One of the biggest obstacles we have faced in the last three years has been the difficulty in obtaining data by which to know the truth - data which has not been twisted, falsified, or kept secret. Collecting and compiling this crucial information has always been the job of government agencies. Of course, they are not being helpful in providing the population with data we need, which would contradict or undermine the government narrative and objectives.

For a reason I do not understand (since most governments worldwide are pushing the same agenda), there has often been more opportunity to obtain useful data from **outside** the US. In these articles, information from Australia paints a devastating picture of the destruction that the governments have wrought on their populations.

Exhibit A: (Excerpted from piece published today on The Expose, link below.)

Secret Australian Government Data confirms the Country suffered a devastating 5162% increase in Excess Deaths in 2022 compared to the height of the COVID Pandemic in 2020

Secret data, strangely given to the [Organisation for Economic Co-Operation and Development \(OECD\)](#) by the Australian Government, confirms the first 38 weeks of the year 2021 saw a shocking 1,452% increase in excess deaths following the rollout of the Covid-19 injections compared to the same period in 2020.

Sadly, as the months passed, the situation only worsened.

By 2022, the nation was hit by a devastating blow following the repeat rollout of the Covid-19 injections, with a shocking 5,162% increase in excess deaths in the first 38 weeks of the year, compared to the first 38 weeks of 2020 which was the alleged height of the alleged Covid-19 pandemic.

But instead of the people of Australia being in shock and disbelief at this devastating increase in excess deaths, they are carrying on with their lives, none the wiser as to what has happened.

Why?

Because their Government and the Mainstream Media have so far refused to reveal the devastating truth, and are instead publishing and broadcasting propaganda and lies on a daily basis.

The data reveals the following:

Australia suffered 11,068 excess deaths in 2021 and then a shocking 22,730 excess deaths by week 38 of 2022. This is in stark contrast to 2020, when only 1,306 excess deaths were recorded during the alleged height of the Covid pandemic and prior to the rollout of the Covid injections.

[Source Data](#)

This means Australia suffered a shocking 1,640% increase in excess deaths in just 38 weeks throughout 2022 compared to 53 weeks throughout 2020.

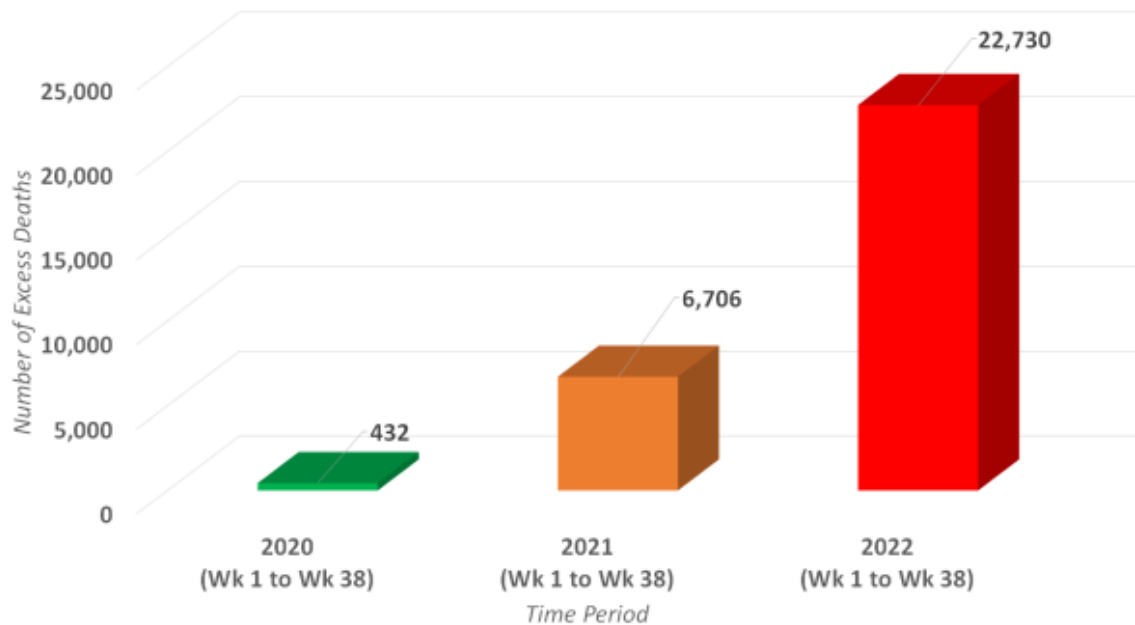

But if we compare the data available on excess deaths in 2022 against the first 38 weeks of 2020 and the first 38 weeks of 2021, we are able to reveal the true severity of the situation in Australia.

