[Big Tech's Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

In this article I provide extracts from my book [No Worries No Virus](#). The book details:

- comprehensive evidence of the Covid-19 hoax;
- technical analysis and evidence showing that a Covid-19 virus causing disease simply does not exist (no evidence of being isolated, ever);
- evidence the pandemic situation was planned with a purpose;
- analysis indicating the Covid-19 death numbers are fraudulent;
- flawed modelling and false case numbers used to justify world lockdown;
- the fraudulent Covid-19 PCR test used to create false case numbers;
- the work of Dr Stefan Lanka and other experts demonstrating that pathogenic viruses causing disease do not exist - virology took a wrong turn
- relevant world events between 1913 to 2019 that help one gain a deeper realisation of the agenda behind the Covid-19 world lockdown;
- analysis of the World Economic Forum technocratic reset agenda.

Definition of a Pandemic Was Changed by the WHO - It's a Pandemic Even if No One Dies

A crucial step in implementing the Covid-19 pandemic hoax was that the definition of a pandemic needed to be significantly changed prior to Covid-19. The WHO advisory group needed to be able to declare a pandemic even when there was not an enormous number of deaths and illnesses obvious in the community. They did this 14 years ago, just prior to the swine flu pandemic hoax by removing the requirement "for there to be enormous numbers of deaths and illnesses to an infectious agent". The new definition simply states "a global pandemic can be declared when there are more cases of that disease than normal". The reason for this drastic change of definition was never explained. In this new definition, any

flu could be quickly turned into a pandemic. Thus, a pandemic could now be declared even if no one was dying from the disease.

Remember the 2009/2010 Swine Flu Hoax - A Trial Run for the 2020 Covid-19 Hoax

The WHO had persuaded countries, including Germany and Ireland, to agree to purchase vaccines if a pandemic was declared. With this new pandemic definition in place, the WHO, which is an organisation closely linked with the vaccine companies, declared the swine flu pandemic in 2009 with absolutely no evidence. The result was that swine flu vaccines were sold to governments on the basis of 'sleeping' contracts in which governments had agreed to purchase vaccines in the event of a declared pandemic. However, the swine was by no means the deadly killer virus that the pharmaceutical corporations and the WHO stated it was. They predicted millions of deaths 'if' people didn't get vaccinated, but in reality, there were hardly any deaths from swine flu at all, if any. Sound familiar?

In Germany, the virologist, Mr. Drosten, was one of those creating panic in the population, repeatedly stating over and over again that the swine flu would kill millions of people. This corporate hoax was exposed by Dr Wolfgang Wodarg, who was a member of the German Bundestag.

Most of the German people rejected the swine flu vaccine and millions of doses of the vaccine had to be destroyed. In 2010, the Irish government was also obliged to purchase several million vaccine doses for the H1N1 swine flu.

The so-called 'expert advisors' that advised the governments were later exposed. It appears they had received large 'kickbacks' from the swine flu vaccine manufacturers[1]. This appears to have been a clear case of rigged market fraud producing billions of dollars of profits for pharmaceutical companies, whilst the taxpayers of these countries footed the bill. However, no-one was held to account. Could this have been a trial run for the 2020 Covid-19 hoax?

The Covid-19 pandemic appears to have been a repeat of this formula on a worldwide scale to create a rigged market worth potentially trillions of dollars via the sale of over 50 billion vaccines; and to create fear and social chaos. This facilitated increased government control via so-called health measures including mass vaccination.

Note also that in Germany the Covid-19 pandemic appeared to have been declared based on one opinion - the same person as in the swine flu hoax. In March, 2020, the German Bundestag announced an Epidemic Situation of National Importance, and, based on this announcement, all essential constitutional rights were suspended for an unforeseeable time. It appears that this government decision was based on only a single opinion, i.e., that of Mr. Drosten, and was, therefore, a violation of the principle of listening to both sides before making a decision. It appears that Mr. Drosten is the same person whose scare-mongering tactics were central to the swine flu hoax/corporate scam 12 years earlier.

