As I reported recently, now that it can no longer be denied that the Covid "vaccine" causes death and a large variety of serious health effects, Big Pharma and its shills are adjusting the narrative.

A "study" was done admitting the adverse effects of the "vaccine" but pronouncing them to be "rare." See [this](#).

Next, Bloomberg Misinformation attributed the deaths and damaged health to Covid, not to the "vaccine." [Here is Jason Gale](#) spinning the facts away from the "vaccine" to Covid itself:

"I've not seen any data or research in peer-reviewed journals proving that immunizations caused a quarter of a million excess cardiovascular disease deaths in the US. Only the opposite — that they saved millions of lives."

This is an amazing statement considering that the evidence is so overwhelming that Big Pharma shills are now trying to close down or discredit the vaccine adverse effects reporting system: see [this](#).

Harvard University, which has turned out to be another lie factory, has been forced to drop its "vaccine" mandate, but continues to "strongly recommend" that faculty and students "stay up-to-date" by taking the boosters. See [this](#).

Harvard has followed up by firing one of the rare medical scientists who got the story right

from the beginning. Dr. Martin Kulldorff [explains](#):

“I am no longer a professor of medicine at Harvard. The Harvard motto is Veritas, Latin for truth. But, as I discovered, truth can get you fired.”

In American universities today, telling the truth, along with using the wrong pronouns, are about the only things that can get you fired. As long as you lie in the interests of donors you are safe.

As I have noted, there are no public or private institutions that we can trust, least of all scientists and universities receiving grants from Big Pharma and medical regulatory agencies such as the FDA, NIH, CDC, WHO, which essentially are revolving doors with Big Pharma. Dr. Fauci at NIH actually was a co-owner of patents with Big Pharma. University research across the board is contaminated, because it is financed by the military/security complex, Big Pharma, corporations, and foundations with agendas. The way to be successful in American universities today is to serve these agendas. Harvard hides behind its motto-“Truth”-but as Dr. Kulldorff reports truth is what gets you fired. Money has as thoroughly corrupted scholarship as it has the character of the American people.

Today the focus of research and investors is artificial intelligence, which is technology devised for controlling the thoughts and behavior of humans. Enserfment, not liberation, is the agenda of artificial intelligence. We are being herded into a world in which controlled explanations will become our reality.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying PCR test - which to this day is being pushed on a majority of people who have no clue. His conclusions are evidenced by renown scientists.

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
