In a [sermon](#) called **Christ in the Rubble**, given on December 23, in Bethlehem, **Rev. Munther Isaac**, made the following comments:

“Gaza today has become the moral compass of the world. Gaza was hell before October 7th and the world was silent.

Should we be surprised that they’re silent now? If you are not appalled by what is happening in Gaza, if you are not shaken to your core, there is something wrong with your humanity. And if we as Christians are not outraged by the genocide, by the weaponization of the Bible to justify it, there is something wrong with our Christian witness. And we are compromising the credibility of our Gospel message. If you fail to call this a genocide, it is on you. It is a sin and a darkness you willingly embrace.”

Rev. Munther, who is a Palestinian theologian, condemned the collective West:

“The hypocrisy and racism of the Western world is transparent and appalling! They always take the words of Palestinians with suspicion and qualification. No, we are not treated equally. Yet, the other side, despite a clear track record of misinformation,

is almost always deemed infallible!”

Words like these are not to be taken lightly. **October 7th, 2023** will go down in history as one of those pivotal moments where the fate of the world hung in the balance. At this moment in time, everything is Gaza. The whole world is watching.

The Genocidal War Machine

Will the genocidal war machine come to its senses and stop the barbaric slaughter of innocent civilians? Or will the conflict stir up so much regional anger, that the conflict escalates into a much wider confrontation between Israel, America, Hezbollah and Iran?

The character of the American global war machine is not pleasant. In fact, the United States has intervened, bombed, invaded and engaged in regime changes in over 80 nations in the last 100 years. It is their modus operandi. Why would we expect them to suddenly change?

The nation-state of Israel is an integral part of the global war machine. Israel was installed by European colonial powers for strategic purposes, beginning with the infamous [Balfour Declaration](#) in 1917, that bequeathed 8,470 square miles (21,937 km²) of land to a stranded ethnic group—namely, the Jewish diaspora, who spent 1900 years lamenting the loss of their homeland.

1917 Balfour Declaration

Arthur James Balfour (1848-1930)

Foreign Office,
November 2nd, 1917.

Dear Lord Rothschild,

I have much pleasure in conveying to you, on behalf of His Majesty's Government, the following declaration of sympathy with Jewish Zionist aspirations which has been submitted to, and approved by, the Cabinet

"His Majesty's Government view with favour the establishment in Palestine of a national home for the Jewish people, and will use their best endeavours to facilitate the achievement of this object. It being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country"

I should be grateful if you would bring this declaration to the knowledge of the Zionist Federation.

It was the **British Empire** who made a deal (with no expiry date) with one of the largest banking families in the world, the **Rothschild family**, who incidentally do not own any residential [property](#) in Israel. They have a multitude of magnificent estates in Britain,

France, Italy, Switzerland, Germany, Netherlands and Austria, as well as one lone estate in America. Why such a lack of interest in living in their own Private Little Idaho in the Middle East?

The answer is that the Rothschild family and their allies, the British Empire, had no interest in Israel for humanitarian purposes. They used and manipulated the scattered remnants of ancient Israel who were spread out over Europe, and convinced them Israel was the “only safe and secure home” for Jews.

They were interested in expanding their power base by creating a military outpost in the Middle East.

The ideal location of Palestine on the Mediterranean Sea offers a transit hub for trade and traffic from North Africa via Egypt to the south, and Europe to the north via Syria, Lebanon and Turkey. To the East is the gateway to Asia through Iraq and Iran.

In the world of geopolitics, it is always about location, location, location.

Through the Eye of a Needle

Yeshua ben Yusef, otherwise known as **Jesus, son of Joseph**, once made a bold statement that unsettled even his followers. Jewish tradition held that wealth and prosperity were a gift from God, while poor people were cursed because of sin. Yeshua's kindness towards the poor and downtrodden was a slap in the face to the self-righteous religious leaders.

