Dear Danielle Smith,

This concerned Ontarian does not support your attempt to criminalize and imprison Dr. William Makis. I have been following him for 2 years and he is the epitome of professionalism and is a doctor who takes the Hippocratic Oath to heart. That you are putting him and his family through this, when he could be helping and saving sick Albertans, is upsetting and wrong.

I am an allied healthcare professional and I lost my job in 2022 because I refused the vaccine mandate at my work. It shattered my personal and work life and I became a single mother of two. I followed you closely, Ms. Smith, and routed for you to get elected. When that happened, I seriously considered moving to Alberta.

Reading about what your office has done to Dr. Makis has made me reconsider my plans to move there. With this news, my views on Alberta, "The Texas of the North" have changed. I'm now thinking of leaving Canada altogether.

I respectfully request that you terminate your prosecution on Dr. William Makis before he too decides to leave this once beautiful and free country of ours. Alberta and Canada need Dr. Makis!

Sincerely,

[Redacted Signature]

Dear Premier;

In regards to Dr. William Makis and the action against him, we want you to know that we are in total support of him and his work. In that regard we feel the government needs to step in and stop AHS from persecuting him. That is not the Alberta way of doing things.

As well the AHS and it's power structure needs to be dismantled so the health care industry can get back to the 'for the people, by the people' model as it was intended. It has gone too far off the rails.

We expect immediate action in this regard. There is no time to play politics at this juncture.

Thank you.

This attempt to imprison William Makis is one of the worst examples of abuse of state power I have ever seen. Dr. Makis has been a hero, reporting helpful information to the public over the past 4 years, being widely acclaimed, his work greatly appreciated and he has received numerous accolades. He has committed no crimes, and you want to imprison him? I implore you, you must **STOP** this senseless persecution of an innocent man immediately or you will go down in history as one of the greatest abusers of political power in Canadian history. Only Justin Trudeau, freezing the bank accounts of the truckers and their supporters will live on in greater infamy. You have one more chance to rescue yourself from permanent disgrace. **STOP THIS INJUSTICE NOW!**

Dear Mrs. Smith,

I implore you to end all attempts to prosecute Dr William Makis.

This is nothing but AHS using the Alberta Government in a despicable show of law fare against a doctor who has only spoken the truth.

After refusing bribes and settlements to go quietly, Dr Makis now faces the full wrath of that corrupt body.

Dr Makis has served his patients and this province with honour and great competence.

What kind of precedent will be set with this case??

If you truly stand for freedom, drop this case now.

Sincerely,

[Redacted]

Dear Premier Smith,

I am writing to join the many Canadians expressing their disappointment and dismay at the outrageous persecution of Dr. William Makis.

I thought you believed in freedom of information, informed consent, individual freedom in bodily autonomy, and the importance of seeking the truth.

Science works through questioning and argument, counter-argument and more questioning, constant inquiry and evolving understanding. It's never settled, and no "experts" own it.

Dr. Makis has shown integrity, humility, and above all, genuine concern for the health and well-being of his fellow Albertans, and people everywhere.

His open-minded, intelligent and tireless searching for genuine remedies for COVID and cancer and other illnesses should be celebrated!

Your government should be recognizing his contributions with gratitude and appreciation. Instead he is harassed, vilified and threatened.

I implore you to reverse this outrageous abuse and miscarriage of justice.

Thank you,

Dear Premier Smith:

I, as a Registered Nurse in the U.S., am shocked that your government is trying to imprison Dr. William Makis, an outstanding physician who has helped so many with health issues and who follows the Hippocratic Oath. Please protect Dr. Makis and his family from threats by Alberta Health Services. The world needs many more doctors like Dr. Makis who care about people and their health.

I pray that you will do the right thing and stop the threatening and persecution of an honest and brave physician.

Sincerely,

[redacted] RN
