

COVID Vaccines: Protection or Biohazard?

By [Stephen Lendman](#)

Global Research, December 09, 2020

Theme: [Science and Medicine](#)

All vaccines are hazardous to human health.

Annually, the US Vaccine Adverse Reporting System (VAERS) reports thousands of serious adverse vaccine reactions, including many deaths and disabling disabilities.

Instead of highlighting the danger, corporate-controlled establishment media suppress what's vital for everyone to know — one of many reasons why they can never be trusted.

Scientific evidence shows that vaccines can cause chronic headaches, rashes, skin lesions, seizures, autism, anemia, multiple sclerosis, ALS, cancer, diabetes, polio, infertility, and many other health issues.

Promoted protection against covid by vaxxing risks far greater harm to health than any benefit.

Development of vaccines takes years. Most trials fail.

Information war brainwashing is being waged by mass media on the public.

It requires a giant leap of faith to accept fourth estate-promoted industry propaganda about soon-to-be-available covid vaccines.

According to industry data, about 90% of drugs (including vaccines) that reach clinical stage development never get FDA approval in the US for human use — for lack of efficacy, adverse reactions and other reasons.

Covid vaccines about to be rolled out, perhaps by late December, were developed in 6 to 9 months — on the phony pretext of addressing a national emergency that DOES NOT exist.

Covid is another form of seasonal flu/influenza.

The latter affects millions of Americans and others worldwide annually — with no fear-mongering mass hysteria, no fast-tracked development of vaccines or other drugs for treatment.

Cutting corners exponentially increases the potential hazards of covid vaccines that Washington, other Western capitals, and their press agent media urge everyone to take — suppressing the risks to human health and welfare.

When available, everyone willingly or otherwise inoculated for alleged protection against covid will be playing Russian roulette with their health, welfare and lives.

Thailand Medical News earlier accused the drug industry of “fake or manipulated vaccine research,” adding:

“Expediting protocols and clinical trials” are contrary to proper drug development.

Pharma, “unethical politicians...medical journals and medical researchers...are involved in these scams to enrich themselves along with the owners of certain media and social media platforms.”

“The public has to be very careful about what the mainstream medical and social media platforms are disseminating with regards to medical and health news and also about COVID-19 vaccines.”

According to Health Impact News, “doctors around the world are frantically trying to warn the masses of the devastating effects of the experimental COVID vaccines about to be mass injected into the unsuspecting public assisted by military forces around the world.”

Government, Pharma, and mass media claims about safety and efficacy of covid vaccines are not based on peer-reviewed scientific data.

In October, highly respected epidemiologists Drs. Martin Kulldorff, Sunetra Gupta, and Jayanta Bhattacharya prepared what they called the “Great Barrington Declaration.”

It’s endorsed by thousands of medical and public health experts.

It states the following:

“As infectious disease epidemiologists and public health scientists, we have grave concerns about the damaging physical and mental health impacts of the prevailing COVID-19 policies, and recommend an approach we call Focused Protection.”

“(W)e have devoted our careers to protecting people.”

“Current lockdown policies are producing devastating effects on short and longterm public health.”

What’s going on risks “greater excess mortality in years to come, with the working class and younger members of society carrying the heaviest burden.”

“Keeping students out of school is a grave injustice.”

“We know that vulnerability to death from COVID-19 is more than a thousand-fold higher in the old and infirm than the young.”

“Indeed, for children, COVID-19 is less dangerous than many other harms.”

Most people should be allowed “to live their lives normally...protecti(on) (afforded only to) high risk” individuals.

“We call this Focused Protection.”

“Schools and universities should be open for in-person teaching.”

“Extracurricular activities, such as sports, should be resumed.”

“Young low-risk adults should work normally, rather than from home.”

“Restaurants and other businesses should open.”

“Arts, music, sport and other cultural activities should resume.”

“People who are more at risk may participate if they wish, while society as a whole enjoys the protection conferred upon the vulnerable by those who have built up herd immunity.”

According to founder of Doctors for Truth Dr. Elke De Klerk:

“(W)e do not have a medical pandemic or epidemic.”

“We also state that COVID-19 should not be on list A for any longer, because we now know that it is a normal flu virus.”

“We have contact with 87,000 nurses that do not want the (covid) vaccine that is being prepared for us.”

“The panic is caused by these false positive PCR tests. 89 to 94% of these PCR tests are false positive. They don’t test for the COVID-19.”

“Medical doctors need to stop looking at those tests. Let’s go back to the clinics and the facts.”

According to hundreds of German MDs called Doctors for Information:

“The Corona panic is a play. It’s a scam. A swindle. It’s high time we understood that we’re in the midst of a global crime.”

Physicians and public health experts elsewhere made similar remarks.

According to US Frontline Doctors, no one should heed advice from “career political doctor” Anthony Fauci and others like him “who do not treat patients.”

They conceal the efficacy of hydroxychloroquine (HCQ) combined with either azithromycin or doxycycline and zinc.

HCQ has been around for decades. It’s widely available in generic form, cheap, and safe when used early after covid infection is diagnosed.

It cures the disease safely, avoiding inoculation with an experimental, high-risk to health covid vaccine.

James Fetzer on his website jamesfetzer.org published information by Russian toxicologist Igor Shepherd who’s lived in the US since 1993.

In his professional judgment, experimental covid vaccines about to be rolled out are “genocidal bioweapon(s).”

He called Trump a traitor to public health, safety and welfare by “participat(ing) in the lockdowns...(social) distancing and civil rights violations...”

He and other US officials are “on board with the World Economic Forum and (its founder) Klaus Schwab and other global leaders in pushing forward a (Great Reset) New World

Order.”

Its aim is transforming the world community of nations into dystopian ruler-serf societies — that includes mass vaxxing against covid.

“The vaccines have nothing at all to do with our health...everything to do with controlling our minds and bodies.”

“They are part of the pre-planned hoax pandemic with which to undermine our way of life in every aspect we can imagine.”

“They will control what we eat, where we go, what we do, and how we think if we do not rise together in unity and push back.”

“They know that as they continue to strip Americans of more freedoms, there will eventually be a huge opposition of armed Americans rising up.”

“Vaccinating the population rapidly (Operation Warp Speed) ...is a brilliant tactic with which to take out hundreds of thousands of citizens without firing one shot.”

“Injecting them with toxic or DNA-altering vaccinations would slowly paralyze the nation and allow for the completion of the New World Order’s Great Reset.”

A Final Comment

Heed the above warnings by medical and scientific experts — likely the most important ones you’ll ever hear about how to protect human health and welfare.

DO NOT — REPEAT, DO NOT BE A HUMAN GUINEA PIG FOR INOCULATION BY EXPERIMENTAL/HAZARDOUS TO HEALTH COVID VACCINES.

One more thing by Dr. Shepard on the hazards of face masks:

“Only tyrants and people who hate humanity would force young children and the elderly to be deprived of the vital oxygen needed to ensure good health.”

“Causing everyone to give up their rights to breathe fresh air is absolutely diabolical and insane.”

“And yet, these madmen running our country are getting away with all of these civil rights violations because the citizens are allowing the travesty without a peep of defiance.”

Extended face mask-wearing is harmful to human health.

It’s ineffective in preventing exposure to covid spores that penetrate porous masks.
