Turbo cancer in 4-month-old baby?

Toronto, Canada - 4 month old Calum Zies was diagnosed with a “rare, super aggressive brain cancer” on Dec. 23, 2024.

In Canada, pregnant women were aggressively targeted and pressured with DNA contaminated Pfizer and Moderna COVID-19 mRNA Vaccines without informed consent despite the fact that Health Canada never authorized mRNA Vaccine use in pregnant women.

I am seeing more of these “extremely rare” cases of newborns with cancers.

These tumors should be stained and sequenced for evidence of COVID-19 Vaccine Integration Events and investigations should be done into any new mother’s COVID-19 Vaccine history if there is a newborn with a rare, aggressive cancer.

These are tragic cases and I wish the baby a full recovery and the family strength, support and hope.

Please pray for my 4-month old son Calum. He was diagnosed with brain cancer on December 23rd. He had an 11-hour surgery on Christmas Eve, and is now recovering in the ICU at SickKids hospital. We're hoping for a miracle. Thank you ❤️🙏

Friends, we need you. ❤️

I don't know how to say this and it breaks my heart to have to, especially this time of year but we have some sad news to share about Calum, our beautiful 4 month old son.

He was diagnosed with a rare, super aggressive brain cancer a few days ago. ❤️

He had life saving surgery on Christmas Eve to buy us some time and a better fighting chance. This all happened SO unbelievably fast and we are still waiting for answers. But we do know the cancer is aggressive and it had already spread a bit within his brain .. so we know it's not good. We are completely and utterly shattered into a million pieces right now.

The good news for now is that the surgery went as well as we could have hoped (maybe even better) and he is recovering well. 🙏

For now we are taking things minute by minute and trying to stay strong for him and brave for Rosie. We are at SickKids, he could not be in better hands and we will be here to fight for and with him through this.

Let's call in divine healing for this sweet baby!! 🙏🙏 Please pray for him and us. Pray for a miracle of all miracles and please hold our family in your thoughts.. and your own extra close. 💙💜

We are broken...but holding out hope believing in miracles and God's grace. 🙏

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless media campaign, was able to create a worldwide panic-laden “plandemic”; that the DNA-CRISPR never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
