

Is Switzerland Sliding into Dictatorship? Social Coercion, Privileges to Those Who Accept the Covid Vaccine

Has Helvetia Chosen to Exclude the "Refuseniks"? With proof of vaccination, you can eat in restaurants, attend concerts, etc. "The first human right is the right to life." Wang Yi.

A secret paper from the Swiss Federal Council (Swiss Executive) was leaked to the Swiss Newspaper "[Der Blick](#)" divulging that the Federal Council is considering granting owners of restaurants, theatres, cinemas, and more, as well as private event organizers, the right to allow access to those people only, who have had their corona virus shots.

In addition to the Blick, Swiss Radio and Television (SRG) repeated this news item in the morning of 23 February. SRG, the Swiss fear-inducing propaganda broadcasting system, also linked so-called "**corona deniers**" to alleged "anti-Semitism", referring to an article in Swissinfo, "[Covid Pandemic Fans Flames of anti-Semitism in Switzerland](#)". Anti-Semitism has often been used to intimidate free opinions that run counter the official narrative.

If this dictatorial and discriminatory idea is passed as a law, Switzerland would be one of the first countries to grant special privileges to those who have accepted being vaccinated against a virus that DOES NOT REQUIRE ANY VACCINATION to be defeated, as there are many excellent cheap and decades-old remedies that, for example, have helped China to master the corona virus – without a vaccine.

Such coercion runs totally against an individual's *universal* right to decide on his / her own, over his or her body and on how to manage his or her health.

Nobody has the right to infringe on an individual's choice and even less so, to link societal privileges to such bodily intrusions.

Mind you, this "secret document" may have been "leaked" on purpose, as a *trial balloon* to test the people's reactions. Unfortunately, the Swiss are so tremendously indoctrinated by 24 x 7 of fear-invoking covid-propaganda that the majority may say – YES, *let's go for the vaccination privilege*. In other words, another break in societal solidarity – divide to conquer.

It would be coercion, indirectly forcing the population to accept a "vaccine" that is not really

a vaccine, but an inoculation, also called “gene therapy”. Switzerland offers so far only the *Moderna* and *Pfizer-Pfizer-BioNTech* injections, and *AstraZeneca* is under consideration.

These are mRNA-type remedies that may affect the human genome. Any distortion of human DNA may be passed on to future generations. The effects of such DNA distortions may be life-hindrances and cannot be “healed” or corrected.

Long-term effects of these mRNA-type injections may only be known in one to several years. Short term “side-effects” have already shown death rates, way above those considered “normal” with traditional vaccines.

Strangely, none of the traditional vaccines from Russia – Sputnik V – and China – Sinopharm – are available in Switzerland, or in most European countries. – Why?

The traditional vaccines are simply based on the injection of a weakened virus that will trigger the human immune system and create antibodies as soon as the individual comes in contact with the virus, in this case, the covid-virus. This method has been known and experienced for decades and it is successful.

More important, a vaccine is really not needed to combat the corona virus. There are several traditional medications that have worked wonders in patients. For some obscure reasons they are outlawed, ordered by higher authorities way above us, the common humanity, those self-declared “authorities” – call them the Deep Dark State, or the Globalist Cabal. These “authorities” have placed themselves, *at once*, above the governments of the 193 UN member countries, who all were brought under the spell of this SARS-CoV-2, alias Covid-19 man-invented virus.

There are, of course, hundreds of billions, if not trillions, of dollars involved in the worldwide vaccination programs. But that cannot be the only reason for this worldwide plandemic tyranny.

What could be other reasons why everybody, i. e. the entire world population, about 7 billion people, [according to Bill Gates](#), has to be vaccinated, “before the world can go back to normal” – Vaccinated against a virus that is not more harmful than the common flu – see Covid-19 – Navigating the Uncharted – **Anthony S. Fauci**, NIAID / NIH 28Febr2020 in [NEJM](#)?

Could this vaccination-drive be linked to the

objectives of the World Economic Forum's (WEF) Great Reset? – Linked to the Great Reset's objectives that run in parallel with the UN Agenda 2030 – a ten-year period in which humanity should be totally reformed, with a new ultra-neoliberal economic model, where only a few mega-wealthy elitist oligarchs, including those that control the all-powerful media domineering social platforms, have control over a vastly reduced world population?

Could it be the beginning of **an all-digitized Brave New World (Aldous Huxley, 1932)**, under a One World Order (OWO) which would be fully in control of each individual, including control of each human's resources, incomes, whether he or she behaves according to the OWO's rules, deciding whether he or she eats? – Even electromagnetic brain control – making “transhumans” out of humans – which may be the purpose of installing hurriedly, *by night and fog*, 5G antennas?

Back to the Swiss Federal Council's weighing in on giving preference treatment for vaccinated people – this would not only be a discriminatory decision; it would clearly be a coercion for “vaccination”. Such acts are against Human Rights and against the Swiss Constitution.

The Blick newspaper referred to the “leaked” document as a “confidential debate paper” from the Federal Department of Home Affairs (Ministry of Interior), under which falls the Department of Health – created “to give the population an incentive to be vaccinated”.

Incentive or coercion?

“The government has decided to allow special treatment according to vaccination status, without any additional legal basis”, Blick said.

The document reportedly states that while public institutions such as public transportation and hospitals wouldn't be able to treat those who have been vaccinated differently from people who haven't had their shots, private establishments “should be able to give preferential treatment to vaccinated people”, according to Blick.

If proof of vaccination is shown, immunized people can eat in restaurants, attend concerts and other events that would be closed to others. Vaccinated people would still need to wear masks in shops and on public transport, the Blick reports.

For more details on this horrendous step towards tyranny, see [this](#).

Swiss President, **Guy Parmelin** [already said](#) that “*in the future, anyone who wishes to travel will need to be vaccinated*”.

In order for the Swiss Federal Council to take such drastic decisions, the Parliament has to be deactivated – which is only the case in a state of emergency, akin to Martial Law. This would be health-induced Martial Law.

And mind you, it would likely be just a first step to more – much more – oppressive, coercive and dictatorial actions.

Think about it! What is behind such radical actions – for a virus that has a mortality rate of between 0.03 and 0.08%, very similar to the annually appearing common flu? See [this](#). (Anthony Fauci et al)

However, the “leaked” document states that a **system of privileges would not be implemented immediately**, and “can only be applied if the majority of the adult population has the opportunity to be vaccinated. This should be the case from May or June [2021] at the latest”.

At which point there is hope that the (i) Swiss population has attained herd immunity, (ii) Swiss Parliament revokes its “deactivation” – and stands up for the old values of democracy that gave Switzerland for many decades a stellar reputation, and / or (iii) a majority of Swiss rejects this tyranny, protests and resists by any means they find – peacefully. As aggression inspires aggression and Peace inspires Peace.
