Once the hectoring hegemony has created a core-lie and got people to believe or accept it, namely, that 'war on terror' is real and "our war", then many truths within the core-lie can be fabricated, and also are created due to their own natural dynamics with proper black-ops channeling to mobilize insurgency and then officially fighting it as "counter-insurgency". A cook-book recipe for fabricating "revolutionary times", for indeed, "what is inconceivable in normal times is possible in revolutionary times"! A self-sustaining system dynamics comes into existence which is closely managed and continually harvested to sustain "imperial mobilization".

These dynamics are the puppetshows of harvest that Rafia Zakaria is commenting on in her DAWN article of [April 07, 2010](#): "Reinventing the Taliban", while she is strategically silent on the core lie itself:

"Yet to view the controversy as an isolated case connected only to the veracity of the events depicted in the video would be to miss the trajectory of the transformation being planned for the Taliban by the political and military leadership of the country. With the completion of the Pakistan military's Rah-i-Nijat offensive in Swat, and the near culmination of operations in North Waziristan, the endgame of a long and bloody counter-insurgency operation is now visible."

According to Aldous Huxley:

'The greatest triumphs of propaganda have been accomplished, not by doing something, but by refraining from doing. Great is truth, but still greater, from a practical point of view, is silence about truth. By simply not mentioning certain subjects, by lowering what Mr. Churchill calls and "iron curtain" between the masses and such facts or arguments as the local political bosses regard as undesirable, totalitarian propagandists have influenced opinion much more effectively than they could have done by the most eloquent denunciations, the most compelling of logical rebuttals.' — Aldous Huxley in the (circa 1946) Preface to his 1931 novel Brave New World

Convince people of [absurdities](#) and get them [acquiescing](#) to atrocities - and here we have them turning a blind eye to the greatest atrocity of them all: "the supreme international crime differing only from other war crimes in that it contains within itself the accumulated evil of the whole", from which "all the evil that follows" is therefore on the account of those

who “goosestep the Herrenvolk across international frontiers” with the show of first-aggression by the “invasion of its armed forces, with or without a declaration of war, of the territory of another State”.

Any law professor who does not know their [Nuremberg](#) – well, perhaps it is only the same old ‘likkha-parrha jahils’ of modernity coming out of America’s top IVYs and becoming the ‘Epsilon Semi-moron’ to ‘Alpha’ administrators in the class hierarchy of the Brave New World of Atlas Shrugged.

From Huxley to Orwell to Russell to Strauss to his mistress Ayn Rand, all have not been merely prescient, but rather have explained the actual blueprint of the future reality of totalitarian scientific dictatorships where commonsense is replaced by zerosense, and moralsense by secular-humanism!

Thus, one may repeatedly rehearse the deconstruction of evolving puppetshows and burlesque adventures of Alice in Wonderland, as does this scribe, over and over and over again, but the history’s actors have already moved on ex post facto to create the new reality for Alice. Each time incrementally inching the world closer and closer to the overarching endgame of central totalitarian dictatorship in a world government, while we are merely left to just study what they atrociously did in the previous puppetshow:

‘We’re an empire now, and when we act, we create our own reality. And while you’re studying that reality — judiciously, as you will — we’ll act again, creating other new realities, which you can study too, and that’s how things will sort out. We’re history’s actors . . . and you, all of you, will be left to just study what we do.’ — Senior Bush Advisor, The New York Times, [October 17, 2004](#)

Such is the power of Machiavellian political science!
