In-depth Report: [PALESTINE](#)

Is Hamas that Stupid ... Or Are They Being Framed?

The West looks at Hamas as the aggressor in Gaza, because of the numerous rockets fired into Israel.

But undercover Israeli soldiers [admitted](#) in 2005 to throwing stones at other Israeli soldiers so they could blame it on Palestinians, as an excuse to crack down on peaceful protests by the Palestinians.

And Israel blamed Hamas for the kidnapping and murder of 3 Israeli boys, but later [admitted](#) that Hamas wasn't responsible.

In addition, Israel [admits](#) that an Israeli terrorist cell operating in Egypt planted bombs in several buildings, including U.S. diplomatic facilities, then left behind "evidence" implicating the Arabs as the culprits (one of the bombs detonated prematurely, allowing the Egyptians to identify the bombers, and several of the Israelis later confessed) (and see [this](#) and [this](#)).

Indeed, countries from around the world have [admitted](#) to carrying out "false flag" attacks by killing their own people, and framing their enemies for the attacks.

Hamas has repeatedly denied launching rockets against Israel violating brokered ceasefires. For example, Hamas denied firing rockets:

- [Yesterday](#)
- [Last week](#)
- [2 weeks ago](#)

Hamas has certainly admitted to firing rockets in the past. And some Gazans have made statements to reporters showing that they are *completely* out of touch with reality. For example, one Gazan said that – by firing rockets – the world would have more empathy with the Palestinian position.

But the question is whether Hamas is stupid enough to do so in the face of brokered ceasefires ... or whether at least some of the rocket attacks are false flags in order to discredit the Palestinians.

Postscript: In any event, the Washington DC based non-profit group The Jerusalem Fund

has documented that [Israel breaks far more ceasefires than Palestine](#).
