Sumner, WA - 30s year old music teacher Carrie Huss believed in medical freedom.

Aug. 2021: “I made the choice to get vaccinated. I think others should have the choice as well. And even if you believe differently than me, I still love you.”

Oct. 2024: “Carrie found herself in the hospital diagnosed with Stage 4 colon cancer.”

Pfizer and Moderna COVID-19 mRNA vaccines cause turbo cancer, and colon cancer is in the top 5 most common.

Teachers have been decimated by **COVID-19 vaccine mandates** which have led to thousands of teachers across the US dying suddenly or developing life crippling illnesses, including cancer.

I feel really bad for Carrie Huss - she believed in medical freedom and she is a victim of the vaccine cartel. This is a tragic story.

Just for clarification- I made the choice to get vaccinated. I think others should have the choice as well. And even if you believe differently than me, I still love you. 💜

Pulling together for one of my closest friends/braintwin, [Carrie Huss](#). Please help and share 😊

After a night of karaoke (ok... singing along to local music), without warning, everyone's favorite friend, mother, sister, daughter, and karaoke partner, Carrie found herself in the hospital diagnosed with stage 4 colon cancer.

She's handling it like we'd all expect Carrie to... courageously head-on with incredible poise, prayer, and optimism, AND with a great cancer-care team to help fight this specific aggressive type of cancer.

You can follow her journey on her socials, but so many people have reached out offering not only prayer, hands-on help, supportive messages, and so much love, but also asking if/how they can financially make a contribution to her journey.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by **Michel Chossudovsky**

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—**Peter Koenig**

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –**David Skripac**

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –**Edward Curtin**
