For those who thought it was only nations “far away of which we know nothing” which the Obama, Clinton and Bush regimes, Tony Blair in Britain and his declared “heir” David Cameron destroyed – in the guise of bringing them the now dreaded “freedom, liberation and democracy” – this political cartoon is a wake up call for “We the people” of the United States and it’s United Kingdom lapdog.

prevent people from thinking and conceptualizing, from analyzing facts and challenging the legitimacy of the inquisitorial social order which rules America.

Peaceful dissent becomes heresy.

Acceptance of poverty, social inequality and the police state for “the good of mankind” is the consensus. “The American people have spoken”.

The objective is to create an atmosphere of fear and insecurity, with a view to upholding the New World Order.

And that is only beginning.

(Michel Chossudovsky)
