## My Take...

More strange deaths among these high level athletes. Collapsed in the gym, in the street, heart attacks, brain bleeds.

Boxers ages 16, 18, 19 dying. Men and women.

Undefeated boxers dying. Boxers dying during a CHARITY EVENT (shouldn't happen), boxers dying during SPARRING SESSIONS (shouldn't happen).

Some of these incidents are very much consistent with COVID-19 vaccine injuries that are occurring in other athletes, and young people in general.

Until proven otherwise.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
