*Here is an excerpt from an article on Daily Mail Online:*

**[Sydney](#) cricketer Kade Sutton is lucky to be alive after suffering a heart attack at training that left him ‘clinically dead’ for five minutes.**

The teenage allrounder collapsed during cricket training in late August and is still here today thanks to his coach, Jed Dickson, who had recently finished a first aid course.

‘I was going for a little warm-up with the lads and happened to veer off the path into a bush where I had a seizure-like fit,’ Sutton told [News Corp](#).

**‘But really it was a cardiac arrest and I had no pulse, no heart rate or anything. I was clinically dead for about five minutes,’ Sutton said.**

‘Luckily my coach Jed Dickson had just done his first aid course so he was all up to date. He knew what to do.

‘He couldn’t really do the breaths because I was foaming at the mouth and I was just purple.

‘He felt for the pulse and knew I was in trouble, so he just went straight for CPR. He brought me back to life. I went into the ambulance and they put me into a coma.

‘It’s a bit emotional now every time I see him. You can’t really repay someone for saving your life so I guess I’ve just got to keep thanking him.’

Dickson, 35, also plays cricket and has known Sutton for many years. He said the entire situation hasn’t sunk in for him, either.

## My Take...

This summer we saw a record number of American High School football players dropping dead from sudden cardiac arrests but this goes on in every highly COVID-19 mRNA-vaccinated country.

I don't do the compilations of these sudden deaths anymore because people don't really care anymore. They are willing to sacrifice the youth and their entire future, for a little bit of peace and tranquility.

We have a population that is now too weak to stand up to the Vaccine Cartel and have really brought this upon themselves.

## **The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity**

**by Michel Chossudovsky**

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### **Reviews**

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this*

comes out in the way Covid is contextualized. —**Dr. Mike Yeadon**

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight.* -**Dr. Emanuel Garcia**

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden "plandemic"; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.* —**Peter Koenig**

*Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy.* -**David Skripac**

*A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place.* -**Edward Curtin**