Creating Invisible Enemies - 'Viruses' Become Enemies of the World's Governments

After the so-called 'fall of communism' in The Soviet Union in 1990, the NATO powers had no more enemies left to fight. However, the military-industrial complex of mega-corporations

needed countries to have 'enemies' so that heightened tensions and even wars might take place. The obvious outcome of this ratcheting up of geopolitical tensions invariably leads to vast arms sales and increased military budgets being justified. Communism in The Soviet Union was to be replaced by a more capitalist system, and the elites realised that they were running out of enemies that would justify vast government expenditure on military contracts.

[Aside: The deeper story of the connection between western capitalist banks and communism in Russia is referred to in my book [Transcending the Climate Change Deception Toward Real Sustainability](#). Both capitalism and communism have been, in reality, just tools used by a group of financialists that control world banking (commonly referred to as globalists) to achieve their plans of controlling the world's wealth and resources.]

Enemies have often been fabricated or 'hyped-up' in order to create fear, anger, and angst amongst the general population, thereby justifying vast amounts of taxpayer's money/government funding being spent on military-industrial projects.

"I'm running out of Demons" - Colin Powell, US Secretary of State, while attempting to justify a \$300 billion military in the post-cold-war era

The owners of the mega-banks and mega-corporations of the military industrial complex are the real winners of every war as wars create vast debt and require huge amounts of industrial production. By 1990 it was time to 'create' more enemies. These enemies were to be terrorists and invisible viruses. A crisis has to be created that enables, or gives an excuse, for the government puppets to do what has been 'advised' by international institutions of the unelected world government, such as NATO, the UN, the WEF, and the WHO.

After the terrible events of 911, which was clearly a controlled demolition, see the videos in this [article](#), the event appears to have been used as an excuse to launch a 'war on terror' to find 'invisible terrorists'.

My research indicates that the terrible events of 911 were pre-planned as a pre-text for implementing geo-political plans that had been drawn up years beforehand, including the invasion of seven countries in the middle-east. Amidst the ongoing debate about who was responsible for 911, I note that in an interview Dr Alan Sabrowsky, Director of Studies at the US Army War College, 2010, described with astonishing candor intriguing facts on the implication of Israel in 9/11 events that are by and large unheard of in mainstream media[2].

"It is 100% certain that 911 was a Mossad (Israeli intelligence) operation... all of them

(the buildings) were wired for demolition... 911 has led directly to 60,000 Americans dead and wounded, God knows how many hundreds of thousands of people in other countries we have killed or wounded or made homeless, if Americans ever know that Israel did this they are going to scrub them off the earth... the Zionists are playing this as truly an all or nothing exercise..." - Dr Alan Sabrowsky, Director of Studies, US Army War College, 2010

"Every time we do something you tell me America will do this and do that, let me tell you... We, the Jewish people, control America, and the Americans know it" - Israeli Prime Minister, Ariel Sharon

The US then spent years supposedly chasing Osama Bin Laden, who, the world was told, was a terrorist hiding in a cave somewhere. In the US, 'The Patriot Act' was passed in which people's freedoms and rights of privacy were encroached upon, sound familiar? You may recall also that there were months of corporate media propaganda priming the world population for a US invasion of Iraq. During that time, the media had spent months telling the world that Iraq had weapons of mass destruction. However, it was later proved that Iraq had no weapons of mass destruction at all. The invasion of Iraq had been justified by that lie.

The next war was to be germ warfare against an invisible bio-terror, i.e., viruses.

My research indicates that simulation games/pandemic exercises took place from 1999 to 2005, and the Rockefeller 'Lockstep' scenario, a strategy for totalitarian control during a pandemic, was published in 2010. The people participating in these simulation games/pandemic exercises included senior government officials, leading journalists, high-ranking members of the bio-pharmaceutical industry, the WHO, etc., mass vaccinations were a regular part of these simulation games.

