

Does Trump Have Control of His Government, or Is It His Government? Bolton Team is Developing an Excuse to Attack Iran?

I smell a rat. John Bolton, Trump's national security adviser or, more correctly, Israel's agent, has assembled a team consisting of himself, Israeli prime minister Benjamin Netanyahu, Emirati crown prince Mohammed bin Zayed, and Saudi ruler Mohammed bin Salman. These men are Iran's four worst enemies.

Is the purpose of the team is to produce a false flag event that will provide an excuse for Washington to attack Iran. As the Israelis are the most competent members of this team, the speculation is that Israel might shoot down an American aircraft or attack a US Navy vessel, and Washington will have the press/media blame it on Iran.

In other words, a revival of the Northwoods Project that the US Joint Chiefs presented to President Kennedy in hopes of setting up a US invasion of Cuba. (see below)

THE JOINT CHIEFS OF STAFF
WASHINGTON 25, D.C.

UNCLASSIFIED

13 March 1962

MEMORANDUM FOR THE SECRETARY OF DEFENSE

Subject: Justification for US Military Intervention
in Cuba (TS)

1. The Joint Chiefs of Staff have considered the attached Memorandum for the Chief of Operations, Cuba Project, which responds to a request of that office for brief but precise description of pretexts which would provide justification for US military intervention in Cuba.

2. The Joint Chiefs of Staff recommend that the proposed memorandum be forwarded as a preliminary submission suitable for planning purposes. It is assumed that there will be similar submissions from other agencies and that these inputs will be used as a basis for developing a time-phased plan. Individual projects can then be considered on a case-by-case basis.

3. Further, it is assumed that a single agency will be given the primary responsibility for developing military and para-military aspects of the basic plan. It is recommended that this responsibility for both overt and covert military operations be assigned the Joint Chiefs of Staff.

The plot seems already to have been set in motion. Both Bolton and acting Pentagon secretary Patrick Shanahan have announced their detection of a:

"credible threat by Iranian regime forces. We call on the Iranian regime to cease all provocation. We will hold the Iranian regime accountable for any attack on US forces or our interests."

To be clear, the “threat” and the “provocation” are not identified. But they are somehow happening even though no news services and no governments anywhere in the world, excepting Washington, Israel and Saudi Arabia, are aware of the “escalatory action from the Iranians.”

Bolton has sent an aircraft carrier strike group and bomber taskforce to quell the unidentified “threat.”

It turns out that the Iranian threat to America was uncovered by—you guessed it—Israel.

The Iranian foreign minister, Javad Zarif, has denounced the false accusation against Iran as fake news to justify an attack on Iran.

Secretary of State Pompeo added his accusations against Iran:

“It is absolutely the case that we’ve seen escalatory action from the Iranians, and it is equally the case that we will hold the Iranians accountable for attacks on American interests.”

CNN furthered the false flag event by quoting “unnamed officials” confirming that the US had “specific and credible” intelligence that Iranian forces were targeting US forces.

Here we go again. Sounds exactly like “Saddam Hussein’s weapons of mass destruction,” “Assad’s use of chemical weapons,” etc., etc., etc.

Possibly this orchestration is designed to provoke Iran into ceasing to comply with the Iranian nuclear agreement. The US attempted to wreck the agreement by pulling out of it, but Iran and the other governments that signed the agreement—France, UK, Germany, Russia and China—have continued to respect it. If Washington can provoke Iran into pulling out of the agreement, Washington can isolate Iran by depriving Iran of Russia and China’s support and Europe’s opposition to the US sanctions.

Possibly Russia, China, and Europe will not be misled by Washington’s ploy and will stick with Iran, as war with Iran is in no one’s interest except the rulers of Israel and Saudi Arabia.

The shamelessness and audacity of John Bolton are extraordinary. After decades of Washington and Israeli false accusations and orchestrated events to overthrow governments in the way of Ziocon agendas, here we witness it all over again.

Success breeds success. If the Russian and Chinese governments do not have sufficient awareness of reality to let the warmongers in Washington know that there will be NO attack on Iran, Russia will be next, and then it will be isolated China’s turn. Russia and China cannot escape Washington’s hegemony by allowing it to succeed.

If Bolton and Netanyahu’s plot succeeds, Iran will be the last step before nuclear war.
