"He didn't expect such opposition, he fully realized that messing with people's lives is not as easy as putting a virus in a computer. Around the world thousands of people are looking for evidence to put him in court."

Il ne s'attendait pas à une telle opposition, il a pris pleinement conscience que jouer avec la vie de gens n'est aussi facile que de mettre un virus dans un ordinateur. Dans le monde entier des milliers de personnes cherchent des preuves pour le mettre devant un tribunal. pic.twitter.com/sUpBADy8qZ

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
