Former **Congressman Dennis Kucinich**, a Democrat, has delineated the real problem about what’s going on in Washington, DC, and the *deliberately created political kabuki theater regarding President Trump*. Kucinich says *President Trump is under attack by “Deep State” bureaucrats who want to take out Trump!*

Governor Mike Huckabee, a Republican, congratulates Congressman Kucinich for his openness and willingness to discuss the issue in a level-headed manner, something that seemingly is not prevailing in the roiling political landscape of ‘Get President Trump at any and all costs’.

Granted, **President Donald J. Trump** may not be their cookie-cutter-genre president to play according to the Deep State’s dictates; however, it is the Deep State individuals Congress, any and all Independent Counsels, plus all of Washington, DC, should be going after to identify, as those individuals—whoever they are and at whatever levels, bar none—need to be identified, neutralized and prosecuted legally, if we ever are to stop having war after war after war.
