Activist group Judicial Watch filed a Freedom of Information Act (FOIA) lawsuit against the Department of Health and Human Services (HHS) for all records and communications between the Surgeon General’s office and social media companies about COVID-19 vaccines.

Judicial Watch filed the lawsuit after the HHS refused to adequately respond to a FOIA request filed in March 2022.

The request was for: “All records, including, but not limited to, electronic mail, texts, memoranda, and handwritten notes, of, regarding, referring, or relating to any efforts of Alexandria Phillips, Communications Director, Office of the Surgeon General, to contact any employee of [Facebook](#), Twitter, TikTok, [Instagram](#), Snapchat, Reddit, [YouTube](#), LinkedIn, Tumblr, and Pinterest concerning COVID-19 vaccines.”

Surgeon General Vivek Murthy has previously [called for censorship of Covid misinformation](#). In 2021, he published a report titled “[Confronting Health Misinformation](#),” which aimed to “slow the spread of health misinformation during the COVID-19 pandemic and beyond.”

The report encouraged platforms to censor vaccine misinformation and other misinformation related to the pandemic.

In March 2022, Murthy ordered social media platforms to hand over information about accounts spreading Covid misinformation.

Judicial Watch president Tom Fitton said, “Biden’s Surgeon General is abusing his office to pressure Big Tech companies to censor Americans. This lawsuit aims to uncover the details of this government attack on the First Amendment.”

The Worldwide Corona Crisis, Global Coup d’Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
