Hello:

On behalf of Premier Danielle Smith, thank you for your email.

Any claim suggesting that the Premier or anyone in her office had any involvement in these legal proceedings is categorically false. As Premier, she is not permitted to interfere in the administration of justice.

If you have any questions about the independent judicial process and how that works, we would refer you to the ministry of justice at ministryofjustice@gov.ab.ca.
Thank you.

"Categorically false"

She's doubling down and won't stop until she puts me in prison.

Look at what she said recently about the Canadian Trucker protest at Coutts:

But don't worry.

I have a plan.

Premier Danielle Smith,

Why are you persecuting Dr. William Makis MD and trying to jail him? He has been trying to save lives after this Covid vaccine agenda was unleashed on your people of Alberta.

Please tell me you are not like the other Big Pharma controlled government representatives and you'll stop this persecution of a man who is one of the few with the courage to speak out about the danger of these experimental vaccines.

I look forward to your response.

Dear Danielle Smith,

In these troubling times where right is wrong and wrong is right, you have been a beacon of hope for many Canadians. I am an RN in BC (forced to retire) and have been watching you in hopes that you can start to change the direction of this country and fix the mess we are in.

Another person I watch with great hope is Dr. William Makis. His dedication to the Canadian people at great cost to himself is truly remarkable. He is disciplined in thought and his integrity is beyond reproach. Sometimes the truth hurts but it needs to be said all the same. We have very few heroes in Canada right now and we need to protect and support those we have. Is it really true that you would like to see him imprisoned? That can't be. You're not on the "wrong is right" team are you?

I pray for wisdom, discernment and courage for you Premier Smith, that you will go after the truly evil people in positions of power. Do not be fooled by their lying tongues and black hearts. Leave our heroes alone. Or better yet, support Canadian heroes at every opportunity because your voice matters.

With respect,

Greetings Premier Smith;

I'm writing to you from Ontario. It has come to my attention that you and or your office are working with Alberta Health Services to imprison one Dr. William Makis MD (oncologist) for 83 days.

On what grounds? This man has worked tirelessly to expose the unprecedented and harmful side-effects and deaths the Covid mRNA jabs have caused unsuspecting Canadians and others. This is not conspiracy mongering but science backed by hard facts and solid evidence. Additionally, Dr. Makis' credentials as a scholar are impeccable. He has had over 100 peer reviewed articles published in prestigious medical journals across the planet.

Furthermore, he is a caring physician who has used his vast knowledge in oncology to advise people who are suffering from cancer on how to get better -with considerable success. And this is how he and ostensibly his family are being treated? With the threat of imprisonment. ??? With respect Mam, that is shameful.

Premier Smith I was excited and happy when you became leader of Alberta believing that you were going to stand for what is right and good for the people of your province and by extension your fellow Canadians. And then I came across this news that has left me deeply disappointed and yes even hurt.

It is behaviours like this that contribute to "brain drain" and drive some of our best talent out of Canada. I kindly ask that you rectify this situation and work towards ending the persecution of Dr. Makis.

May I politely remind you that as a top writer on substack, this man not only has friends and admirers here in Canada but all over the world who are watching. Let us not further embarrass our country as we clearly were embarrassed with the persecution of the trucker convoy.

Thank-you for your time.

Sincerely,

Dear Danielle Smith,

I assume you know about the actions taken by the Alberta Health Services and the College of Physicians & Surgeons against Dr Makis. In short this is wrong. We need to support Dr. Makis to make Alberta healthy again. Dr. William Makis is one of the worlds most competent, honest and courageous doctors who is respected and followed on a global level.

He is a Doctor who is made of sound knowledge, heart, and integrity. To hear that our government is directing prison orders is beyond comprehension. Over the past four years I have lost so much faith in our systems and question how they operate. People like Dr. Makis provide hope. This innocent man who stands for truth and health requires protection, not senseless persecution! We must protect Dr. Makis and his family who have been under threat from these entities.

I implore you and your team to do the right thing, clean up the AHS, and stop all attempts to prosecute Dr. Makis.

Canada and Alberta need him.

Thank you,
[REDACTED]
