

America's "Successful" Lying War Propaganda. "Vladimir Putin, The Blood Thirsty Fiend"

By [Eric Zuesse](#)

Global Research, February 26, 2015

Theme: [Media Disinformation, US NATO War Agenda](#)

First: [There's the reality](#) of how the Malaysian MH17 airliner was shot down by the Ukrainian Air Force, as instructed by Barack Obama after he had failed to get the EU sanctions he wanted against Russia, and there has also been the reality of how the West's 'news' media covered that reality up.

Then: Here, below, is documented by Radio Free Europe, Radio Liberty, the success of it all, actually being bragged about, at their online site, ["Radio Free Europe," "Radio Liberty": under the title 'Pariah' Putin On Post-MH17 Magazine Cover Pages](#) (Published 28 July 2014)

"In the wake of the downing of Malaysian Airlines flight MH17, widely attributed to Moscow-backed separatists in eastern Ukraine, many magazines and newspapers around the world issued damning indictments against Russian President Putin, portraying him on their covers as a bloodthirsty fiend, a pariah, a liar, and a murderer."

The public is manipulated by outright lies which consist in demonizing the enemy.

Here is how the Western Media demonizes the Russian president.

And that's just print-media magazines. The same is being done in [radio](#), [TV](#), and the [blogosphere](#).

How can democracy be possible in a nation like that?

The public are manipulated by lies, all supporting the aristocracy's agenda; and two political Parties are financed by that same aristocracy, to use different sales-pitches for their shared agenda — never to expose the aristocracy's agenda as being what it is: one in which the aristocracy exploits and uses the public, retaining the profits for itself, while transferring the losses off onto the public, thereby producing ever-increasing already-astronomical wealth-inequalities, and reducing governmental services to the public (which are reduced because more and more of government's taxation-income is going toward absorbing the aristocracy's accumulated load of losing bets, and toward paying ever-rising interest on the government's resulting increasing debt-load).

Is a nation like that a democracy?
