Hard hitting news anchor Grant Stinchfield called out the College of Physicians and Surgeons of Ontario (CPSO) for unfair review procedures in the case of Dr. Mark Trozzi, an emergency physician with an excellent clinical track record. The College spent hours trying to discredit Dr. McCullough in the witness chair and would not put a single substantive question to Dr. McCullough about Dr. Trozzi’s clinical practice or care of COVID-19 patients.

The CPSO closed out their last day of of the trial while Trozzi has been suspended from practice for 6 months. The College has intentionally delayed proceedings to cause huge fines, greater loss of income, and destroy Dr. Trozzi’s ability to keep his career on track. This investigation should have taken a few days at the first instance of an issue raised by CPSO.

Please watch this 10-minute interview where Stinchfield has Dr. McCullough give some key updates on autopsies of COVID-19 vaccine victims and much more.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects

humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."
