“Show me bodies floating in water, play violins and show me skinny people looking sad. I still don’t care.” – Popular conservative Sun (a British daily newspaper) commenting on the homeless war refugees from war-torn Syria, Afghanistan, Iraq, Libya, etc. who are fleeing their militarily de-stabilized and devastated countries after their homes and homelands had been reduced to bloody rubble by soldiers obeying orders from their commanders (including NATO and American “interventionism” in Afghanistan, Iraq, Libya, etc, etc).

Hopkins appears to be in good company. But she was probably just paraphrasing what she had been hearing from a multitude of ultra-nationalist xenophobic racists around the world have been saying. Many of them are revealing their true colors these days. There certainly seems to be an abundance of them among the 16 remaining Republican presidential candidates here in the US. It is instructive to note that the candidacy of Donald Trump has elicited the endorsement of fascist groups like Storm Front, the neo-Nazi group that appreciates his vehement, albeit delusional, anti-immigration agenda.

Fascism Keeps Rearing its Ugly Head (both in England, America and Around the World)

The spirit of the infamous British fascist leader, Oswald Mosely, seems to periodically raise its ugly head in England. Mosely, back in the 1920s, had been the youngest member of Britain's Conservative Party to be elected to Parliament. An admirer of Adolph Hitler, he started the British Union of Fascists (BUF) in the 1930s. That group gloried in their Black Shirt uniforms until the BUF was abolished when Great Britain declared war on Germany. However, celebrities like Hopkins, even though they will deny that they are fascists, are decidedly right-wing extremists that meet many of the characteristics of fascism. The latest incarnation of the BUF is the New British Union Party, and they are proud of it. Here is one of their recent posters:

Many nations around the world have had and are continuing to have within their borders fascist movements. Remember Vidkun Quisling who led the Nazi puppet government in Norway? And then recall Quisling's modern day incarnation, the mass murderer of innocent progressive-minded kids, Anders Behring Breivik and his fascist manifesto?

Look at the list of the hundreds of defunct, hibernating and/or active fascist movements around the world by googling "list of fascist movements by country". For much more on the 14 characteristics of fascism, which should be tested against the beliefs and actions of every political and economic leader, google "George W. Bush and the 14 characteristics of fascism".

American Fascism Through the Years

Of course, America has had its share of active and hibernating fascist movements, but our high school history textbooks have typically ignored that unpleasant part of our history. According to Wikipedia, there have been at least 31 very public fascist political parties in the US since 1920. The Southern Poverty Law Center has investigated hundreds and hundreds of fascist and racist sects that are currently active.

One of the largest was the Silver Legion of America, commonly known as the Silver Shirts (Brown and Black Shirt uniforms had been spoken for in Germany.). The Silver Shirts' political party was called the Christian Party, and founder [William Dudley Pelley](#), son of a protestant minister, ran for president in 1936 against Roosevelt. Pelley, an avowed racist, anti-Semite and. ultranationalist hated FDR, as have most conservative groups ever since the 1930s. They hated him because of the New Deal, which saved middle and lower class

Americans at the expense of the wealthy elite 1 %. The New Deal set back corrupt crony capitalism's agendas a couple of generations or so, and their spiritual progeny in the Republican Party are still fuming about it.

Pelley's Silver Shirts had initially been a secret group of right-wing extremists, but its existence was finally made public on April 30, 1933, the very day that German President Paul von Hindenberg finally yielded to the right-wing German political parties and Germany's ruling elites and appointed Adolf Hitler Chancellor of Germany.

Interestingly, the headquarters of the Silver Shirts was located in Asheville, North Carolina, which has evolved into a very politically progressive community. Pelley later moved his organization to Indiana, a historical hotbed of American right-wing extremism, including the Ku Klux Klan.

A few days after the Silver Shirts came up from the underground (early in May 1933), Nazi [Deputy Führer Rudolf Hess](#) gave German [Nazi Party](#) member (and legal immigrant) [Heinz Spanknöbel](#) authority to form a Nazi Party organization in America. Its national headquarters was in New York City, with a large contingent of Bund members active in Chicago. It was called the German American Bund, aka Friends of New Germany (FONG).

Interestingly - for those of us who live in the so-called progressive heartland of America - one of the Bund's American Nazi training camps was located in Grafton, Wisconsin. Grafton had previously been called Hamburg, reflecting the German heritage of many eastern Wisconsin communities such as Milwaukee, the beer capital of America. The infamous 1950s-era Republican Senator Joe McCarthy's hometown was nearby Appleton, Wisconsin, which still is, not surprisingly, the headquarters of the John Birch Society. JBS members dearly loved Tail-gunner Joe and his poisonous neo-fascist McCarthyism.

What Does PNAC Have to do With the Drowned Syrian Toddler?

There has been a massive amount of confusing and self-contradicting propaganda concerning the Middle East crises ever since the Cheney/Bush administration chose to invade the oil-rich, opium-rich and lithium-rich region shortly after 9/11/01. One of the important points that needs emphasis is that there is a tight connection (albeit not a straight line connection) between what guilty perps made happen on 9/11/01 and what happened to the drowned Syrian toddler pictured above.

