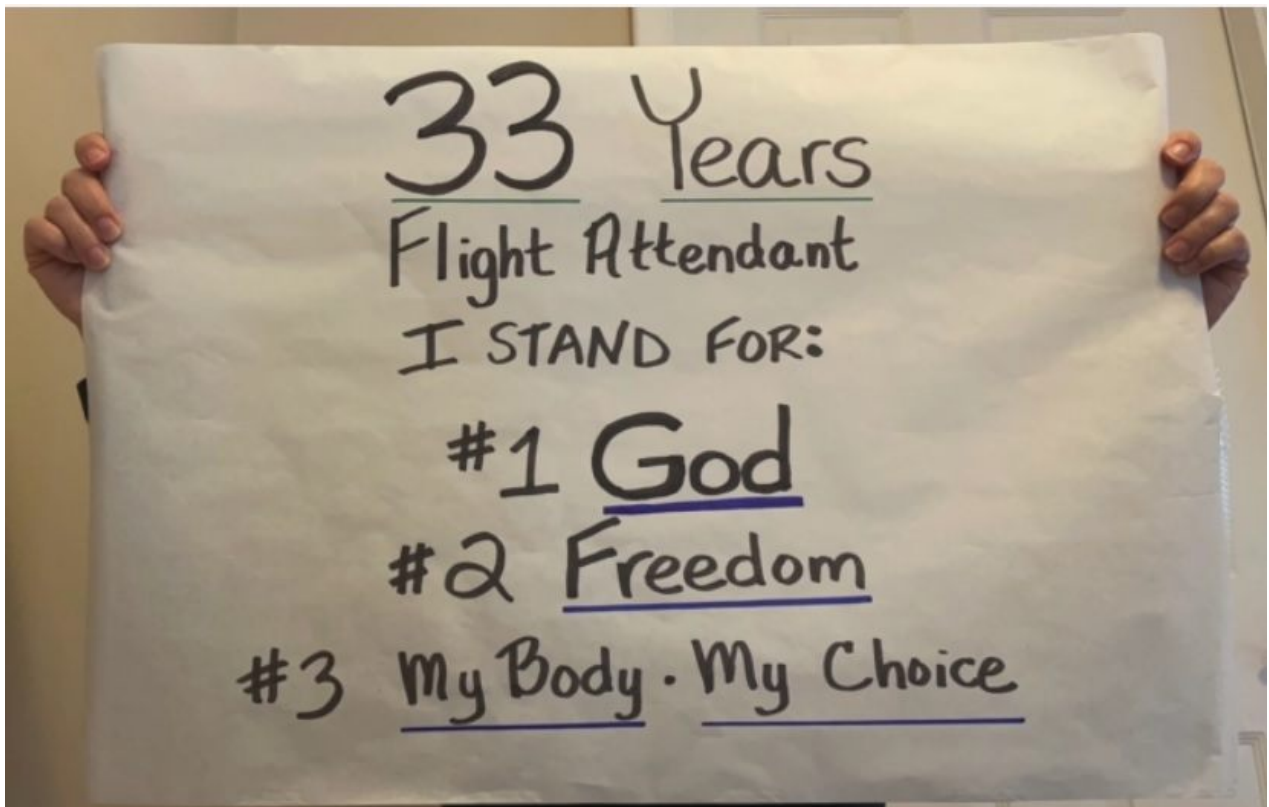

EMPLOYED WITH MY CURRENT COMPANY FOR 7 YEARS

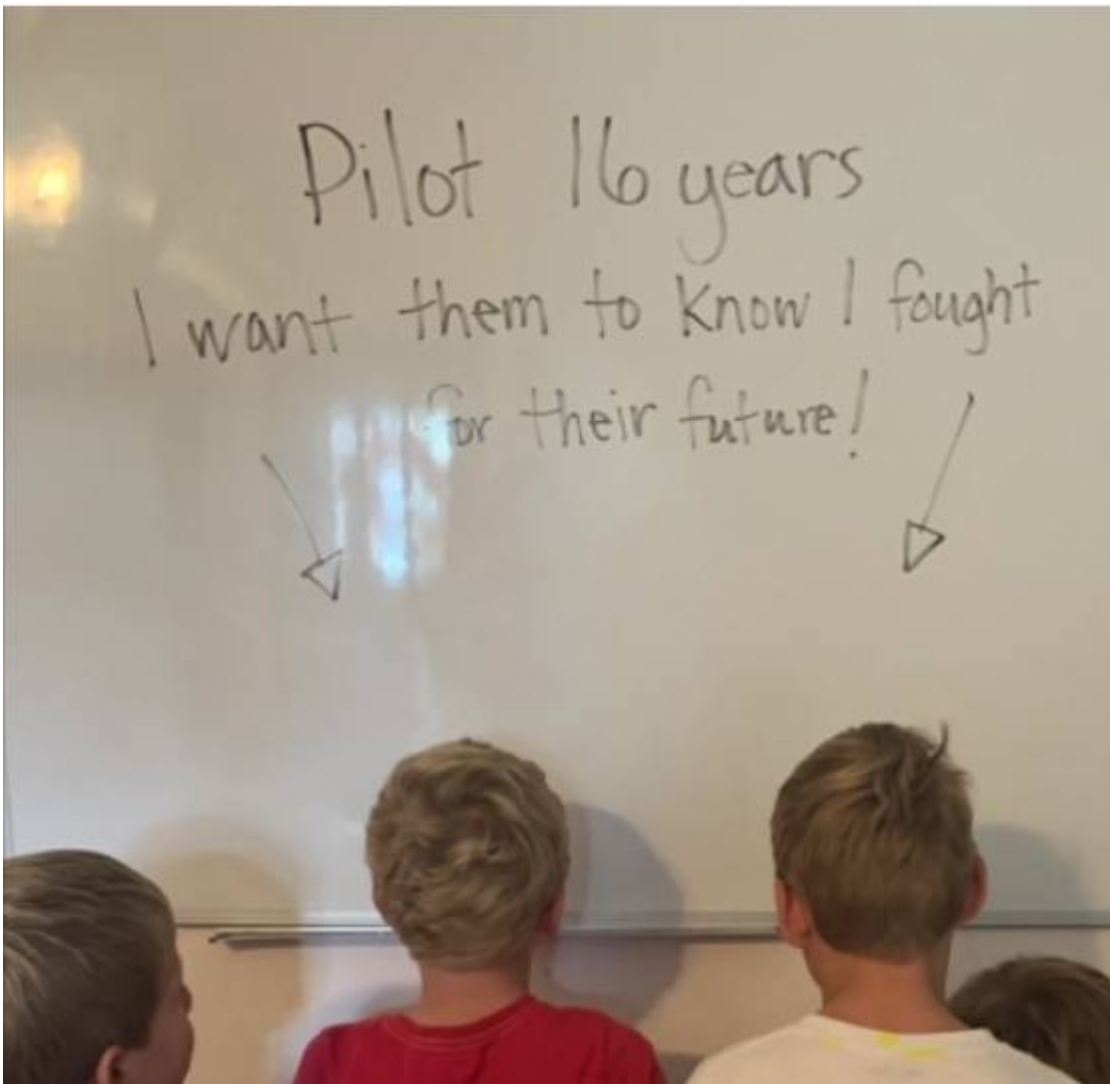

REFUSING THE SHOT BECAUSE:

- I CAN READ AND UNDERSTAND SCIENTIFIC DATA
- I PERSONALLY KNOW MORE PEOPLE WHO HAVE DIED OR BEEN INJURED BY THE SHOT THAN FROM COVID
- THIS SHOT IS NOT A VACCINATION BY DEFINITION
- THIS SHOT IS NOT APPROVED BY THE FDA
- THE MORE PROPAGANDA THE GOVERNMENT PUSHES, THE MORE I DISTRUST THEM
- MANDATORY SHOTS ARE A VIOLATION OF MY PERSONAL FREEDOM AND BODY AUTONOMY
- UNDER THE GENEVA CONVENTION I HAVE THE RIGHT TO INFORMED CONSENT

I DO NOT CONSENT
