Millions of people have been misled regarding the causes and consequences of September 11.

When people across the US and around the World find out that Al Qaeda is not an outside enemy but a creation of US foreign policy and the CIA, the legitimacy of the bipartisan war agenda will tumble like a deck of cards."

Across the land, the image of an "outside enemy" is instilled in the consciousness of Americans. Al Qaeda is threatening America and the world. The repeal of democracy under the Patriot legislation is portrayed as a means to providing "domestic security" and upholding civil liberties.

The 9/11 Commission Report destroys the historical record of US covert support to international terrorism, while creating the illusion that America and "Western Civilization" are threatened. In turn, the various terrorist warnings and code orange alerts have created, across America, an atmosphere of fear and intimidation.

Synopsis

According to Chossudovsky, the “war on terrorism” is a complete fabrication based on the illusion that one man, Osama bin Laden, outwitted the \$40 billion-a-year American intelligence apparatus. The “war on terrorism” is a war of conquest. Globalization is the final march to the “New World Order”, dominated by Wall Street and the U.S. military-industrial complex.

September 11, 2001 provides a justification for waging a war without borders. Washington’s agenda consists in extending the frontiers of the American Empire to facilitate complete U.S. corporate control, while installing within America the institutions of the Homeland Security State.
