*CENSORED PODCAST - June 29, 2023 - UFC Fighter Anthony Smith (who fought for the Light Heavyweight title against Jon Jones) was on former UFC Fighter Michael Bisping's "Believe you me" Podcast recently ([click here](#)).*

"When my mom passed...she got sick immediately after getting her booster. She was fairly healthy, but she got sick immediately after that. So, she got her booster and was in a coma in like two weeks. I've always kind of thought, 'I don't know, it just doesn't make any sense.'

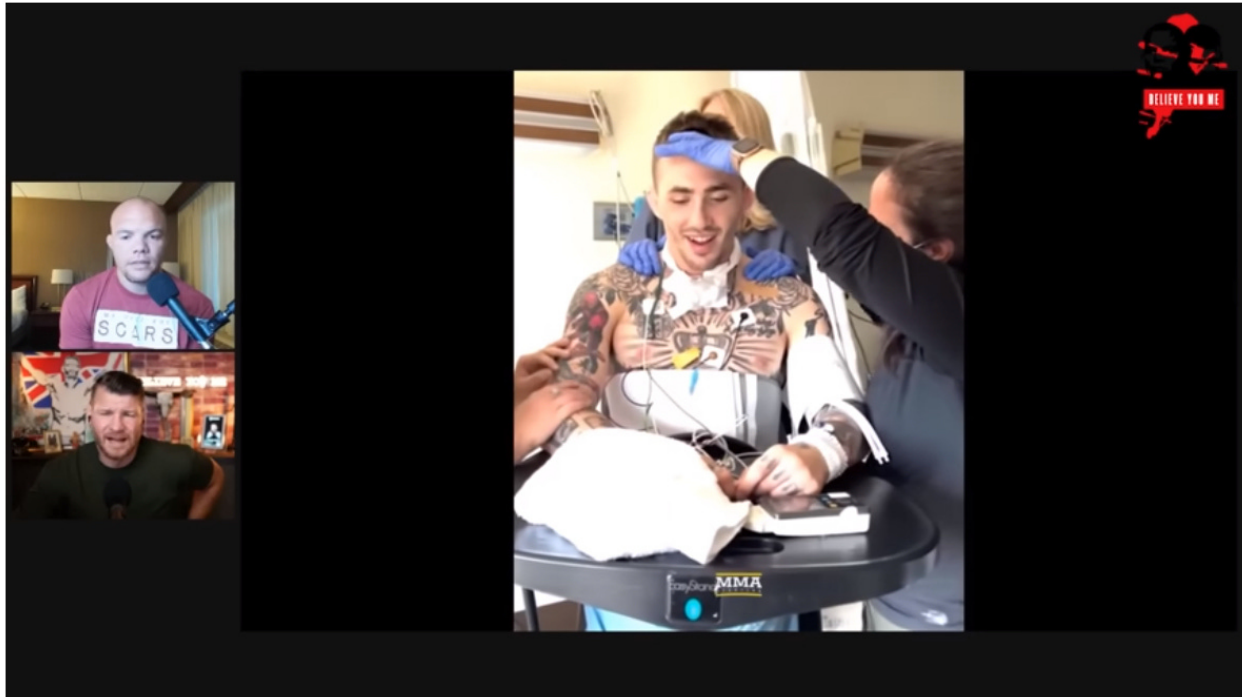

That was really weird, right? Then recently Pfizer came out and said people over 60, on their final booster, they had to come out and say that there's a higher risk of stroke. That's essentially what ended up happening to my mom."

Smith added:

"I'm vaccinated and I end up with a blood clot. What are the chances of that? I've never had any issues at all. I'm really really healthy and then I end up with a blood clot.... I did it to keep my job."

The above audio clip of the podcast was removed (censored) from the final Youtube version of the Podcast, you can see where they cut out the entire segment about COVID-19 vaccine injuries at exactly 29:22 of the video ([click here](#))

Just before they got into the forbidden topic of COVID-19 vaccine injuries that killed Anthony Smith's mother and gave him a blood clot, Michael Bisping played a video clip of Bellator MMA fighter Cris Lencioni who recently suffered a cardiac arrest and asked Anthony what he thought about it.

June 8, 2023 - 28 year old Bellator Fighter Cris Lencioni suffered a cardiac arrest. He collapsed at his gym while training and ended up in a coma and suffered brain damage ([click here](#)).

