*I wrote this to Alberta mom Jessy Roos, an NDP activist, about pediatric COVID-19 mRNA vaccines.*

*I don't have the original post. I assume it was something about promoting mRNA vaccines in children.*

Jessie Roos  
It is such a deeply selfish position to take that you should be free to do whatever you want but others can't be free to stay away from you. Choose what you like, but understand that if this pandemic has taught us anything, it's that no person is an island. Our personal health choices have an impact on those around us and if you don't want to get vaccinated you can at least understand why others might not want to be around you.

## Honouring JJ: Support the Roos Family

Tamara Schroeder is organizing this fundraiser on behalf of Jessie Roos.

On December 23, the Rooses unexpectedly and tragically lost their 10-month old baby, Jesse (JJ) Marvin Roos, born February 9, 2024.

Last year at this time, they excitedly anticipated the arrival of the newest member of their family, and now, as they prepare to start 2025 without their sweet boy, we want to come together as a community to support them.

## The Tragic Story

10-month old Alberta baby **Jesse (JJ) Marvin Roos** died suddenly on **Dec. 23, 2024** after his parents took him to get flu and contaminated COVID-19 mRNA vaccines last month.

I have to say something here.

This is a vaccine death until proven otherwise

**On June 17, 2024, some of the best doctors in the world got together with UCP MLA Eric Bouchard and warned Premier Danielle Smith's government about the dangers of having contaminated COVID-19 mRNA vaccines on Alberta's childhood vaccine schedule.**

**We were ignored.**

[@DrTrozzi](#)

[@JesslovesMJK](#)

[@CShoemakerMD](#)

Dr. Byram Bridle and Dr. Eric Payne and myself.

We were all ignored. Every single one of us.

**We were attacked and defamed by Alberta's mainstream media and ignored by "alternative media".**

**We were attacked by UCP Minister of Health [Adriana LaGrange](#) who came out in defense of child abusers embedded in the healthcare system.**

I presented the fact that there are over **500 VAERS pediatric sudden deaths documented after Pfizer or Moderna COVID-19 vaccines.**

I was viciously attacked.

There are dozens of pediatric sudden deaths after Influenza vaccines.

**I know the mother of this 10-month old baby, Jessy Roos, hated me and had me blocked. She was an NDP activist.**

Thousands of leftist Alberta moms like her have attacked me online for four years straight.

They have attacked me and my family viciously, some of them wishing death on me. Others wishing harm on my kids.

But I don't care if you're left or right wing, if your baby is at risk, I am fighting for the safety of all your babies. In Alberta. In Canada. Around the world.

To the leftist activist moms, wake up.

No matter how much abuse I get, we are trying to prevent your babies from dying suddenly from contaminated injections.

Maybe one day you'll figure that out.

Maybe one day you'll figure out who the real villains are.

It's not us.

**The villains are the ones injecting your babies.**

**The villains are the ones telling you it's safe and effective.**

The villains are the people you love, adore, respect and vote for.

**And to the Alberta politicians who played politics with the lives of Alberta children, whether you're NDP or UCP, I hope these child deaths will haunt you for the rest of your lives.**

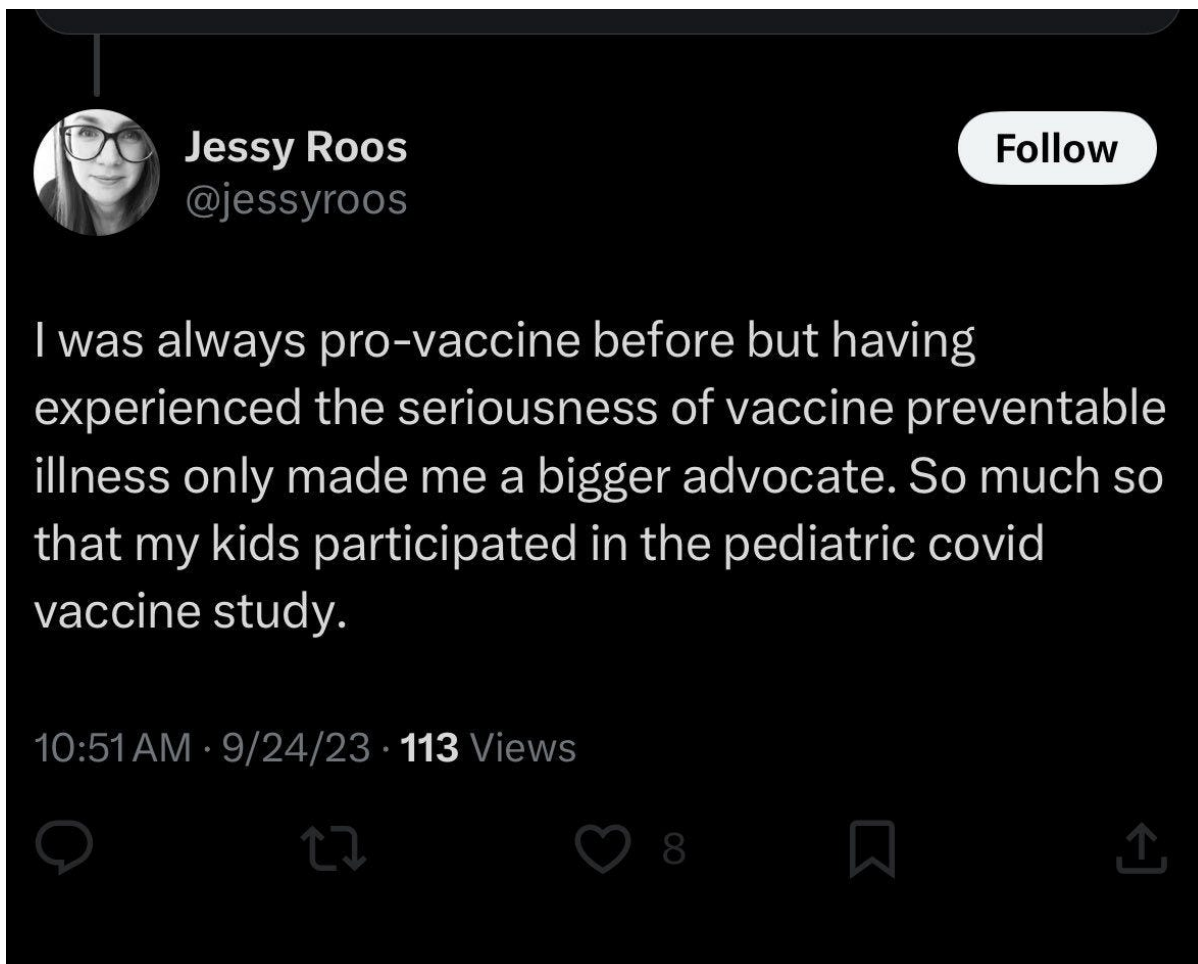

**My Take...**

**I warned Jessy Roos about the dangers of COVID-19 mRNA vaccines in children back in January 2022.**

She didn't listen. Now her 10-month old baby is dead, one month after getting both Influenza and COVID-19 mRNA vaccines, both extremely dangerous for kids.

Jessy Roos: August 2021: "And if you don't want to get vaccinated, you can at least understand why others might not want to be around you."

And now your 10-month old baby is dead, Jessy. Do you understand now?

Words cannot begin to describe the enormity of our loss. Our sweet baby Jesse is gone and nothing will ever be the same.

I'm deeply grateful for every person who has held us in their hearts, reached out, or provided support.

## **The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity**

**by Michel Chossudovsky**

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### **Reviews**

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig*

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac*

*A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –Edward Curtin*
