On the Friday before Russian Orthodox Easter, the Poroshenko-Yatsenyuk [U.S.-coup--installed](#) Ukrainian Government attacks on all fronts on April 9th, to continue their [extermination-campaign](#) against the residents of [the area, Donbass, that refuses to accept the coup-government that was installed by the U.S. when the Ukrainian President whom 90% of those residents had voted for was overthrown by the U.S.](#)

This bare-faced violation of the Merkel-Hollande-arranged Minsk truce would not happen without Obama's approval. He is choosing to have this done on Russian holy days in order to intensify the provocation against Russia. Obama is thus going all-out now to provoke from Russia a sending-in of Russian army troops and air power in order for Obama to have a pretext to go to war against Russia, his real target "in order to defend an ally" (which has been trying to exterminate the residents in the area that won't accept Obama's imposed rule).

The following reports are from Fort Russ:

The entire evening of April 9 there was a battle in the village of Spartak and near Peski. The punishers used artillery guns, tanks, mortars, heavy barreled artillery. Under the cover of artillery, the enemy attempted to seize the positions of the militia in Spartak and near the airport. During the battle, this attempt was severely suppressed.

Also suddenly the positions of the militia near the town of Yasynovataya were attacked. There was a battle using small arms. To the West of Petrovsky district of Donetsk working mortars are also heard, as well as grenade launchers and heavy machine guns.

According to a resident of Dokuchayevsk, "Locals demand that the militia do not leave them alone and hold positions at any cost, women are hysterically crying, saying that Ukrainians will go into the city and start a massacre. Older women bless the passing trucks with soldiers and pray for the victory and a speedy liberation to the district from the Ukrainian troops".

Over Donetsk about a dozen enemy drones were spotted, one of which was shot down near the Lidiyevka mine.

The militia is put on full alert and is ready for a full-scale attack of the enemy.