According to researcher Paul Schreyer, the exercises were named 'Dark Winter' (2001), 'Global Mercury' (2003), 'Atlantic Storm' (2005), 'Clade X' (2018), and the infamous 'Event 201' (2019)[3]. The pandemic preparedness plans implemented after the so-called real Covid-19 pandemic in 2020 had been simulated and discussed for about 20 years. These previous simulations contained language, such as:

"The question is how and to what extent we enforce these things. How much violence do you use to keep people in their homes?... In the event of a pandemic basic civil rights, such as the right of assembly or freedom of movement could no longer be taken for granted".

Schreyer describes that, in 1998, a chapter titled 'Twenty First Century Germ Warfare', written by Homeland Security's Biodefense Programs Director appeared in a Pentagon internal strategy paper, called 'Battlefield of the Future: 21st Century Warfare Issues'.

That same year, the Center for Civilian Bio-Defense was founded, it is now named the Center for Health Security at Johns Hopkins University. So, now the US had a centre for 'combatting the invisible enemy', i.e., germs, and germs have been 're-packaged' as a national bio-security threat. Note that that this centre was also a partner of the WEF event 201 pandemic simulation games that took place twenty years later in 2019.

Pandemic Exercises Since 1999 - Timeline to Covid-19 Launch

It is described by Paul Schreyer that pandemic simulation symposiums were held in 1999 and 2000, sponsored by the Johns Hopkins Center for Health Security, the US Department of Health and Human Services, and the Infectious Diseases Society of America. In 2002, various governments launched initiatives to improve health security worldwide. These initiatives included testing for a flu pandemic and international level pandemic simulations. In 2003, the pandemic simulation 'Global Mercury' took place. This was a command-post exercise involving Global Health Security Agenda (GHSAG) nations. This group consisted of more than 70 countries, international and non-government organizations, private sector companies that had come together to combat global health threats posed by infectious diseases, as well as the WHO and the European Commission. The simulation included practising getting information to the media and eliminating all contrary information via censorship and 'information flood' strategies. In 2005, the pandemic simulation 'Atlantic Storm' took place. In this one, Madelaine Albright, played the US President.

It appears that all these simulation exercises were also about the removal of human rights, mass vaccination, and authoritarian politics. In 2009, the aforementioned so-called 'swine flu pandemic', a trial run for Covid, was launched in the real world. In 2010, the Rockefeller 'Scenarios for the Future' document was published, which includes the infamous 'Lockstep' scenario.

In 2017, health ministers from the G20 countries met for the first time ever in Berlin and exercised a pandemic scenario of a respiratory virus. In this same year, the International Advisory Board on Global Health was founded, including members from the Gates Foundation and Wellcome Trust. In 2018, another pandemic scenario took place. The title of this one was: 'High ranking elitist sect develop virus to reduce world's population'.

In October 2019, just 3 months before the so-called real pandemic, the infamous WEF Event 201 pandemic simulation exercise took place, this was a high-level coronavirus simulation exercise, and participants included high-level representatives from the Gates Foundation, The UN Foundation, the Chinese Center for Disease Control and Prevention, the vaccine manufacturer Johnson and Johnson, Edelman, major airline corporations, and a former Deputy Director of the CIA.

All these simulations were funded by ultra-rich foundations. Event 201 was attended by top representatives of governments and the ultra-rich mega-corporations of the world. This was their final practice run. Such people are the corporate arms and legs of the so-called elites.

Rockefeller Foundation Rehearsal and 'Lockstep' Strategy for Totalitarian Control

A document by the Rockefeller Foundation over a decade ago predicts, in detail, everything that has happened during Covid-19. It predicted the worldwide pandemic, worldwide lockdown, the collapse of the world economy, and the enforcement of authoritarian control. The document is titled 'Scenario for the Future of Technology and International Development'.

