In a video uploaded by Democratic Party strategist Simon Rosenberg in 2023, Tim Durigan, the DNC’s lead disinformation analyst, shares a PowerPoint with a sample intelligence report that provides a rare inside look at what the DNC sees as “disinformation”.

THREAT DETECTION: IDENTIFYING RISKS

Example intelligence report

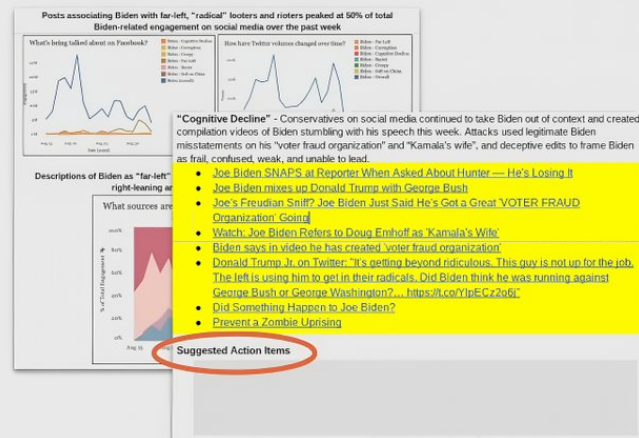

The "Cognitive decline" disinformation intelligence report lists content the DNC calls "out of context" & "deceptive". But nearly every video and article listed is factual reporting, while the rest is opinion & comedy. Let's go through each example, 1 by 1.

Example intelligence report

"Cognitive Decline" - Conservatives on social media continued to take Biden out of context and created compilation videos of Biden stumbling with his speech this week. Attacks used legitimate Biden misstatements on his "voter fraud organization" and "Kamala's wife", and deceptive edits to frame Biden as frail, confused, weak, and unable to lead.

The DNC 1st lists @dbongino's @rumblevideo, "Joe Biden SNAPS at Reporter When Asked About Hunter—He's Losing It". It's a real clip of Biden aggressively denying any controversy involving Hunter. Today, NYT shows if anyone was spreading disinfo, it was Biden, not Bongino.

The Sun's "Joe Biden mixes up Donald Trump with George Bush" video clip is also real and accurate. Incredibly, WaPo claimed Biden meant host George Lopez, when he warned of "4 more years of George". Bush was the last 'George' to serve 4 years in the White House. Not Lopez...

No, Biden did not confuse George W. Bush and Donald Trump

^ **Jean Alesi** 4 years ago (Edited)

Joe Biden said: "Four more years OF George..."

Everybody heard it, and even the sign language translator transcribed it as "..of George".

Therefore Biden really meant George Bush and not "uh, George Lopez" like the article says.

Biden also called Donald Trump "Abraham Lincoln" during the last debate.

I'm sorry to say but this article is dishonest.. which is very disappointing.

@DonaldJTrumpJr's post sharing the same authentic clip also made the DNC's "disinformation" list.

It's getting beyond ridiculous. This guy is not up for the job. The left is using him to get in their radicals.

Did Biden think he was running against George Bush or George Washington?

@BreitbartNews is on the DNC “disinformation” slide with the article “Joe Biden Refers to Doug Emhoff as ‘Kamala’s Wife’”. “My wife Jill...and Doug Emhoff, uh, Kamala’s wife,” Biden mumbled. Biden didn’t correct himself. There’s no deceptive editing in the video or article.

PJ Media: "Joe's Freudian Sniff? Joe Biden Just Said He's Got a Great 'VOTER FRAUD Organization' Going" Again, contrary to the DNC slide, this so-called "disinformation" headline is 100% accurate. Biden said this on the Pod Save America podcast and never corrected himself.

"Biden says in video he has created 'voter fraud organization'", is a perfectly accurate @FoxNews headline. The subhead even explicitly labels Biden's verbal gaffe a "mistake". But, once again the true reporting was placed on the DNC's "disinformation" list.

The DNC also put @RealDonaldTrump's comedic "Prevent a Zombie Uprising" ad in its "disinformation" list but anyone who hasn't had their brain eaten by zombies can see it's clearly satire.

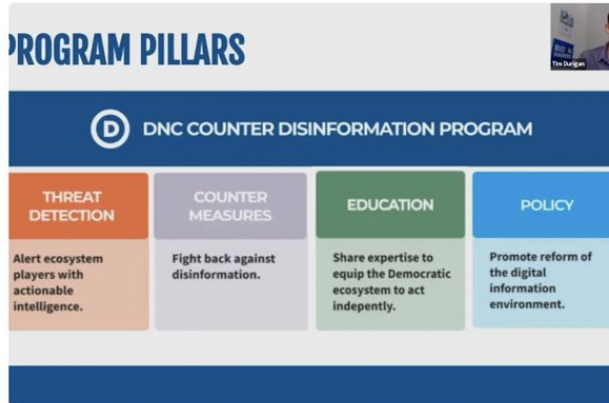

The DNC lists another Trump ad as "disinformation" for simply juxtaposing past Biden clips with clips of the slower Biden in the present.

Despite calling accurate reporting on Biden's brain decline "deceptive" & "disinformation" for 5 years straight, Party elites themselves pushed Biden to drop out after his last braindead debate in June. But the DNC's war on "disinformation" continues.

After his slideshow, Durigan raised the issue of "misinformation" in Latino, Black, & Asian communities. To police discourse in the minority groups, the DNC is working to "build out an apparatus" to infiltrate their "private communications spaces".

In addition to "social listening" (domestic surveillance) and intelligence reports, the DNC operative says the disinformation program provides Democrat campaigns with PR suggestions so they can focus on "what they really need to be doing, which is, you know, raising money..."
