Historical Background

A group of international lawyers and a judge are conducting a criminal investigation modeled after the United States Grand Jury proceedings in order to present to the public all available evidence of COVID-19 Crimes Against Humanity to date against “leaders, organizers, instigators and accomplices” who aided, abetted or actively participated in the formulation and execution of a common plan for a pandemic. This investigation is of the people, by the people and for the people, so YOU can be part of the jury.

Through showing a complete picture of what we are facing, including the geopolitical and historical backdrop - the proceeding is meant to create awareness about

- the factual collapse of the current, hijacked system and its institutions, and, as a consequence
- the necessity for the people themselves retaking their sovereignty, and
- the necessity to first stop this pandemic’s measures by refusing to comply, and
- the necessity to jump-start their own new system of health care, education, economics and judiciary, so that democracy and the rule of law on the basis of our constitutions will be reestablished.