As we know, Australia suffered a shocking 22,730 excess deaths by week 38 of 2022.

But according to the same data provided by the Australian Bureau of Statistics to the [Organisation for Economic Co-Operation and Development \(OECD\)](#), Australia suffered 6,706 excess deaths by week 38 of 2021, and only 432 excess deaths by week 38 of 2020.

[Source Data](#)

This means Australia suffered a shocking 1,452% increase in excess deaths in the first 38 weeks of 2021 following the rollout of the Covid-19 injections compared to the first 38 weeks of 2020, at the alleged height of the Covid-19 pandemic, and prior to the rollout of a single Covid-19 injection.

But the above numbers pale in comparison to the tragic situation that unfolded throughout 2022.

[Source Data](#)

Australia suffered a shocking 5,162% increase in excess deaths in the first 38 weeks of 2022 following the repeat rollout of the Covid-19 injections compared to the first 38 weeks of 2020, at the alleged height of the Covid-19 pandemic, and prior to the rollout of a single Covid-19 injection.

These aren't independent estimates. They are official Government of Australia authorized figures. And further figures published by the UK Government strongly suggest Covid-19 vaccination is the biggest contributing factor to this huge rise in excess deaths across Australia.

The very thing that you were told would end the alleged pandemic and put a stop to the alleged huge rise in deaths across the world in 2020, has ended up having the opposite effect.

Instead of reducing deaths, COVID vaccination has increased deaths exponentially.

Exhibit D: Exclusive: 2X higher death rate post-vax in Australia nursing home!

Steve Kirsch wrote in January: ***I invite every fact checker in the world to fact check me on this one. I have the name of the facility. It's critically important that this be validated so that the world is informed of the risk.***

He says:

After I [posted a story of a large geriatric practice in the US which experienced a 2X increase in all-cause mortality post-vaccine](#) (all of the excess deaths were attributed to the vaccine), I received an even more extraordinary story of a nursing home in Australia where [the death rate post-vaccine more than doubled](#) after the vaccines rolled out (from 3 to 4 per year to at least 24 over a 12 month period) which killed 33% of the residents of the facility:

I have first-hand experience in my mother's nursing home in Melbourne, Australia. They have an average resident occupation of around 75 in a facility with 80 rooms. Between September 2021 and August 2022, they lost at least 24 residents, my mother was number 23 (no deaths are listed for October, but there is reason to believe there were deaths). So they lost 1/3 of their residents in 12 months. Normally they would lose 3'4 per year .I'm sure that, like my mother, they would have been at least boosted once. They used to publish a newsletter that listed departures,, deaths, but that stopped in October 2021, when they reported 2 residents dying in September. I wonder why they stopped publishing? The only reason I k ow all these people died, was that in September 2022 they held memorial service for all that had died in the previous year. They presented a photo of each with date of death. In the week that my mother died August 2022, 4 others died. Thus total number of deaths is off the charts. No wonder my mother's room was still vacant 2 weeks after her death.

Steve says: I am in contact with the poster and have the name of the nursing home where this took place.

Fact checkers can reach out to me at the [Contact me link](#) and I'll get right back to you!

But let's not stop there.... let's give these fact checkers even MORE data to explain away!

Do you know whether the death rates in your local nursing home went up or down after the vaccine? If you do, then...

[Please fill out this survey.](#)

And let's see if these nursing home anecdotes are a fluke or the norm!

I've never had a nursing home that would share this data with me, they all clam up and cite HIPAA compliance as their (completely lame) excuse for not sharing mortality numbers, so I have a suspicion that I'm right.

Have you ever heard of a nursing home touting lower all-cause mortality post-vax? I haven't. Let's see if anyone has.

The [formal survey results can be viewed here.](#)

(This nursing home survey was published in January. Steve has all the responses on the link above. Here's the first one, for example.)

Very confident

Notes

I'm quite confident in my responses and have access to all the charts of the deceased. Ive been there since April 2022 and the numbers of deaths are astronomically higher than I've ever seen in my career.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
