Mobile Data Reveals Someone Who Regularly Visited Thomas Crooks' Home and Work Also Visited a Building in Washington DC Near FBI Office

"Who visited Thomas Crooks' home before he attempted to assassinate President Trump?

Mobile ad data analysis reveals someone who regularly visited Crooks' Pennsylvania home also visited a building in DC near an FBI office.

The Oversight Project identified nine devices linked to AD-IDs that were located at Crooks' home and work within the last year.

Per the Heritage Foundation's Oversight Project: "We found the assassin's connections through our in-depth analysis of mobile ad data to track movements of Crooks and his associates"

"To do this, we tracked devices that regularly visited both Crooks's home and place of work and followed them," the Oversight Project said.

Senator wants answers:

July 22, 2024

The Honorable Alejandro Mayorkas
Secretary
U.S. Department of Homeland Security
2707 Martin Luther King Jr. Ave SE
Washington, D.C. 20528

Dear Secretary Mayorkas:

Since my last correspondence to you on July 19, additional whistleblowers have contacted my office with troubling information about the assassination attempt on former President Donald J. Trump.

Contrary to Director Christie's public statements about the "safety" of the sloped roof of American Glass Research Building 6, one whistleblower with direct knowledge of Secret Service planning for the event alleges that there was supposed to be a law enforcement presence on the roof that day. In fact, the whistleblower alleges that at least one individual was specifically assigned to the roof for the duration of the rally, but this person abandoned his or her post due to the hot weather. The whistleblower further alleges that concerns over the heat prompted law enforcement to forego patrolling Building 6 and instead to station security personnel inside the building.

Additionally, I have heard from a DHS official that Homeland Security Investigations has nearly completed a report on its personnel's involvement in providing security for the July 13 rally. Please furnish a copy of this report to my office immediately.

To inform ongoing investigations, please respond to the following questions by no later than July 26, 2024:

1. If the whistleblower's allegations are accurate, when did the individual abandon the post?
2. Which law enforcement units were assigned to the roof? Please provide all security plans indicating which units were assigned to the roof and the building.
3. Did any law enforcement personnel fail to report to their assigned stations that day?

I await your response.

Respectfully,

Josh Hawley
United States Senator