Scenarios for the Future of Technology and International Development

THE
ROCKEFELLER
FOUNDATION

GBN Global Business Network
a member of the Monitor Group

That says it all: ‘a scenario for the future’. It has a chapter called ‘Lockstep’, in which a global pandemic is reported as if it had happened in the past, but which is obviously intended as a rehearsal of a future ‘means to control the population’. The Rockefeller document defines ‘Lockstep’ as:

“A world of tighter top-down government control and more authoritarian leadership”

The ‘Scenario for the Future’ compares two different responses to their predicted pandemic: the US only ‘strongly discouraged’ people from flying, while China enforced mandatory quarantine for all citizens. The US response is accused of being a health danger, while the enforcement of a lock-down is praised. The Lockstep document came to the conclusion that the only way to mitigate a worldwide pandemic was by using China’s hardcore police state lockdown as the model worldwide.

Then in March 2020, after the Covid-19 pandemic was ‘declared’ in real-life, nearly every government implemented almost the exact same plans, at the exact same time, as had been described in detail in the Rockefeller ‘Lockstep’ strategy. This is obviously not by chance or coincidence. The document describes the implementation of totalitarian controls – see a relevant excerpt below:

“The Chinese government’s quick imposition and enforcement of mandatory quarantine for all citizens, as well as its instant and near-hermetic sealing off of all borders, saved millions of lives, stopping the spread of the virus far earlier than in other countries and enabling a swifter post-pandemic recovery... During the pandemic, national leaders around the world flexed their authority and imposed airtight rules and restrictions, from the mandatory wearing of face masks to body-temperature checks at the entries to communal spaces like train stations and supermarkets.”

Obviously, the flexing of authority is the desired response. However, it gets worse, according to this ‘Scenario of the Future’:

“Even after the pandemic faded, this more authoritarian control and oversight of citizens and their activities stuck and even intensified.... In developed countries, this heightened oversight took many forms: biometric IDs for all citizens, for example, and tighter regulation of key industries whose stability was deemed vital to national interests.”

Rockefeller Handbook on Implementing Authoritarian Control During a Pandemic

In the above Rockefeller Foundation scenario, a global pandemic must result in increased control, where people happily surrender their freedom, in order to feel safe again. That was step one. The Rockefeller Foundation then came forward with step two, which was a

handbook on how to implement new authoritarian control systems during a pandemic. This handbook is titled 'National Covid-19 Testing Action Plan - Pragmatic steps to re-open our workplaces and our communities'. The book recommends that all the required control mechanisms and networks are to be in place before the world society is allowed to open up again.

The overall plan becomes clear when you combine the two Rockefeller documents. Firstly, they declare a worldwide pandemic with a coronavirus and conclude what it should lead to, namely, a whole new police-state of authoritarian control based on the Chinese model. Secondly, they give practical recommendations on how to apply this control system. The following are illustrations and quotes from their handbook on authoritarian control:

'Digital apps and privacy-protected tracking software should be widely used to enable more complete contact tracking.... In order to fully control the Covid-19 epidemic, we need to test the majority of the population on a weekly basis.'

In their 'Scenario of the Future', the entire world population should get a digital ID that indicates who has received all the vaccines. Those people without sufficient vaccinations would be denied access to schools, concerts, restaurants, churches, public transport, etc. When the Covid-19 pandemic was declared the above authoritarianism is exactly what seemingly almost all governments called for and implemented.

Why Did Almost All Governments Respond in Unison to the Pandemic in the Exact Same Way?

Why did almost all governments worldwide comply and respond to the pandemic in almost the exact same way and with almost the exact same plans, at the exact same time, as had been described in detail in the Rockefeller 'Lockstep' strategy. **The entire world was placed into 'lockdown', contact tracing was rapidly deployed, and plans for mass vaccination were unleashed everywhere.** It was as if all governments of the world had been hypnotised to move in 'lockstep' by a stage hypnotist. Even a flock of sheep being herded by a sheep dog would not have moved in such a uniform fashion.