Yeshua announced on one occasion, that it was *"easier for a camel to go through the eye of a needle than for a rich man to enter the Kingdom of Heaven."*

When his disciples heard this, they were greatly astonished and asked, *"Who then can be saved?"*

Bankers, like the Rothschild family, are the rich men and women who are unlikely candidates for the Kingdom of Heaven. In January of 2023, at the last meeting of the uber-wealthy in **Davos, Switzerland**, almost 3000 of the wealthiest and most powerful people met to discuss how they can become wealthier and more powerful.

According to a [report](#) by Oxfam,

“As global elites gather this week in the ski resort town of Davos, Switzerland, for the annual **World Economic Forum**, our global context couldn’t be more alarming. **For the first time in 25 years, extreme wealth and extreme poverty have increased at the same time.** People in the US and around the world struggle to pay the high costs of food, gas, and other necessities, **yet over the past two years, the richest 1% have secured nearly twice as much wealth as the rest of the world combined.**”

The main problem with the super rich is that they don’t care. They lack empathy and human compassion. They are not in touch with humanity. Their inability to comprehend humanity puts them into a sociopathic category, a separate species of the human race.

Gaza is a third-world territory surrounded and occupied by a first-world nation. Gaza is one of the poorest areas in the world: Per capita income was estimated at US\$3,100 in 2009, a position of 164th in the world. A UN report in 2022 estimated Gaza Strip’s unemployment rate to be 45% and 65% of the population under poverty, living standards went down by 27%, compared to 2006, and 80% of the population depends on international aid for survival.

Israel’s per capita income is \$54,771 per person, or almost 18 times as much as the average citizen of Gaza. The world is in a class war between all of humanity and the mega billionaires who are gobbling up all the resources, consolidating their power base and making long-term plans for the enslavement of the human race.

The Übermensch

The mega billionaires represent the **Übermensch** (*Super-human*) of Friedrich Nietzsche’s play *Thus Spake Zarathustra*. Nietzsche’s character proclaimed that “God is dead,” and the road to true enlightenment lay in casting off the shackles of Christianity and religion in general. The Übermensch were the **Herrenrasse** (Master Race), an idea that inspired the Nazis.

The Nazi notion of the **Master Race** also spawned the idea of “inferior humans” (*Untermenschen*) who needed to be dominated and enslaved. The Nazis considered Jews, Gypsies and Slavs, including Poles, Czechs, Russians and Serbs, “racially inferior sub-humans.”

These ideas of racial supremacy and racial inferiority are currently embraced by the Zionist regime of Israel.

- “We are fighting human animals and we are acting accordingly.” ~ Yoav Gallant, Israeli Defence Minister
- “Those evil butchers have no G-D, no religion. Islam, as Christianity before it, is an offshoot of Judaism. In the Bible, Israel is land of the Jews. Hamas actions

attest that they are surely not Muslim. I doubt they're even human. Wild animals don't do the things they've done." ~ Dof Yomi

- "The Western world must stand with Israel as it fights the bloodthirsty animals of Hamas." ~ Israel's Ambassador to Berlin Ron Prosor
- "The Hamas organisation have behaved like animals and Israel will target Hamas like human animals during and after the war." ~ Israeli Minister of Agriculture and Rural Development, Avi Dichter

Asking fellow Jews living outside of Israel:

Is there any country in the world that is **NOT** infected with the anti-semitic, anti-Jewish, pro-Hamas, Muslim infestation?

Any country where marching for the genocide of Jews by Islamo-Fascists-Hamas-Rats is unacceptable?

Human Rights

The struggle for basic human rights and dignity is central to the current conflict in Gaza. Dehumanizing Palestinians is part of the apartheid culture that was created by the nation-state of Israel who have systematically confiscated the Palestinians' land over the course of the last 100 years.

The so-called Holy Land has become very unholy since October 7th. It is highly symbolic that Bethlehem, the birth place of *Yeshua ben Yusef*, is now in the Israeli-occupied West Bank. If Yeshua was alive today and living in the West Bank, he would be arrested and branded a terrorist.
