The Dem circus rolled into Iowa with an app to tabulate caucus results. It failed, miserably, and by the time I read the news this morning, there were zero results. I had a good chuckle over that one, especially after discovering the app was developed by an Obama lickspittle.

Of all the possibilities for a company name, and to paraphrase Obama, who thought Shadow, Inc. was a good idea? [#IowaCaucuses](#)

But what's really amusing is the response by the propaganda media. After results finally did trickle in later in the day, it was determined **Joe Biden** was left in the dust and this upset the overpaid teleprompter readers who, of course, are expected to cheerlead the establishment favorite.

Yes, Todd, it is "catastrophic" for you, **Hillary Clinton**, and the rest of the establishment parasites who tell us ad nauseam they're "public servants," when in fact they're self-seeking sociopaths selected to service the financial elite while peddling a raft of lies and blue sky bullshit nobody believes anymore.

But not to worry. Establishment Democrats managed to push **Mayor Pete**, now known as Mayor Cheat (for declaring his victory prior to the arrival of fiddled results), up above **Bernie Sanders**.

As of right now in the Iowa Caucus count, Bernie Sanders is ahead in the popular vote, and yet Pete Buttigieg leads in delegates. That is called a broken system. pic.twitter.com/SHpzpKats2

That's right. Democrats out here in flyover country want Bernie Sanders because he's not an establishment Democrat.

Citizen Democrats want Bernie the same way citizen Republicans wanted and got Trump in 2016. Flyover Democrats and Republicans, generally ignored until elections roll around, want change—not Obama fake establishment change but real change, the sort of change the elite will never allow, not without bloodletting.

It's too bad. They will not get real, honest change—not without a revolution.

I'm not sure Hillary Incorporated will be able to sideline Sanders like it did in 2016. People are warning up to his fantasy socialism and basket of free stuff because—well, because they've been ripped off by the financial elite for decades, the middle class is melting, and the USG is lying about economic stats and feeding (through a bankster cartel masquerading as a federal agency) made-up funny money into the Great Corporate Casino and using its artificiality to argue—as the Stable Orange Genius tell us—this is nothing short of the Greatest Economy Ever.

The problem is most people don't have a solid grasp of any of this. Millions believe a free stuff economy is actually possible. It's difficult to blame them. They've been ripped off for so long they'll vote for an avowed Marxist.

The second sabotage of Bernie by the DNC in favor of Joe Biden—he appears to be suffering from the early stages of senility—will piss off a lot of citizen Democrats.

Mayor Pete will not remain at the top of the list and like Trump, he's nowhere near presidential material. Pete's at the top of the list to block Bernie, but at the end of the day, that dog don't hunt. The child-sniffer Biden will be hoisted to the top of the corrupt pile of shit known as the DNC.

And Trump will be re-elected.

And there will be blood.
