A reliably well-informed resident in the area that Obama's Ukrainian regime is ethnically cleansing (i.e., exterminating and/or expelling) has informed this reporter (and all of this source's previous reports to me have subsequently turned out to be true):

"Kiev is attempting to blow up a chemical plant that will destroy a 600 KM diameter/ 300KM radius of area — every living thing.

The largest battles of the war are starting today or tomorrow. I may not be able to update you. Lyashko wants to make our area bloody. He said it hasn't been hit enough to feel it yet."

The object of the Ukrainian Government's campaign is to produce as many residents there fleeing into Russia as possible, so that the voting-base that had elected the pro-Russian Ukrainian President whom [Obama overthrew in February](#), Viktor Yanukovich, will no longer be Ukrainian voters.

Oleh Lashko, the person my source is referring to, is a convicted embezzler who then became a leading parliamentary member of the "Bloc Yulia Tymoshenko," led by the woman whom Obama had initially expected would become elected on 25 May 2014 as Ukraine's new President. She was also known as "the Gas Princess," due to her having skimmed billions from Russia's gas-sales to the State. But another oligarch, Petro Poroshenko ("the Chocolate King," and also a shipbuilder), became elected President instead, because Tymoshenko was too far to the right even for most of the voters in Ukraine's northwest. (There were only few people voting in the southeast after [Obama's coup](#), because the post-coup regime had already begun its campaign to exterminate them by the time of the May 25th election.)

The pro-Hitler portion of Ukraine during World War II was the country's northwest. Ukraine's southeast tended to prefer Stalin's rule instead. After the end of communism, the southeast sought closer ties to Russia, whereas the northwest sought closer ties to "the West," but came to be led actually by CIA-backed admirers of the pro-Hitler Ukrainian Stepan Bandera, whom Hitler's forces imprisoned when it became clear that Bandera sought to establish a pro-Nazi independent Ukraine, and Hitler's forces insisted instead on Ukraine's total subjugation.

When Obama took over Ukraine in the February 2014 coup, his agent Victoria Nuland placed

at the top of the new Ukrainian Government the leaders of Ukraine's two nazi (or "pro-Nazi") Parties, Right Sector, and "Freedom" or Svoboda (formerly called the Social Nationalists, but the CIA instructed them to change that name), both being led by Yulia Tymoshenko's ally Arseniy Yatsenyuk.

The [exterminations of the residents in the southeast](#) started on May 2nd and are continuing. Obama's people call the residents there "terrorists," because those residents overwhelmingly oppose the Obama-installed leaders and seek to establish their own autonomous republics instead, or else to become part of Russia; but, in any case, [not to be ruled by Obama's Ukrainian regime](#).
