*Polymerase Chain Reaction (PCR) tests are not scientifically suited for “COVID-19” diagnostic purposes. (1)*

*Governments and media, however, are using results from these tests, and manipulating results from these tests, to create fear and to drive hidden agendas.*

We have seen this before, though on a smaller scale. A 2007 New York Times article, “Faith in Quick Test Leads to Epidemic That Wasn’t”, recounts that epidemiologists and infectious disease experts admitted that they “placed too much faith in a quick and highly sensitive molecular test” that contributed to unfounded fears that a “whooping cough epidemic was afflicting the Children’s Hospital in Boston.” (2)

The same unfounded, fabricated fears are essential to the Globalist Covid Operation, for which censorship and the amplification of false data are integral parts.

In April 2020, **Dr. Annie Bukacek** was among the first to publicly shine a light on the real virus currently plaguing humanity, which is the Global Reaction to COVID-19, and not the alleged virus itself.

The real disease, argues Bukacek in the following interview with [kla.tv](#), is that “we have allowed elected and unelected bureaucrats to take our freedoms.” They have abrogated our rights to work (as the economy implodes), to worship, to peacefully assemble, and to visit our loved ones in Long Term Care facilities. In fact, most people are embracing the losses of freedom that they once cherished.

Manipulated test data are not the only culprits. CDC guidelines and administrative pressures have resulted in a “skewing” towards COVID on Death Certificates, wherein presumptions of COVID or an assessment that COVID may be a contributing cause of death, are marked as COVID deaths.

Car accident deaths and gunshot deaths have been marked as COVID, she says.

She notes too, that cash-starved hospitals, that have been cancelling scheduled surgeries for months, receive an extra \$13,000.00 for a “COVID” patient, and an extra \$39,000.00 if the patient has the misfortune of being placed on a ventilator.

The Global Reaction to COVID-19 is creating untold misery, and untold excess deaths. Dr.

Bukacek and others have been painting an accurate, evidence-based assessment for months now, but the world refuses to listen.
