

Covid “Dark Winter”: Political Announcements of “Highly Contagious Virus Variants”

The 2001 Anthrax Deceptions and those being Perpetrated Today.

As I write on January 1, 2021, the new year is not starting very auspiciously. Ominous pronouncements are coming from the usual high places and their media mouthpieces, announcing “highly contagious virus variants” of so-called Covid-19.

Joseph Biden has warned of “A Very Dark Winter” to come.

His use of that term “Dark Winter” has been echoed by officials everywhere adept at reading the talking points handed to them. The echo chamber is resounding with dark warnings.

Biden Warns of ‘Very Dark Winter’ as U.S. Approaches 10 Million Coronavirus Cases

Anthony Fauci and the CDC are predicting hundreds of thousands of deaths this month alone.

These officials are now saying the vaccines they are rolling out will take time; will not eliminate the virus, etc. Hedging their bets as they announce utter disaster to come, rather like a fire and brimstone warning from Jonathan Edwards for the sins of celebrating festive times.

Guess who will be blamed?

Grim projections are following the holidays like buzzards to a dead carcass. Just follow the mainstream corporate media headline news to confirm this.

You don't need any linked directions from me.

I prefer to be brief so you can read about the incredibly important 2014 book by **Graeme MacQueen**, [**The 2007 Anthrax Deception**](#).

Then read his book. ([click front cover](#) to order from Clarity Press)

[His analysis of the anthrax attacks tied to 9/11 sheds important light on the current corona virus crisis.](#)

Then listen to this new video – before it is disappeared – with **Heiko Schöning** speaking about the 2001 anthrax deceptions and those being perpetrated today.

Schöning is a German doctor and one of the world-wide leaders fighting to expose the truth about COVID-19 and the World Economic Forum's "Great Reset."
