From [AP](#): "the number of Americans with incomes at or below 125 percent of the federal poverty level - the income limit for qualifying for legal aid - is expected to reach an all-time high of 66 million this year. A family of four earning 125 percent of the federal poverty level makes about \$28,800 a year, government figures show." And visually...

As usual, if anyone expects these 66 million Americans (over 20% of the US population) to vote for someone who *dares to even think* about taking away any of the entitlements said tens of millions of people are used to, then by all means buy Las Vegas real estate.