9/11/01 is now well understood by scholars (and real investigative journalists) to have been a false flag operation, orchestrated by nefarious, as-yet unindicted persons and right-wing think tanks, groups that have been funded by billionaires and American-based trans-national corporations. Those entities have long-term business plans for domination of extractable resources, finances and territory anywhere on the globe.

Those plans had been clearly out-lined by arguably the right-wing's most important think tank, the Project for the New American Century (PNAC). PNAC's manifesto had already been proposed to (and rejected by) the Clinton administration in the 1990s, but it was accepted by the Cheney and Bush after many of its members (17 to be precise) officially joined the Cheney/Bush administration. America's military de-stabilization of the Middle East closely followed the propaganda-inspired false assumption that Middle Eastern foreigners, and not US government insiders, expertly planted the explosive charges in WTC Towers 1, 2 & 7 over weeks and months prior to their explosive pulverization into fine dust.

It is now established that the two jet planes caused only brief, self-extinguishing, low-temperature fires in towers 1 & 2, temperatures that were incapable of melting, much less suddenly transecting, all of the core steel columns in sequence. The only rational explanation for what happened that day is that computer-controlled demolitions dropped all three skyscrapers into their footprints on 9/11/01.

PNAC, the Real Conspiratorial Group that Needs to be Subpoenaed to Testify, Under Oath, About 9/11/01

PNAC was an outgrowth of the nefarious NeoConservative think tank, the American Enterprise Institute, which continues to promote the economic agendas of any number of anti-democratic, obscenely wealthy, multinational corporations that continue to pay the generous salaries of its high profile stable of “fellows”.

Among other things, the purpose of PNAC was and still is to increase military spending, subvert the United Nations, ensure planetary domination by US corporate (and military) interests and spread (anti-democratic) capitalism around the world (through the barrel of a gun if necessary), thus enriching PNAC’s corporate sponsors. Hidden from the public view was the precise identity of PNAC’s paymasters, which surely must include this list of One Percenters: the multi-millionaire politicians, multimillionaire corporate lobbyists, multi-billionaire war-profiteers, multi-billionaire Wall Street executives, oath-taking militarists and the corporate-controlled media.

The original members of PNAC (a few of whom are pictured below) admitted that their goals of American military and economic domination would be difficult to implement “without a catastrophic catalyzing event such as ‘a new Pearl Harbor’”. Viola! After Bush was elected, PNAC member and Vice President Dick Cheney acquired immense power in the White House, as did Secretary of Defense Donald Rumsfeld and Paul Wolfowitz at the Pentagon. Within a year the desired “New Pearl Harbor” was successfully orchestrated.

The False Flag 9/11 Reichstag Fire - What Really Happened

The false flag events of 9/11/01 were the perfect Pearl Harbor, the perfect Reichstag Fire (google “[The 9/11 Reichstag Fire - What Really Happened](#)”), the perfect Krystallnacht, the perfect Operation Northwoods, the perfect Gulf of Tonkin Incident, etc, etc.

THE JOINT CHIEFS OF STAFF
WASHINGTON 25, D.C.

UNCLASSIFIED

MEMORANDUM FOR THE SECRETARY OF DEFENSE

Subject: Justification for US Military Intervention
in Cuba (TS)

1. The Joint Chiefs of Staff have considered the attached Memorandum for the Chief of Operations, Cuba Project, which responds to a request of that office for brief but precise description of pretexts which would provide justification for US military intervention in Cuba.

2. The Joint Chiefs of Staff recommend that the proposed memorandum be forwarded as a preliminary submission suitable for planning purposes. It is assumed that there will be similar submissions from other agencies and that these inputs will be used as a basis for developing a time-phased plan. Individual projects can then be considered on a case-by-case basis.

3. Further, it is assumed that a single agency will be given the primary responsibility for developing military and para-military aspects of the basic plan. It is recommended that this responsibility for both overt and covert military operations be assigned the Joint Chiefs of Staff.

Operation Northwoods False Flag

Each of those "catalyzing events" have been proven to be false flag operations (or events that were allowed to happen). (NOTE: A false flag operation is a governmental conspiracy to "stage" a secret operation that pretends that their nation is being attacked by a targeted enemy in order to elicit public outrage and then claim that that enemy drew first blood and

therefore deserves to be attacked “in retaliation”. Considerable propaganda (especially in the “fog of war”) needs to accompany the event for the Big Lie Bamboozle to work on naïve, ignorant, partisan or uber-patriotic citizens.)

A scary list of some of the nefarious, hard right-wing ruling class elites who signed on to the PNAC’s statement of principles can be found by googling “Old American Century – PNAC”. Following is a sobering photo of ten of them (including GOP presidential candidate Jeb Bush). Those pictured were protected from testifying under oath by the 911 Commission, despite the fact that it was on their watch that America was led, by Big Lie propaganda, into the disastrous, perpetual “Wars on Terrorism”.

