Dzhokhar Tsarnaev Suffered a gunshot wound to the throat when he was arrested; how convenient that he can now, no longer speak.

His brother, Tamerlan Tsarnaev, was arrested after being ordered to remove all his clothes, and He Was ALIVE, and NOT INJURED when he was taken into custody...

Now he is dead, and seriously mutilated; SINCE he went into full custody...Video of his arrest here:

So tell me, how did he die, WHILE in custody, and how did he become so badly injured during his death; again, WHILE in Custody! His death photo [here](#) (WARNING - VERY GRAPHIC)

No Miranda Rights for either brother, No right to an attorney, No rights to even try to prove their innocence. This is a sham of our Judicial system, and becoming more and more of a blatant cover-up, right in front of us. Our government uses "Patsies," like Oswald, and then they are suddenly dead, so the investigation is closed, and the government can get away with yet another crime against the citizens.
