***Alberta Premier Jason Kenney** destroyed his political career when he ordered AHS to persecute **Christian Pastors** during the lockdown. It remains the biggest political blunder in history. Jason Kenney cannot show his face in public now, and won't for the rest of his life.*

Alberta Premier Danielle Smith is the first Canadian leader to work with corrupt health bureaucrats (AHS) to have a Canadian doctor (myself) imprisoned for protecting his family. They are demanding that I be imprisoned for 83 days and today they were shopping for a Court date: Jan. 15, 2025.

Why is she doing this? I don't know exactly, but it's an extremely bad sign for Alberta and Canada in general.

UCP is also going after Carrie Sakamoto's COVID-19 Vaccine Injury class action lawsuit, asking for it to be thrown out before it gets heard in Court.

Remember, **Stephen Harper** is pro big pharma, pro mRNA vaccine, pro lockdowns, pro vaccine mandates and pro vaccine passports (pro UN, pro WHO and pro WEF).

Thank you to my local **Shoppers Drug Mart** for the first dose of my Covid vaccine today! I encourage all eligible Canadians to get vaccinated so that we can beat this pandemic.

Big pharma has fully captured Alberta at the UCP AGM - we are now at the mercy of the UN and WHO, who will run this province through AHS, we are headed for lockdowns and mandatory injections maybe by January?

God bless you all who kept Danielle Smith's phone lines ringing all day (780-427-2251) and who are writing her emails, keeping her staff busy.

Mrs. Smith,

As a woman who lived in Saint John, NB for over 13 months because Canada was a safe place to live, and whose mother lived in Alberta for 3 years safely, I am outraged that you, as premier of Alberta, are persecuting Dr. William Makis who is an honest oncologist who also tells the truth about COVID-19.

I'm Cc Dr. Makis and Bcc my other friends in Alberta, because I do not tolerate this action on your part!

You need to drop this action against Dr. Makis now.

Sincerely,

Dear Premier Smith,

I am writing to express my outrage at your persecution of Dr. William Makis, one of the world's most competent and courageous doctors. You should be grateful that he is an Albertan, and proud that he has stood up for honesty in the medical profession. When most doctors were bowing to the corporate corruption and fraud surrounding the covid debacle, Dr. Makis looked deeply into the facts, and realized early on that it was all about controlling the people, not protecting our health. He therefore stood true to his Hippocratic Oath and tried to help people find solutions to any problems we might be experiencing. He fought against the fear mongering being pushed by the "health authorities" and media. He gave people hope and confidence.

To learn that now your government is trying to put him in prison is beyond comprehension. You must put an end to this injustice immediately. You must stand up to the medical mafia and protect Dr. Makis and his family, who have endured horrible threats from the Alberta Health Services (an obviously corrupt organization). It is time for you, Premier Smith, to display some of the courage that Dr. Makis has displayed, and end this nightmare. We, the people, stand firmly behind this wonderful and brave doctor.

You would be wise to consider that it is not only Albertans, but people from all over Canada and around the world who are watching how you proceed with this situation. You have built a good reputation for standing up for common sense and supporting good values. Therefore it is extremely disheartening to see that you would now allow a good, honest doctor to be put in prison for trying to protect himself and his family from threats by a medical cabal.

I can only hope and pray that you will take immediate action to stop this outrageous prosecution.

Thank you for your attention,

Re: Court File Number 1603 18935

What is going on with the provincial government funded attack by AHS against Dr William Makis? I do not support this action at all.

If there is any sense of justice in the Alberta government, this action needs to be stopped immediately. This only furthers the criminal actions of AHS demonstrated over the last several years, and makes the present Alberta government complicit in the action.

Don't get lost in the fine print. Look at the big picture, and the motivations of what is happening. The court process ought to be pursuing all the criminals within AHS who are supposed to be trustworthy, but are not, and who proved that with their support for the fraudulent vaccines and the fake PCR tests.

Instead, here we have the provincial court system supporting charges by the corrupt AHS system, against someone who has been opposing their corrupt actions.

Please advise forthwith of what you are doing to correct this problem.

Dear Premier Smith

Even though British Columbians, we have followed your rise to power closely, seeing you as one with some sanity and common sense coming forth from these last few years of ridiculous lockdowns, coerced vaccinations and now seeing and reading the results of and knowing personally many who have been injured and some who have died from same said vax.

Dr Makis, among many others have been bravely standing at the forefront. He has exposed some very troubling issues within the College of Physicians and Surgeons. Issues that should have been enough to prosecute that group. Just the fact that they upheld the good standing of the 3 Alberta Dr.s involved in child sexual abuse and pornography should be enough.

We ask that you please do what is right. The persecution of Dr Makis and his family is unacceptable.

Some very concerned Canadian citizens,
