This is democide in plain sight. It was planned and is still being planned. It is part of a Big Project called The Great Reset, alias UN Agenda 2030, reflecting an illegal pact established between Klaus Schwab, CEO, WEF and Antonio Guterres, UN Secretary General.

The project was meant to be of biblical, historical size, of eschatological proportion. The Judo-Christian religion is sacrosanct. It is dominated by Jewish-Zionism, and the whole western world is beholden by and submissive to the Chosen People.

Gaza: Don't let them get away with it

Latest reports this morning, November 1, 2023, Israel has attacked a refugee camp in northern Gaza. The mainstream talks of dozens of deaths. The reality is probably much worse. How many of them are children?

The war escalation in the Middle East does not stop. The killing increases almost exponentially, to the point of "no return", meaning that the threshold of "beyond salvation" has been crossed.

Food and water deliveries, partial re-instatement of communication, do not make a difference anymore. The infrastructure to cook, to distribute food and water, to attend to the wounded, to communicate - even to bury the death - has been destroyed.

The Israeli, especially Netanyahu, and of course his western allies, the US and Europe know that very well. Once destruction beyond salvation has been reached, they may allow a ceasefire, negotiations and even permit opening the borders to Egypt and Jordan, so that Palestinians from Gaza, the survivors, broken to the core, but still able to walk, may escape to the Egyptian Sinai desert, and those from the West Bank, to western Jordan.

Under the “Peace Accord” between Egypt and Israel, Egyptian **President Abdel Fattah el-Sisi**, may even agree to build a tent city for Gaza refugees. They will call it temporary. But every clear-thinker knows that from there the Palestinian refugees will never be allowed to return to Gaza, nor to what their true homeland is - to historic Palestine.

That is the first step towards the Greater Israel. First by extermination, then by expulsion by any means. Expulsion of Palestinians from THEIR historic territory. They have nowhere to go. See this by [Chris Hedges](#).

Expulsion by the “Chosen People” the Zionists, who condemn and even ask for punishment of anybody who they consider an antisemite.

There are no antisemites to speak of. The most blatant antisemites are the Zionists themselves - people like Netanyahu, who are about to drive Israel as a nation into the ground, possibly into oblivion.

Jordan’s **Queen Rania** calls out the world’s glaring double standards, in an extraordinary CNN interview. See below.

Some of the world’s defenders of ethics and peace start standing up. They are those who still insist on thinking freely, and whose conscience is clicking. Their numbers are increasing. Of course, not the Washington empire and its spineless slew of European vassals.

But there is at least one EU member country’s Government, with a minister who is no longer keeping quiet. As a first in Europe, Spain’s Minister of Social Justice, **Ms. Ione Belarra**, implores the Europeans non-action on this mass-murder executed by Israel’s IDF and the almost unilateral support for Israel. She calls the European leaders as not being up to “the gravity of the circumstances,” and thereby being “complicit in this planned and ongoing genocide.”

She wants European countries to break diplomatic relations with Israel and imposing economic sanctions on PM Netanyahu and his entourage. See [this](#).

Latin American countries, **Bolivia, Colombia, and Chile**, have just severed diplomatic relations with Israel.

Mr. Putin exclaims, the Gaza horror cannot be justified. There is no excuse for Israel’s indiscriminate bombing of Gaza. See [this](#).

Close to 4,000 Palestinian children killed in just over three weeks by Israel.

In this horrifying democide war, children suffer the most. They are the most vulnerable and most affected, along with women, in any war, but in this aggression against a locked-in people, where targets are hospitals, schools, civilian habitats, roads and other infrastructure, children are being indiscriminately targeted. About 40% of all the deaths, by today close to 9,000, are children.

UNICEF calls on the world: Children in Gaza desperately need lifesaving support.

“Children and families in Gaza are caught in a catastrophic situation.”

“More than two weeks into the war, thousands of children have reportedly been killed and thousands more injured. Children and families in Gaza have been cut off from water, food, medicine, and other essentials, including safe access to hospitals, following escalating hostilities. UNICEF is calling for an immediate humanitarian ceasefire and for unrestricted humanitarian access to allow aid to reach children and families in need, save lives and prevent further suffering.”

Instead, Robert Francis Kennedy Jr., the founder of *Children’s Health Defense*, as of this moment unambiguously supports Israel vs. Palestine. Does his undivided support for Israel make RFK Jr. complicit in the murder of Palestinian children?

Presidential candidate for 2024 US elections, RFK Jr’s stance of “conviction” (his own words) for Israel is a deception for millions of people, not only in the US, but around the world – for all those who trusted his integrity and saw him as a possibility for change in the US of A.

Talking about the Holy Land, Palestine with biblical background, Netanyahu’s crime is, indeed, of biblical proportions and needs to be brought to justice.

Simplicius talks about a world plummeting into *eschatological* frenzy. Officials worldwide are dropping their masks, and inadvertently revealing the biblical strain of the conflict.

Eschatology is the doctrine of the last things, a western term, referring to Jewish, Christian, and Muslim beliefs about the end of history, the resurrection of the dead, the Last Judgment, the messianic era, and the problem of theodicy. See [this](#).

According to *Simplicius*, many “political figures now soak their proclamations in Biblical reference and allegory. The foremost of which was Netanyahu, who has now invoked an assortment of Biblical prophecies as dog-whistles to stir his people into an eschatological frenzy. He frames the conflict as that of “light” versus “darkness” and good versus evil, painting the Palestinians as the Children of Darkness to be vanquished by the Chosen Ones.” See [this](#).

Don't Let Them Get Away with It

The era of *NOW* – is, as often before, one of peoples lost in a turbulent world of controversies, of *Orwell's 1984* style – where good is bad and bad is good. Confused – wantonly confused, as the Masters of the Universe gain more and more control – marching towards and into well-controlled worldwide killing fields.

This is all planned by long arms and hands – and inhuman brains, some may call them evil brains. Looking at the Big Picture of things – even of relatively recent history, manmade *eschatological events* were already dotting Mother Earth in the last hundred-some years around the globe.

None of the genocides were mistakes. They were planned.

The Armenian Genocide was not a mistake.

Holodomor (death by hunger, in Ukrainian) was not a mistake.

“The Final Solution” (Holocaust) was not a mistake.

“The Killing Fields” (Cambodia) was not a mistake.

Name any genocide, including the Big Democide of the 2020s, it was not a mistake.

To imply otherwise, would be giving them the OUT, they are seeking.

It was not botched, it was not bungled, it was not a mistake.

It was not incompetence. It was not lack of knowledge.

It was not spontaneous mass-hysteria.

The planning occurred in plain sight. The planning is still occurring in plain sight.

Don't let them get away with it.

Don't let them get away with it.