After the pandemic was declared 'pandemic preparedness plans' had been put into action. These plans were to be activated in all the WHO member countries when a pandemic was declared. The plans were initially crafted by corporate partners of the WHO, including the Bill and Melinda Gates Foundation, the World Bank, and the International Monetary Fund. The corporate-mass-media played their corrupt part by psychologically priming the populations to hope for mass vaccination to save themselves from supposed impending death.

Various doctors and scientists were pointing out that the Covid PCR test was bogus, but these professionals were not given an input into public policy, nor were they given a platform on corporate and government media channels, and some even lost their jobs. Judy Wilyman, an expert who has carried out PhD research on government rationales for vaccination policy, sums up the situation, as follows:

"The WHO is no longer using objective scientific information in the design of global health policies that all member countries have signed up to under the international health regulations. National governments have lost their sovereignty by signing up to these corporations and this is putting the human race at serious risk to their health and

being able to be controlled and surveilled by the government. “ —Judy Wilyman PhD

Worldwide Contact Tracing Was Not to Control a Virus, It Was an Attempt to Control Humanity

Bill Gates has also talked about the utilisation of a digital ID to control people, asserting that only people who have taken the Covid-19 vaccines should be allowed to travel, go to school, attend meetings, and go to work[4]. Development programs for linking vaccines to digital ID's had already been launched[5], and Gates already has a patent on the technology, called WO2020-060606, that enables the tracing of an individual's body anywhere[6]. Furthermore, Gates had wanted to set up a worldwide monitoring network, which will track everyone who has come into contact with Covid-19[7].

Given the above information it is not surprising that contact tracking and tracing was rapidly introduced after the pandemic was declared, despite the numerous warnings about the threat of contact tracing to human freedom and privacy. In essence, those people aware of the fake pandemic that would not consent to this tracking and tracing, were in a state of conflict with their own governments, their own national institutions, and with almost all of the media.

Bio-metric Technology to Monitor the World Population

Big-tech and big-pharma want all of us connected to worldwide networks that can monitor us constantly. They would like to dictate to us whether we can move freely or not, during so-called pandemics. In 2015, Richard Rothschild patented a method that involves the use of bio-metric technology to transmit a person's health information to 'the cloud', where the data is analysed to indicate whether the person is suffering from a virus, such as so-called Covid-19, see the accompanying screenshot[8].

Why did Richard Rothschild, who is a lawyer, want to do this? When all this data is in 'the cloud', it can be used by the authorities to monitor and control us. In 'the cloud', the data is fed to artificial intelligence computer algorithms. The cloud technology is owned and controlled by big-tech, who we know are already involved in worldwide public-private partnerships with governments, for example, via the mechanisms of the WHO, the WEF, and various foundations. If contact tracing is established long-term, the worldwide monitoring of the population becomes entirely possible. This appears to be the future that these mega-narcissists have attempted to implement.

Coronavirus Pandemic Simulation 3 Months Before the Real Coronavirus Pandemic

Three months before the actual coronavirus pandemic was proclaimed by the WHO, Bill Gates, in partnership with the WEF and the Johns Hopkins Center for Health Security,

organized an event in New York City, called Event 201.

The event was a 'Coronavirus pandemic simulation exercise' and contained the slogan "We need to prepare for the event that becomes a pandemic". Bill Gates organized a practice event for a worldwide coronavirus pandemic, right before the worldwide coronavirus pandemic happened. This was not a coincidence, the Event 201 simulation was in reality planning, practicing, and preparation for the 'actual' coronavirus pandemic. The participants in the simulation event include some of the same people that became deeply involved in fighting the so-called real pandemic and profiteering from it, as well. The following quotes are from the Event 201 Coronavirus pandemic simulation:

"we are at the start of what appears will be a severe pandemic and there are problems emerging that can only be solved by global business and governments working together" - Tom Ingelsby, Johns Hopkins Center for Health Security

