According to [an article on The Sun](#):

Dale said: "My wife persuaded me to do an early morning HIIT class at our local gym.

"We started doing the warm up and I felt more tired than I normally would.

"I managed one set of circuits doing burpees and squat thrusts and that sort of thing and my wife looked over at me and said, 'You've already stopped, I thought you were fitter than this'.

"At the start of the second circuit, I thought this doesn't feel right at all.

"I felt like I needed some fresh air and took myself out of the environment.

"My chest was starting to feel a bit tight, which developed into a bit of pain.

"Being a bloke, I thought I've already been a wimp leaving the class so if I leave it five minutes, the pain will wear off."

However, after waiting 15 minutes for the tightness to subside, Dale's chest pain grew worse - prompting Sophie to drive him to their local hospital.

Within two minutes of arriving, Dale went into cardiac arrest while sitting in the A&E waiting room.

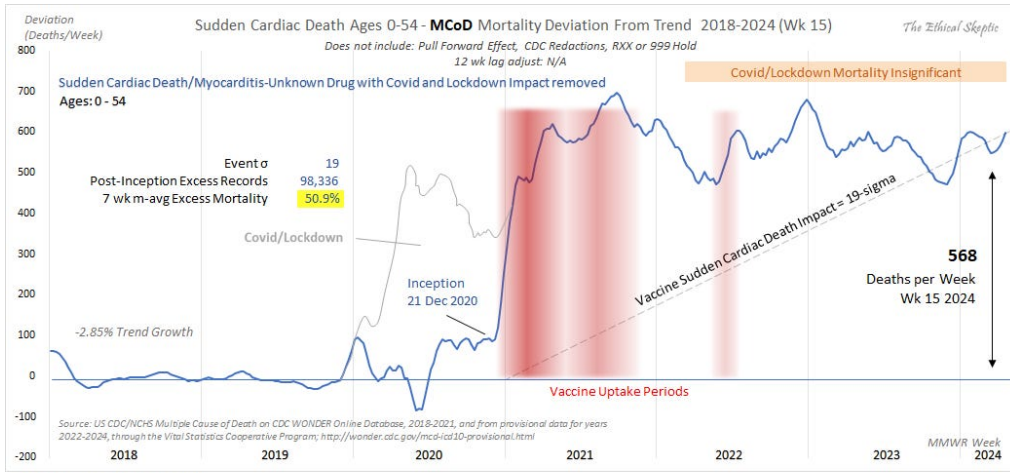

Dale said: "They started CPR on me and put me onto a machine that does CPR mechanically which forces your heart to start beating.

*

My Take...

The mRNA-induced sudden cardiac deaths haven't decreased much since 2021, in case you were wondering.

We are still almost at all time highs.

- I45 (Other conduction disorders)
 - I46 (Cardiac arrest)
 - I47 (Paroxysmal tachycardia)
 - I48 (Atrial fibrillation and flutter)
 - I49 (Other cardiac arrhythmias)
 - I50 (Heart failure)
 - I51 (Complications and ill-defined descriptions of heart disease)
 - R00 (Abnormalities of heart beat)
 - R01 (Cardiac murmurs and other cardiac sounds)
 - R09.2 (Respiratory arrest)
 - R09.8 (Other specified symptoms and signs involving the circulatory and respiratory systems)
 - R96 (Other sudden death, cause unknown)
 - R99 (Other ill-defined and unspecified causes of mortality)
 - X44 (Accidental poisoning by and exposure to other and unspecified drugs, medicaments and biological substances) at 89% with SCD-MCoD overlap removed
- blue line - minus X42-44 (narcotics, heroin, fentanyl, meth, other drug) excess mortality surge removed (for 2020 only - lockdown impact is not trend data)

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise, science-based chapters, Michel traces the false covid pandemic, explaining a PCR test, producing up to 97% proven false positives, combined with a massive media campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.

—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
