[Big Tech's Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

The entire world, Christian, Jewish and Muslim has watched horrified as an alleged criminal leader has ordered his occupying force of US-armed, state military to kill or injure over 100,000 mainly civilian women and children in Gaza - with planes, drones, gunships, missiles, bombs, white phosphorus and shells, in an orgy of revenge for the Hamas massacre in the Israeli kibbutzim, of October 7th.

And as they fill the mass graves of bloodied, blackened bodies with their embedded American bullets, the global community and the United Nations are impotent in stopping this mass slaughter of civilians. However, notwithstanding this international opprobrium, POTUS Biden and his US Congress continue to supply the bombs and bullets to sustain this crime against humanity - watched by an astonished and incredulous billions of ordinary people, on television, around the world.

And, as yet another child and mother are killed, global resentment and anger are now increasing exponentially and directed at the attacking Israeli forces and their American arms supplier. And that anger is morphing into increased antisemitism as the international community erroneously believes that Jewish populations in the US, Canada, France, Argentina and Britain are equally responsible for these war crimes as are the actual perpetrators, the Likud revisionist Zionist government of Israel.

The tragic consequence is that this damaging hatred is now increasing by the day, causing extensive damage to national Jewish communities in general, with the fear that this hostility will endure for generations, if not, forever. As for Israel itself: it will reap the whirlwind of Netanyahu's legacy.

History will be scathing in its verdict on duplicitous, weak US and UK governments that, in the 21st century, succumbed to the machinations of the political lobbies and turned a tiny, 75 year-old, outlier state into a dangerous nuclear power that provided the spark for the

inferno that consumed the Middle East and then Europe and beyond.
