Clear evidence shows Washington uses ISIS and other terrorist groups as imperial foot soldiers in Syria, Iraq and elsewhere. Its so-called war on terror is a complete hoax, the media perpetuating the myth.

Iraqi parliamentarian **Awatif Naima** accused US forces of “expanding their heliborne operations in Huweija, Beiji and Sharqat...with the goal of assisting the ISIL terrorist group.”

Iraqi forces witnessed airdrops of weapons, munitions, food and other supplies. Instead of combating ISIS, Pentagon commanders directly aid its fighters.

Last fall, Iraqi forces seized large amounts of ISIS-supplied US weapons, munitions and other military hardware, including anti-armor, anti-tank TOW missiles, as well as shoulder-launched, man-portable, surface-to-air missiles (SAMS) defense systems (Manpads) able to down helicopters and low-flying aircraft.

Naima’s outspokenness leaves her vulnerable. She said “an unidentified armed group assaulted me and MP for the coalition of state law Haider Mawla and directed their weapons at us” – taking Haider “to an unknown destination.”

She demanded Iraq’s Interior Ministry investigate to determine who was behind the incident. Does Washington want her and other US critics terrorized and silenced – to facilitate its war OF terror?

Why Prime Minister Haider al-Abadi continues supporting Washington’s plot to destroy his country he’ll have to explain, using, not combating ISIS terrorists, wanting Iraq balkanized into a Kurdish north, Shiite south and Sunni center.

Iraqi popular forces coordinator Jafar al-Jaberi also accused Washington of airdropping weapons to ISIS terrorists in areas they control – as well as recently liberated ones to encourage them to keep fighting.

Earlier, Iraqi forces downed two UK planes carrying weapons for ISIS in Anbar province. Iraqi parliament security and defense committee chief Hakem al-Zameli said he has photographic evidence of both downed planes and their military cargoes.

He explained Baghdad gets virtual daily reports about US-led coalition weapons and

munitions airdrops to ISIS terrorists.

According to Anbar Provincial Council head Khalaf Tarmouz, weapons made in America, Europe and Israel are regularly delivered to ISIS fighters.

Caches were discovered. Eyewitnesses provided evidence. Iraqi parliamentarian Jome Divan calls the so-called US-led coalition "an excuse for protecting the ISIL and helping the terrorist group with equipment and weapons."

Everyone knows it, Haider doing nothing to publicly expose and try stopping it, as well as turning to Russia for support, what many Iraqi parliamentarians urge.

Last fall, US Joint Chiefs Chairman Joseph Dunford warned Iraqi officials against accepting Russian help, saying they'll lose so-called US aid - supporting, not combating ISIS.

On Thursday, Dunford arrived back in Baghdad for meetings with Abadi and US ambassador Stuart Jones - vowing more of the same kind of US help doing more harm than good.