"public health agencies have issued travel advisories while some countries have banned travel from the worst affected areas... Countries are reacting in different ways as to how best to manage the overwhelming amount of dis- and mis-information circulating over the internet, in some cases limited internet shutdowns are being implemented" - Coronavirus pandemic news broadcast simulation

"governments need to be willing to do things that are out of their historical perspective - it's really a war footing that we need to be on" - Stephen Redd, U.S. Centers for Disease Control

"the social media platforms have to step forward... partnering with the scientific and health communities to counterweight if not flood the zone of... information" - Matthew Harrington, Edelman

"a step up on the part of the governments on enforcement actions against fake news" - Lavan Thiru, Monetary Authority of Singapore

Shortly after this Coronavirus pandemic simulation, Bill Gates expressed his excitement about selling vaccines in the next year in the following tweet displayed below. In summary, the world's no. 1 vaccine dealer guaranteed a global Coronavirus pandemic to occur in the next few years. He then organised a simulation for an imminent Coronavirus pandemic, stating that vaccines will be the only solution. Subsequently, he then tweets how excited he is about selling vaccines in the next year. About two months after that, the Covid-19 pandemic breaks out. As evidenced in my book [No Worries No Virus](#) the Covid case numbers were false as they were based on the bogus PCR test. Gates then proclaims that the only solution for humanity is to buy his vaccines.

Smoking Gun: \$100 Billion Bill Gates Contact TRACE Deal Six Months Before Covid-19

If you think all the above is a coincidence, then please examine the following conundrum: how can you negotiate a \$100 billion deal involving the by-products of monitoring a pandemic via tracing technology in August 2019 i.e., six to seven months before the outbreak of the pandemic even happens? But that is exactly what Bill Gates did. It appears this smoking gun situation was first reported by experienced researchers John Moynihan and Larry Doyle. They reported how Bill Gates negotiated a \$100 billion contact tracing deal with a Democrat Party congressman sponsor of the controversial testing reaching and contacting everyone (TRACE) act six months before the pandemic occurred[9].

John Moynihan and Larry Doyle described that:

- in the US, the controversial TRACE act was brought before the house by Bobby L. Rush.
- representatives from the Gates foundation met with congressman Rush in Rwanda, east Africa, in mid-August 2019, to discuss who would score the windfall from a government contact tracing program. The event Rush travelled to was underwritten by the Gates Foundation and the Rockefeller Fund.
- Why would you need to establish a government contact tracing program in August 2019? There was no pandemic then and no one was supposed to have even heard of Covid-19 at this stage. Just six months after this reported meeting the so-called pandemic hit and just nine months after the meeting Rush introduced the \$100 billion HR6666 contact tracing TRACE act.
- This established a CDC program for national contact testing and contact tracing. Amazingly, how did they know this \$100 billion contact testing and tracing system was needed nine months ahead of schedule? It appears this 'perfect storm' was in reality a rigged market of corporate profiteering, as mass vaccinations and mass contact tracing were, consequently, in big demand.
- The deal was for \$100 billion for the first year and sanctions "such sums as may be deemed necessary for any subsequent fiscal years during which the emergency period continues". This was, in essence, a blank cheque for a government-controlled contact-tracing system to track people that are 'deemed' dangerous or infected".

Based on the research of John Moynihan and Larry Doyle it appears that the whole situation reeks of premeditated corruption, profiteering, and sinister surveillance."

The WEF Attempted a World Technocratic 'Reset' at the Same Time as the Pre-orchestrated World Covid Lockdown

Note that in March 2020, central bankers launched a planned and co-ordinated financial 'reset' under cover of world lockdown; and Covid-19 was an excuse for an attempted WEF world technocratic 'reset' at the same time as the pre-orchestrated world lockdown.

These topics, including the WEF reset plan for a Fourth Industrial Revolution and the constraints of this so-called new world order technocracy are detailed in my book [No Worries No Virus](#).

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock in our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
