Below is an excerpt from [Katie Cimini's GoFundMe](#):

My dear niece, Katie Cimini, is facing one of the toughest battles of her life. At just 28 years old, Katie has been diagnosed with triple-negative breast cancer, an aggressive form of the disease that requires immediate and intense treatment. As a result, Katie will need to take an extended leave from her job as a beloved teacher to focus on her health and healing.

Katie has always given her all to her students, family, and friends. Now it's our chance to return the favor. We're raising funds to help cover her medical expenses—including fertility treatments, surgery, chemotherapy, and possibly radiation—as well as daily living costs and anything else she might need during this challenging time.

Any donation, no matter how big or small, will go directly to supporting Katie and easing her financial burden as she undergoes treatment. Your kindness and generosity mean the world to her, and she is incredibly grateful for any help you can provide.

Thank you for being there for Katie as she faces this fight with strength and resilience. Together, we can help Katie focus on what matters most: her health and recovery.

*

My Take...

COVID-19 mRNA vaccines cause turbo cancer and according to my research, breast cancer is the 3rd most common (1st is lymphoma, 2nd is brain cancer usually glioblastoma).

Triple Negative Breast Cancer (TNBC) is the most common Breast Turbo Cancer.

It has a really bad prognosis even without the mRNA damage.

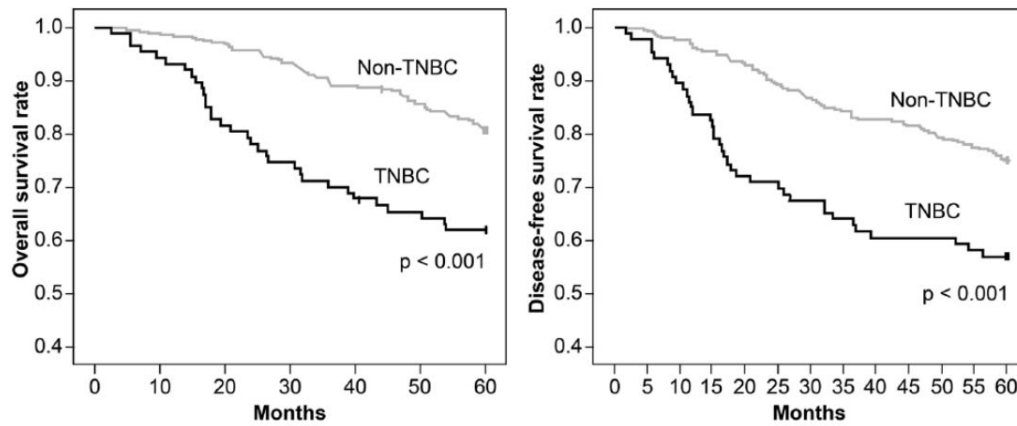

Figure 1. Overall and disease-free survival in patients with triple-negative breast cancer (TNBC) and non-TNBC (Juiz de Fora, Brazil, 2003-2005).

These survival graphs are from a [2018 Brazilian study by Goncalves et al.](#)

These are survival curves for unvaccinated TNBC patients. The curves are expected to be much worse for mRNA-vaccinated TNBC patients.

Teachers were mandated COVID-19 mRNA vaccines to keep their jobs. Now thousands of teachers have either died suddenly or developed late stage cancer.

Katie is only 28 years old. She will probably not see 30.

This is what we normalize when we accept politicians telling us to “move on”.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —**Dr. Mike Yeadon***

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —**Dr. Emanuel Garcia***

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —**Peter Koenig***

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —**David Skripac***

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
