[Kiev forces shell nine Donbass settlement areas](#)

Ukrainian armed formations delivered strikes at the areas of nine settlements in the Donetsk and Lugansk People's Republics within two hours on Thursday morning, expending some 160 rounds of ammunition of calibre over 12.7mm, the DPR Office at the Joint Centre for Control and Coordination (JCCC) said.

The strikes were delivered between 5:32 and 7:42 at the areas of of the following settlements: Kominternovo, Oktyabr, Novolaspa and Petrovskoye in the DPR and Veselenkoye, Donetsky, Zolotoye-5, Nizhneye Lozovoye and Sokolniki in the LPR. The enemy used 120mm and 82mm mortars (expending 67 rounds overall), grenade launchers (90 rounds) and high calibre small arms, the JCCC said.

The package of tighter ceasefire control measures has been formally in effect in Donbass since July 27, 2020. The document bans, among other things, the use of weapons, deployment of hardware next to settlements and engineer works at troops' positions. Tensions in Donbass mounted after the New Year and Christmas holidays.