Feb. 2023 - UFC Fighter Damon Jackson Reveals His Brother Died Suddenly After Receiving COVID Shot - "It Could Have Been the Vaccine" ([click here](#)).

UFC Fighter Damon Jackson, said his 37 year old brother Bradley died suddenly in Sept 2022. Months later they're still looking for answers.

Sep. 11, 2022 - 34 year old Canadian UFC Fighter Elias Theodorou died from aggressive colon cancer that metastasized to the liver. He had the J&J COVID-19 vaccine and expressed hesitation towards mRNA.

# "Straight away it was stage four" – Michael Bisping claims deceased MMA fighter Elias Theodorou's cancer diagnosis happened 'too late to do anything about'

I'm vaccinated. Did my research and took the j and j (with no mRNA) the traditional way... I'm also covid recovered and have two antibody tests to prove my immunity > than said vaccine. It's science. ;)

💬 5 ↻ 66 ❤️ 92 📊 9,131 📤 ⚠️ Tip

Although I wrote about Elias in a previous substack, this is new information from his training partner, Aran Lockwood, who wrote a tweet on July 3, 2023: "Elias was my training partner off and on for 13 years. He went from healthy to dead, very fast, after J&J".

My Take:

I wrote a previous substack article (dated April 26, 2023) on MMA and UFC Fighters collapsing and dying suddenly ([click here](#)). UFC fighters are exposing COVID-19 vaccine injuries and deaths and they're being censored for it. UFC fighter Anthony Smith developed a blood clot vaccine injury and his mother died after a COVID-19 booster shot (from a stroke) - and his entire story was deleted from Youtube. Anthony Smith

admitted he was forced to take COVID-19 vaccines to keep his job and Michael Bisping admitted he had to take 2 COVID-19 vaccines to keep his job specifically with ESPN, although he didn't take the booster shots. We now have more information about UFC Fighter Elias Theodorou. According to Michael Bisping, Elias was diagnosed with Stage 4 Colon cancer (metastatic to liver) "straight away it was stage 4, too late to do anything about". Also, Elias Theodorou was COVID-19 vaccine hesitant and took the J&J "the traditional way" to avoid the mRNA. The problem is that J&J is not a traditional vaccine. At all. When Alberta nurses were coming to me in Sep. 2021 asking for advice on which vaccine to take as they were being pressured by Alberta Health Services with a COVID-19 vaccine mandate or lose their jobs, I could never bring myself to suggest J&J. Why? Because it also codes for the spike protein. What J&J has in common with Pfizer & Moderna is that they all have the genetic code for SARS-CoV-2 SPIKE PROTEIN which is CARCINOGENIC. Pfizer never tested their COVID-19 mRNA vaccine for carcinogenicity. Here is a Pfizer document submitted to Australian Regulators:

## Nonclinical Evaluation Report

### BNT162b2 [mRNA] COVID-19 vaccine (COMIRNATY™)

**Submission No:** PM-2020-05461-1-2

**Sponsor:** Pfizer Australia Pty Ltd

January 2021

---

#### Genotoxicity/Carcinogenicity

Neither genotoxicity nor carcinogenicity studies were performed. The components of COMIRNATY (lipids and mRNA) are not expected to have genotoxic potential.

---

#### **Genotoxicity**

**No genotoxicity studies were conducted for the vaccine.** This is in line with relevant guidelines for vaccines. There were also no genotoxicity studies with the novel excipients. The sponsor stated that the novel lipid excipients are not expected to be genotoxic based on *in silico* analysis (Derek Nexus 6.1.0, Derek Knowledgebase 2020 version 1.0 and Sarah Nexus 3.1.0, Sarah Model 2020.1 Version 1.8) of the novel lipids and their primary metabolites (reports not provided).

---

#### **Carcinogenicity**

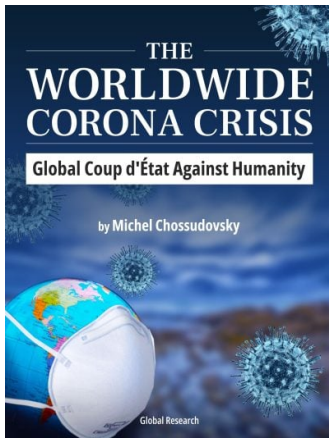

**Carcinogenicity studies were not conducted.** This is acceptable based on its duration of use. The novel lipid excipients are not expected to be carcinogenic based on the low exposure, duration of exposure, absence of structure alerts for mutagenicity (see discussion above).

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