Those wars of aggression and the subsequent – and inevitable – atrocities met the definition of international war crimes and crimes against humanity, but no prosecution has yet come to pass, even though the US lost both the Gulf Wars. And, of course the perpetual wars led directly or indirectly to the current war refugee crises in Europe and the Middle East, including the drowning of the innocent Syrian toddler, Aylan Kurdi and most of his family. The PNAC perps need to take some responsibility for the loss of innocent lives.

Even this partial list of PNAC members should make American anti-fascists, anti-imperialists, and Occupy member’s skin crawl. (Google “PNAC Archives – 911 Truth” for more about PNAC). Those lists include Condoleezza Rice, Dick Cheney, Jeb Bush, Paul Wolfowitz, Donald Rumsfeld, Gary Bauer, John Bolton, Richard Perle, William Kristol (founder and chairman), James Wolsey, Elliot Abrams, Eliot Cohen, Dan Quayle, Donald Kagan, William J. Bennett, Scooter Libby, Vin Weber, Norman Podhoretz, Steve Forbes and others after the fraudulent election of 2000.

Despite their roles in leading America into the illegal and unconstitutional wars for oil (which have resulted in millions of innocent Muslim men, women and children dead, wounded, starving and homeless), none but Scooter Libby has spent any time in jail. Go figure.

The politicians, billionaire war-profiteers, Wall Street financiers, oath-taking militarists and the corporate-controlled media (that also must take some responsibility for the war refugee crisis) are composed of groups of conscienceless operatives from the infamous, chronically conspiratorial military/industrial/congressional/media complex, subgroups of which were certainly among the planners and/or orchestrators of the controlled demolitions of the three World Trade Center buildings.

There are a lot of traitorous elites who have been knowingly and secretly usurping American democracy by, post-911, helping to prevent truly independent investigations from

happening. Those cunning manipulations have kept Americans from hearing the testimony about the multiple bomb explosions from eye-witnesses who were ready to reveal the obvious truth: that the official White House conspiracy theories about 9/11 were fraudulent. If real investigations would have been allowed to occur right away, the horrific slaughter of the innocents in the Middle East would have been averted – and the drowned Syrian toddler would be alive today.

The 9/11 Truth Movement's Assertions are not "Theories" Anymore

All the existing evidence that has been accrued over the past 14 years proves that there were any number of guilty people and groups, and most of them are hiding in plain sight, hopefully shaking in their boots for fear that a powerful grassroots movement will arise and effectively demand justice for their treasonous crimes. All the evidence of their treason has been accumulated, and it is court-of-law-worthy.

The prime suspects that need to be brought to justice as co-conspirators are surely some or all of the folks in the PNAC. So far, they have been protected from being subpoenaed to giving public testimony under oath. They have a lot to lose and therefore have been working hard to avoid indictment, trying to remain in positions of economic or (un-elected) political power. Many of many of them are still deeply involved in US foreign policy and domestic politics.

Conclusion

For any truthful, open-minded person with an IQ above 90 (and who also isn't an obedient, political hack with ulterior motivations to lie for their political party), understanding why 9/11 was a false flag operation is a no-brainer: All one has to do is study a couple of the powerful, unassailably truthful documentaries on YouTube (see below).

If real investigative journalists – who already knew something was fishy on 9/11/01 – had been allowed to do their jobs and question the unbelievable official theories, justice would have been done before the dogs of war were released. Even our co-opted and conflicted politicians might have been able to comprehend that the three WTC Towers 1, 2 & 7 could only have been brought down by pre-planted demolition charges.

And if a real search for the real culprits had been done – as promised by President Bush – that investigation would have revealed that it is impossible for jet planes to bring down modern, non-flammable steel-reinforced skyscrapers. So, in conclusion, it was the demolitions – and not the "attacks" – that were responsible for the deaths of most of the 3000 civilians that would otherwise have been rescued shortly after the office fires self-extinguished. Planes hitting skyscrapers that were designed to withstand direct hits from Boeing 707s would not incite a nation to go to war – because the buildings would have been left standing. It was therefore necessary to destroy the incriminating evidence: perhaps of a drone plane or two, or the still missing black boxes, or the lack of passengers, etc. That all had to be rubbed out by the demolitions and the total destruction from 3 months-long red-hot smoldering fires from the heat producing incendiaries that were capable of melting steel, like thermite, thermate, military-grade nano-thermite or other high explosives.

So if justice had been done immediately after 9/11, neither Afghanistan nor Iraq would have been illegally invaded and immorally de-stabilized, and all those targeted Middle Eastern nations in the region, including Syria, would not have experienced the chaos of experiencing millions of Iraqi war refugees crossing the border in the mass movements of internally and externally displaced civilian war refugees like the Syrian toddler.

Important Research Opportunities

Among the many fine documentaries on the subject that are capable of totally disproving the White House Big Lie, the one that has the best historical context is “Loose Change 9/11: An American Coup”. In my opinion, the documentary with the best science behind it is “9/11: Explosive Evidence – Experts Speak Out” from Architects and Engineers for 9/11 Truth.

Real patriots, if they want to be on the right side of history, need to watch them both and then adjust their politics.

To do so will place in proper perspective the sufferings and deaths of the millions of war refugees like Aylan Kurdi, his sibling and his mother, all of whom drowned on the same day.
